**S E Iowa Eagles
Chapter 700 News**

The Full Strawberry Moon made its appearance and is now a memory as June weather grows warm and fly ins are popping up everywhere.

Chapter 700 June meeting was held on the 5th, with 17 members in attendance. We discussed the Joe Nuebel memorial which has been designated for training kids interested in Aviation.

Joe had a keen interest in helping kids who are interested in pursuing the science and wonder of flying and has left a generous memorial.

Our Chapter will sponsor a memorial plaque at the Brown Arch at KOSH in Joe's name. A fitting remembrance.

'A place for us to gather and remember Joe with stories and laughter andice cream! Joe would approve!

John Bybee led the VMC Safety Club discussion after the club video.

Rex Ott shared about his latest Morrissey restoration and John Bybee shared videos of his, and Annette's ,visit to the air museum at NAS Pensacola.

This would be a great destination to put on your list this summer.

A couple of local fly in breakfast events to consider flying to **this Sunday** are:

Marion,IA near Cedar Rapids June 30, from 0700 until 1130.

Closer to home at **KMQB (Macomb,IL)**. June 30, from 0700 until 11:00, we are hosting the Lion's Club pancake breakfast (\$10.00 per meal) and American Tractor Show.

Also on the field, special appearances by War Birds and other static displays. I will offer the KidZone Aviation Science and Exploration activities in the big hangar.

I worked at the airport all morning getting teaching materials ready and watched the cleaners and mowers and table movers,etc. all seeing to it that the airport puts on a good face for our guests on Sunday.

Runways at KMQB , 9/27 Asphalt and 18/36 turf.

Pilots eat Pancakes! I hope to see you there.

There will be **no July meeting** as several of us will gather at KOSH for the big show.

The next local meeting will be August 7 at the Green Bay unless someone would like to host a fly in ???

Blue Skies,
LYNNE
