### *President's Briefing:*

– *Karl Lampe*

Karl's Korner

Smash Burgers! For those who missed July's meeting, it was definitely another special food day. The weather was wonderful and so was the food. I will be taking that hamburger preparation style to my home preparation. Will stick to the grilling for EAA cook outs as there was a bunch of clean up to the smash style.

There is a call for all "all hands on deck" for the Wings and Wheels planned for Powell the weekend of August 19th. Mike Martin has predicted the potential of 1000 plus attendees. This is far above the usual number so we may be busy in the breakfast arena. Young Eagles program will be in place also, so those who are able and willing, your services will be appreciated. Wings and Wheels is our focus for the August Chapter meeting, so bring your insights to how best to provide our services for the big event. Sunday breakfast attendance has significantly expanded. What was a

normal 9-10, is 13-14. Must be the food.

Be Well. Karl

With the seal coat project completed, the next step in runway and taxiway maintenance is scheduled for some time between Aug 21 and Sep 2. All the pavement markings will be repainted requiring runway closure. Watch the NOTAMs for specific dates and times.

Construction of the T-hangars was to begin July 24. Each complex will include 11 T-hangars and a restroom at the end. Completion is expected by April 2024. With CARES Act funding short for completion of both

sets of hangars, one set will definitely be heated. It is possible that the other will not be heated. If you are interested in renting one of the new hangars, Aaron Buck, Airport Director, is taking names of interested parties, so you are encouraged to get your name on the list. Aaron is expecting rental rates for the heated hangars to be in the range of \$400-480 per month and \$300-380 for those without heat. There are 11 interested parties on the list, so half may already be spoken for. Don't delay if interested. The color was chosen at the July Board meeting. They will be tan with red trim, matching the ARFF (Aircraft Rescue and Fire Fighting) building on the southeast side of the field.

**EAA 713 Monthly MEETING on Tues. August 8 at 6 pm!**

**JOIN US FOR DINNER!!**

**MENU:**

**Taco Bar set up self-serve style with all the trimmings! (meat, cheese, salsa, sour cream and lettuce)**

**Side dishes or desserts will be appreciated!**

**EAA Member Mike Bond is the presenter at the Aug 8 meeting. He will be sharing his Bear Hawk journey, a plane he built from scratch. The project started in a Utah hangar, and upon completion was recently flown to his new hangar in Powell Airport, with the assistance of Mike Martin and John Stephan.**
