SO SORRY!

Because of vacation schedule and work load there was not enough time to prepare the newsletter as usual. "So Sorry!"

CHAPTER MEETING

This month's meeting will be Friday July 8, 1983, at the Stone Mountain Airport and will be starting at 8:00p.m.

POSSIBLE CHAPTER PROJECT

As discussed at the June Chapter meeting, Boyce Miller has a Porterfield that needs to be restored. Boyce has offered to let the Chapter restore this aircraft as a Chapter Project. All details have not been completed as to whether Boyce would retain ownership of the plane or let the Chapter gain ownership to it. The first thing is to find out if enough members are willing to undertake a Chapter Project on this airplane. And now "For the rest of the story." This aircraft was designed by our own Chapter Member Frank Johnson. What a tribute it would be to Frank to have his fellow Chapter Members restore this Porterfield. If you are interested in working on and flying this aircraft when finished contact Boyce Miller at 294-7670.

TOOLS IN THE CHAPTER STORE

The following list is of tools and materials that the Chapter has purchased:
Electrical Wire: 22ga. @ .05/ft; 18ga. @ .07/ft; Coax RG58AU @ .15/ft.

Tools: Flaring tool; Tubing bender; Nicopress; Tensiometer; Magneto timing light.

If you need to borrow any of the tools or need to purchase any electrical wiring contact Frank Wilcox at 469-9323.
