Beaver Valley EAA Chapter 68 founded 1958

December 30, 2021

Vol.5 Issue 60

The December monthly meeting was on December 7, and was held at Roy Early's shop. The next meeting is planned to be the Officer Installation Dinner. This year's venue has not been finalized at the time of this newsletter. An update will be emailed to all members as soon as the information is available. I would like to take this opportunity, on behalf of the officers and board for Chapter 68, to wish all of you members and your families a safe and happy new year.

On a more personal note; I learned that several of our members and spouses, specifically the Hall clan, Dick, Dutch and Dan have all had a covid experience. I'm happy to report that they are all on the mend and doing ok, all things considered. We all at the Chapter hope you have a speedy recovery.

The Pres sez...

Wishing all of you a Happy New Year!

Here's hoping that the coming year will bring a revival of the normal that is long overdue. Soon, the weather starts getting warmer as winter fades and it will be time to think about fly-ins and picnics and outdoor activities again. I look forward to our upcoming monthly meetings where we will explore topics of interest for everyone. What would you like to explore? First flight contingency planning? How to handle the fly off period? Work benches? Shop planning? Tools you gotta have? Maintaining flight currency? Making the build or fly decision? There is so much to consider and so much to learn!

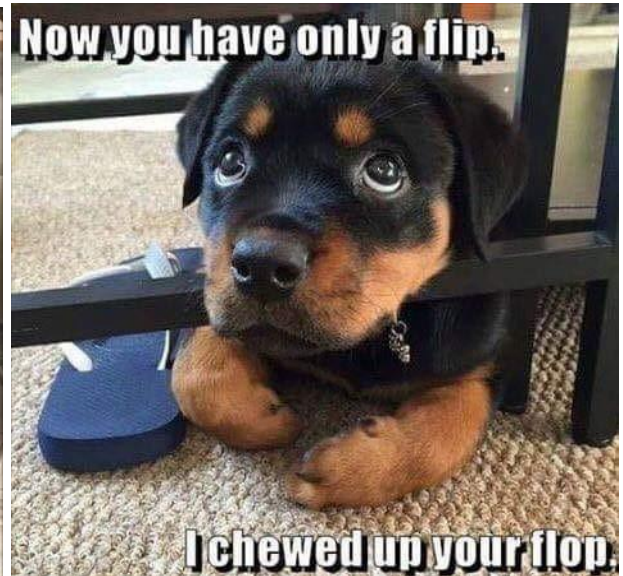

Here's hoping that 2022 will be good for all of us!

Tony

Redneck Mini Blinds, no need to clean or dust em . Just tear off and toss away.

PEOPLE ARE EXCITED ABOUT THE NEW IPHONE BUT NO ONE HAS CAUGHT UP WITH THE AWESOME TECHNOLOGY OF USING YOUR BLINKER WHEN YOU DRIVE.

My grandma talking to my mom about her new hearing aid, "it's the most expensive one you can buy, it cost me \$4,000"
My mom: "What kind is it"
My grandma: "it's 4:15pm"
