

## **EAA Chapter 723 Flight Training Scholarship Program 2023**

Experimental Aviation Association - Chapter 723 is located at the Camarillo Airport. The Chapter is seeking applications from Student Pilots needing financial assistance in completing their flight training. Three scholarship awards are available consisting of \$2500 per recipient.

Applicants must meet the requirements listed below:

1. Must be at least 17 years of age.
  2. High school diploma, GED, or equivalent.
  3. U.S. Citizens with Social Security Number.
  4. Medical clearance from an FAA-certified examiner.
  5. Passed an FAA Written Exam for the pilot rating within previous 12 months
  6. Active in a Flight Training Program at any program located in Ventura County California.
  7. Referral from a CFI (Certified Flight Instructor) or flight school where the candidate is currently active in flight training.
  8. 2023 Application must be submitted before September 30, 2023.
- Funds will be given directly to the applicant's flight school.
  - Applicants may be eligible for a complimentary membership to EAA 723.
