

### March Meeting

To be held on Thursday, March 14th at 7:30 PM at the First Federal Savings and Loan on the Bealwood Connector at Whitesville Road. We are hoping to have a speaker, who should prove to be interesting. In the event that we are unable to obtain the speaker we hope to have a movie of some sort.

### Eufuala Dinner Flyout

As we agreeded at the last meeting, we will have (weather premitting, of course) a flyout to the Eufuala Airport where everyone attending should enjoy a fine dinner at the Airport Restrauant. The restrauant advises that if we show up between 7:30 and 8:00 PM EST ( thats 6:30-7:00 Eufuala time) we should experience the least problems in getting tables. The food is excellent and they also have a salad bar. Tenative plans are to depart CSG-VanDusen about 7:00 PM. Hope to see you all there.

### Committees

In order to stimulate some organization and activity a Program committee and a News committee are being created and we would like to ask the following people to help provide ideas, news, speakers, programs, etc. for 1985.

Program: Dick French, Don Breeden, Bob Grier, Leroy Storey, Vernon Prater, Gordon Flournoy.

Newsletter: Skip Barfield, Harold Buck, Roy VonBoken, Perry Thomason, and Ray Allen.

If everyone would spend a few minutes in the next several days contacting others in their committee possibly some ideas, etc, could be presented at the march meeting. If Bob Grier and Skip Barfield would help coordinate their committees initial activities it would help smooth things until chairmen are selected by each committee. If anyone needs any information or phone numbers, feel free to call me.

### Happenings

Bill Winters reports that he has been doing some flying with the appearance of this fine weather. At the last meeting Harold Buck announced that he was going to fly to Wetumpka, Ala on Feb. 24th, and he and quite a few others did just that, with four full aircraft enjoying the trip. Ray Allen and Ron Dacus have sold their beautiful Cessna 172, and Ray reports that he will be relocating his shop to the Britt David Shopping Center. Other members have also been seen flying their aircraft, lets hope the weather holds out.

### Coming Events

Several things come to mind, the Sun-N-Fun fly-in is March 17-23 in Lakeland, Fla. and there should be a flyin in Warner Robins in mid May and also in Tullahoma, Tenn Memorial Day weekend.

### Columbus Airshow

The Columbus Metro Airport has scheduled an airshow for the last weekend in September, for both Saturday and Sunday with an admission to be charged. Several top acts have been booked and it should provide an excellent chance for us meet the public and show them what we have to offer. Lets begin making plans soon.
