Decatur, GA 30033

PRESIDENTS MESSAGE

Bob Barton our V.P. has accepted a job with a company located in Puerto Rico. He says he will be commuting,(?) and won't have time to spare. Good luck and smooth air Bob!

Mac Forbbs has agreed to continue Bob's efforts as chapter program chairman. We really appreciate your help Mac.

At the February meeting, our chapter members voted Donna Forbes as the outstanding contributor in 1988. We will have Donna's name on our plaque at the next meeting. Congratulations Donna.

Chapter 690 Air Adventure Day: (formerly called Super Saturday) we are going with the April 29th date. Publicity and posters will be out in early March.

The kit from HQ includes materials to build 30 wing ribs and hand launched gliders. We will need 10-12 chapter members to assist and guide the young people on Air Adventure Day. This event will take place at Lenora in the hanger built by George Scott, now owned by Phil Chestnut. We will update you at the March and April meetings.

June 10th Air Fair - we continue working toward this event. Harry Goettings is managing the hot dog and drink concession - with one stipulation, he wants a chance to participate in the flying events. No problem Harry.

The airport management is donating a case of oil and 10 gal of gas as a door prize.

We still need: Static display manager
Workshop manager
Publicity manager
Pancake breakfast manager

Our next event is the chili cook off at the Chestnut's hanger at Lenora. This is a family event on Sat. March 11 after the Friday meeting. Several challenges have been thrown down so we will have a

distinguished panel of judges to decide the merits of the various entries. If you want, bring a salad, bread, or dessert instead of chili. It will be much appreciated. Chapter 690 will provide cola beverages. See you there!

Hands on welding Class:

Where: Stalcups Aero Factory

When: April 1, 1989

Who: Anyone interested in learning the basics of welding aircraft steel.

Schedule:

9:30 view welding tape

10:00-11:00 Welding instruction

11:00-12:00 Hands-on

12:00-1:00 Lunch (Chili)

1:00-whenever Hands-on

Any other chapter members who want to drop in for a while to see what's going on are welcome.

Harold Stalcup

EVENTS // FLYINS

March 10, Meeting at St. Mt. Airport. Technical Counselor Night, see "March Program"

March 11, Chili cook-off at Phil Chestnut's.

April 1, Hands on welding at Harold Stalcup's.

April 9-15, Sun N Fun, Lakeland Florida.

April 29, Tentative date for EAA "Super Saturday".

June 10, Air Fair at Stone Mountain Airport.

MARCH PROGRAM

Technical Counselor Night - Ever wonder what the FAA inspector checks when he "signs off" your homebuilt? Does the designer, his plans, or the kit building instructions prepare you for this "sign-off"? Usually not. Do you own or fly "certified" (read factory built) aircraft? What are the maintenance requirements? Can you benefit from the experience of others? These and other questions concerning aircraft airworthiness will be discussed, lead by our chapter technical counselors.

"CLASSIFIED"

SONERAI II PROJECT Professionally welded/rust prufed, fuselage on gear, wing spars ready for mod. Complete kit except for fabric, engine and paint - some extras. \$3,700 Firm. Contact Mac Forbes @ 257-1511 or 993-3411.
