*Beaver Valley EAA Chapter 68 founded 1958*

December 3, 2021

Vol.5 Issue 59

The November monthly meeting was on November 2, and was held at the Air Heritage hangar.

The main feature of the November meeting was to officially elect new officers whose terms will be completed at the end of 2021. The positions for Chapter vice-president, treasurer and one board member were determined. The incumbents were unopposed and the members present legitimized the election with a “show of hands” vote. The vote was unanimous in favour of Dave, Dewey and Ed continuing for the next term.

I want to offer my thanks to all who participated.

After chapter business was completed we checked out some of the airplanes and projects inside the hangar.

On behalf of the Board of Chapter68 I want to wish all of you a happy and healthy holiday season.

Next month’s meeting place is to be at Roy Early’s shop (house, not hangar) on December 7, at 7:00 P.M. Directions are posted in this newsletter after Tony’s comments below.

## *The Pres sez...*

Whew! We've made it to the end of another year. What a year it has been. Through the trial and tribulation of a pandemic, a changing political situation, and the uncertainty, we've seen our way to where we are now. All of us strive for a return to normalcy, a way back to the place where we were before. Yet, that place has changed. The old adage that you can't go home anymore reminds all of us that we strive to find a way back to a place that isn't quite the same, and like all of us, has gone through transformation.

Chapter 68 has endured a year that went from no public gatherings to limited accommodation. Going from limited ability to meet to regular meetings again has been a welcome relief from the burden of fear that the lockdown has brought. Last year I awarded the MVP to all of you for sticking with us through the crisis. All of you deserve thanks for bringing us through extraordinary times pretty much in one piece with minimal structural damage! We have seen the resurgence of Young Eagle events, hangar visits, and barbecues. We have listened to interesting and informative presentations that have started or rekindled enthusiasm for our own projects. We have learned from each other. The essence of the benefit we gain from chapter membership is the friendship and the knowledge that we gain from each other. With dark days behind us, I look forward to brighter ones. I look forward to more events in the future. Whether it is with the Young Eagles, or with our hangar sessions, our picnics at the airport, we will find a way to redefine and strengthen who we are. I am glad to tap the enthusiasm that all of us bring to the table. Our Saturday morning informal breakfast gathering has been a big hit where we can bring our significant others and form new friendships. I am hoping to expand our horizons in places we have never been before. I hope to see an expanded presence on our website as well as social media, so that we can enter the new technology age and put away our record player forever. We can sponsor and encourage youth to embark on an aviation career through the Ray Scholarship program that EAA has to offer. I see a future of limitless possibility. With each of you we are throwing more logs on the fire bringing light, warmth, and benefit.

The last meeting of the year is Tuesday December 7, 2021. Come out to Roy Early's home and visit a shop we all wish we could have at 700 PM! Hope to see everyone there.

One more thing. As we close out this year let me say, once again, thank you to everyone for your support and your participation. Merry Christmas and Happy New Year.

On the lighter side...

**Looking for a married woman, recently cheated on, mad and scorned, who is willing to sell her husbands tools for cheap.**

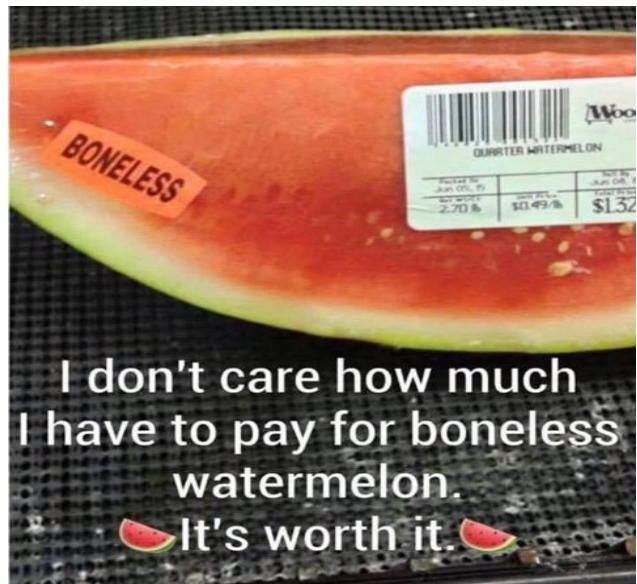

We think we're so much smarter these days, but 50 years ago the owners manual told you how to adjust the valves.

Today it tells you not to drink the contents of the battery.

## WOMAN'S ASS SIZE STUDY

There is a new study about women and how they feel about their asses, the results were very interesting.

**10%** Of women think their ass is too skinny.

**30%** Of women think their ass is too fat.

**60%** Say they don't care, they love him,  
he is a good man and they wouldn't  
trade him for the world.

**If you get a LOAN at a  
bank, you'll be paying  
it back for 30 yrs.  
If you ROB a bank,

**Please be careful of  
holiday scams out  
there. I ordered my wife

they sent me a new gun

## **How to get to heaven from Ireland.**

(A true story from an Irish Sunday School Teacher.)

I was testing children in my Dublin Sunday School class to see if they understood the concept of getting to heaven.

I asked them, 'If I sold my house and my car, had a big garage sale and gave all of my money to the church, would that get me to heaven?' 'NO!' the children answered.

' If I cleaned the church every day, mowed the garden, and kept everything tidy, would that get me to heaven?' Again the answer was 'NO!'

' If I gave sweets to all of the children, and loved my husband, would that get me into heaven?' Again the answer was 'NO!'

I was just bursting with pride for them. I continued, 'Then how can I get into heaven?'

A little boy shouted out; 'YUV GOTTA BE FOOGIN DEAD'

A curious race, the Irish. Brings a tear to the eye, doesn't it.
