President's Briefing:

- Karl Lampe

It is the most festive time of the year! Relish the opportunity to eat well, share the joy of living, and savor each hug. Many thanks to the Stephens' for kicking the season off with the Santa Academy experience at our last meeting. John and Suzanne are such a blessing. Their energy brings out the smiles as do so many of our members. What a great group.

Elections were held at our last meeting. Some changes occurred. Mike Bond has accepted the position, of President. He is another that just brings a smile without saying a word.. I will be the treasurer, so am not totally put out to pasture. It has been a blessing to serve and would recommend everyone to consider the opportunity to serve this organization in the future. Congratulate the other officers and board members who volunteered to continue serving this crowd.

Come and enjoy the Christmas gathering on December 12th! Also breakfasts each Sunday at 0700. Karl

YRA Board News

Slabs have been poured for the two new sets of T-hangars, with the steel expected to be delivered on December 4. Both complexes will be heated and 14 of the 21 units have already been spoken for. Better hurry if you're interested.

Expect runway closures to again be implemented due to the reflective beads in the white lines on the runway not meeting FAA specs for reflectivity. The contractor will have to return to redo them. The work not be done until next spring due to weather.

Photo Editor Input:

I'll let the pictures do the talking, so have a look. It was a great Thanksgiving turkey meal: Thank you John Stephan! and all who pitched in with the other food!

This is the way the turkey arrived.

Going, going, going.....

.....Gone! The turkey as the bird departed...not much left!

Next John Stephan gave a great presentation on all the training required to "check-out" as Santa.

Everyone enjoyed the food and fellowship.

Esther looks pretty happy! 1st solo at 16 – before passing her driver’s license! Congratulations!

Karl ran the election of new club officers in the most diplomatic fashion and followed Robert’s Rules of Order to perfection. There were numerous train operations taking place, but this was not noticed and everything happened according to plan. You couldn’t call it a rigged election exactly as hardly anyone protested. An insurrection was tactfully avoided.

Our new YRA Operations Director discussed current operations on the airport...Thank you!

This is what happens when you're declared the tallest men in the room!

A round of applause for the evening's presentation by John.
