

EAA 677  
May Meeting  
Columbus, GA

### MEETING NOTICE

This month's meeting will be held at the First Federal Building on Bealwood Connector at 7:30, Thursday, May 12th.

### PROGRAM

Dick French, boy photographer, will bring us his slides taken at the Ag Pilot Competition and Air Show held last weekend at Americus. For those of us not fortunate enough to attend, this will be a chance to see what we missed and perhaps get the "go to where the action is" fever for the rest of the fly-in and air show season. Plan to attend!

### CHAPTER NEWS

Harold Buck is making progress on his Soneri II-L. Recent accomplishment is covering most if not all of the structure. How about Leonard Smith's Vari-Eze? It should be getting very close to completion. Hopefully, Frank and Bud can up-date us on their twin Zenairs under construction at Fort Benning during the meeting. Skip Barfield recently visited Jekyll Island in his Aircoupe. A blow-by-blow account of the trip just might be squeezed out of him at the meeting. I wonder if Skip's contention that a stewardess is required by the FAR's on any trip of more than 50 miles is true. Yours truly started to Scottsdale, Arizona in 1313D (Cessna 170A), but was stopped by weather in Monroe, LA. Had to continue on aboard Delta 727 bucking 140 kt. headwinds. Hey, Jack Austin! What's going on with The Waco 10? Hope it's flying regularly and will provide us with some war stories.

### AIRPORT NEWS

None to report this month.

### COMING EVENTS

Fly-Ins continue. This Saturday and Sunday at Quincy, Fla. Tuskegee Ultra-Light get together this Saturday. Luscomb gathering 4th and 5th of June, Calhoun, GA (Mercer Airstrip). Previously mentioned Cessna 195 meeting is getting close at Callaway Gardens. Don't know the exact date, but watch this space for early June details.

WITH ALL THIS ACTIVITY AS CLOSE TO COLUMBUS AS IT IS, NONE OF US HAS MUCH OF AN EXCUSE NOT TO PARTICIPATE IN THE FLY-IN SEASON.

### PLEASE PLEASE PLEASE

Try to get any news to me so that I don't accidentally leave out anyone's efforts or activities. Reach me at home at 561-2618 or at work at 323-7304.
