

Experimental Aircraft Association Chapter 713

LeRoux Aeronautics Scholarship

Program Requirements and Instructions for Submitting Your Application

1. The applicant must reside within the Big Horn Basin of Wyoming.
2. The applicant must be a graduate of a Big Horn Basin public or private high school or home school program and be applying for, or already enrolled in, the Northwest College Aeronautics Associate of Science Degree Program that is offered in partnership with Choice Aviation.
3. Since this degree program results in the student graduating with a Commercial Pilot Certificate with Instrument and Multi-Engine Ratings, and since the Commercial Pilot Certificate requires a First- or Second-Class FAA Medical Certificate, the applicant must have acquired a First- or Second-Class FAA Medical Certificate in order to qualify for this scholarship program.
4. The intent of the scholarship is to assist the student in pursuing a career in aviation. To that end, the successful applicant will receive a \$5,000.00 award to be applied toward the semester's tuition and expenses. The applicant may reapply for an additional \$5,000.00 award for each succeeding semester in order to continue the program to completion. The maximum award possible under this scholarship program is \$20,000.00 for four semesters.
5. Applications must be submitted by July 1 for the fall semester and by November 1 for the spring semester. A maximum of two awards will be granted for the fall semester and two awards for the spring semester. All such awards will be contingent upon available funding in the LeRoux Scholarship Fund.
6. An EAA Chapter 713 member will be assigned to assist the applicant in the application process.
7. As part of the application process, the applicant will be interviewed by our Scholarship Committee and be invited to attend a Chapter meeting so that we can meet and get to know you. Meetings are held the second Tuesday of each month and start at 6:00 pm with dinner, at which you will be our guest. During the meeting following dinner, we ask that you introduce yourself and briefly tell of your future career plans in aviation.

8. As a successful applicant, you will automatically become a Chapter 713 member for the current membership year and will be required to attend two or more monthly meetings during the semester.

Experimental Aircraft Association Chapter 713

LeRoux Aeronautical Scholarship Application

The LeRoux Aeronautical Scholarship is a fee remission scholarship in the amount of \$5,000.00 and will be deposited with Northwest College/Choice Aviation. The applicant may reapply for an additional \$5,000.00 award for each succeeding semester in order to continue the program to completion. The maximum award possible under this scholarship program is \$20,000.00 for four semesters. All such awards will be contingent upon available funding in the LeRoux Scholarship Fund.

The scholarship will be awarded after due consideration of the applicant's professional interest in an aviation career, scholastic achievement, character, extra-curricular and community activities.
