

EAA 677
August Meeting
Columbus, GA

83

MEETING NOTICE

Thursday, August 11th, 7:30, First Federal Building,
Bealwood Connector.

PROGRAM

As most of you have heard by now, Columbus Metro Airport is planning an AVIATION DAY Sunday, August 21st. President Vernon and others have been at work planning activities which our chapter can participate in during this event. Charles Hannah has secured a large part of West Point Pepperell's hangar for our use (displays and related activities). There is a possibility that the chapter may be able to organize a fund raising activity to conduct during the afternoon.

ALL OF THE ABOVE IS LEADING UP TO THE FACT THAT WE NEED TO GET ORGANIZED!

Our program time will be spent detailing activities and responsibilities for hopefully all members. Factors to be considered are transportation of displays, man-power for security, man-power for public relations, possibility of soft drink sales, and many other activities.

PLEASE PLAN TO ATTEND THIS MEETING AS WE NEED YOUR INPUT AND MAN-POWER FOR OUR ACTIVITIES.
