*Beaver Valley EAA Chapter 68 founded 1958*

The **August monthly meeting** was Tuesday evening, August 3rd, and was held at the east hangars. We had a good turnout with 13 members in attendance. After business was conducted the group was briefed on the finer points from the recent Air Venture extravaganza, attended by some of our members. The weather was decent for the meeting, usually we have some rain, but not this time. The grill was fired and we all had an opportunity for some hangar meeting food. (read burgers, dogs, etc.)

The next meeting will also be held at the east hangar and will be on Tuesday, the 7th, at 7:00 P.M. The day after Labor Day. The grill will be hot and the weather will be good. (I promise). Hope to see you all there.

*The Prez sez...*

September is upon us, and it is time to pack in as much fun as possible before the snow flies! The summer has gone by quickly. Yet, there are many days of flying left. I hope that all of you have had time to relax and enjoy the warmth of summer. Having just returned from a week of sitting on a sand dune in western Michigan, I can tell you that the waves and the sand do wonders for one's overall well being.

On Tuesday, September 7, we will once again have our meeting at Hangar 79 at the Beaver County Airport. The grill will be hot, so bring your own and enjoy yet again the taste of summer. Be sure to bring along a chair and join the rest of us as we review the success of our recent Young Eagle effort engineered by our own Dewey Clawson, and hear about the puppy rescue program, and an as yet to be revealed show and tell presentation.

The meeting starts at 700 pm, I hope to see everyone there.

*Tony*

On the lighter side...

**A World War II pilot is reminiscing before school children about his days in the air force.**

"In 1942," he says, "the situation was really tough. The Germans had a very strong air force. I remember, " he continues, "one day I was protecting the bombers and suddenly, out of the clouds, these fokkers appeared."

At this point, several of the children giggle.

"I looked up, and right above me was one of them. I aimed at him and shot him down. They were swarming. I immediately realized that there was another fokker behind me."

At this instant the girls in the auditorium start to giggle and boys start to laugh. The teacher stands up and says, "I think I should point out that 'Fokker' was the name of the German-Dutch aircraft company"

"That's true," says the pilot, "but these fokkers were flying Messerschmidts."

**A fighter pilot and a cargo pilot are flying around, talking shit to each other on the radio. The fighter pilot goes on about how much cooler he is than the cargo pilot and says, "Watch this, brah!" hits the afterburner, does a barrel roll and then a loop.**

"Top that!" he shouts to the cargo pilot. "Ok, well watch this." says the cargo pilot.

The plane just goes straight for a while. "How'd you like that?" asks the cargo pilot.

The fighter pilot is confused and asks, "What did you do?"

The cargo pilot replies, "I went to the galley and got myself some more coffee."

**Reminders.....**

The September monthly meeting will be at Hangar 79, at the east hangar area at BVI on Tuesday evening the 7th of September, at 7:00 P.M.

Unofficial Saturday meetings are still gathering at Lance's Port, about 2 miles west of Chippewa on Rt 51, each Saturday at 9:00 A.M.

Officers: President Tony Pavilonis, Vice-President Dave Brunberg, Treasurer Dewey Clawson, Secretary Stan Kocuba

Board Members in addition to the current officers: Ed Campbell and Kenny Gray.

Newsletter Editor: Stan Kocuba
