EAA Chapter 732 March Gathering

A Message
from our
Chapter
President
Rick McKinney

We had a great meal at the last meeting, thanks to Pam & Randy for the chili. Laci Prince gave a good report on the Museum activities and is to confirm the date of the pancake breakfast she wants the Chapter to participate in. That should be in May.

This Sunday Brady Terry with Wings will be our speaker. The shop is always busy and the Wings team is great to have at Drake Field.

Jen & Bill Keating are providing the entree at this meeting, so please bring a side dish. They plan to have beans and weenies.

Lunch at 1:00 meeting at 2:00.

See you at the airport
Rick

Secretary Report: EAA Chapter 732 Meeting 3/20/22

- Meeting location – Drake Field Terminal Building (KFYV)
 - Members and visitors – 25 members and 2 visitors present for a total of 27
 - Lunch – Randy and Pam Doughty provided 2 kinds of chili. Delicious!!
 - Treasure report by Randy Doughty – There is \$1,666.50 YTD in the bank account.
 - Chapter Administration – Rick McKinney - Pres. presided over meeting.
1. Rick M. and Randy R. attended an EAA chapter leadership training session in Bethany, OK. Recommendation was made to volunteer our chapter to host a Pancake Breakfast at Oshkosh as a fundraiser.
 2. Martha and Fred discussed YE Day Camp, displayed an example of the wing rib template ,jig and completed rib. Martha asked for scrap aluminum donation and Rich R. will work with Martha on this. Suggestion was made to hold day camp during AA * MM kids aviation camp(June22-24) or during the Sonex fly-in (June 4) which is being held at the Drake Field Terminal Ramp. Leadership team will discuss and make decision where and when to hold YE workshop.
 3. Brady Terry who was supposed to talk to us today about avionics was sick and unable to attend. Laci Prince was able to step in and gave a presentation on the AA*MM activities. Our chapter has been asked to fly 20 kids on June 22 during the aviation camp the museum will be conducting. The museum is also wanting to hold a fly-in this spring (date to be determined) and has asked for our help and involvement. The museum plans on hosting a warbird weekend sometime this year, no date, or details available yet.

- Young Eagles 2022 by Rick McKinney – Young Eagles day is June 11, 2022. It is looking like Drake Field (KFYV) will be the chosen airport for this event. More YE pilots are needed!!!
 - Who's Been Where - Bill and Camelia Smith flew to Bentonville for breakfast. Steve Bray flew to Kingsley, MO to sample the restaurant there. Randy and Gerald Resh flew to Berryville for breakfast.
 - Project updates – Rich Rost working on his Zenith 650 wings. Bud Keil has nearly completed his avionics upgrade on the RV-4, having issue with one fuel sender and his Garmin GPS module.
- Fred Fallis flew his “tall” grandson as his 1st passenger in the RV-9A.
- Safety – Camelia Smith talked about making sure you have tuned your radio to the correct frequency when flying to any airport especially unfamiliar ones.
 - Next gathering will be Sunday, April 24, 2022 (note this date is 4th Sunday) at the Drake Field Terminal building with a potluck lunch starting at 1pm. Bill Keating and Rick McKinney will be providing the entrée. Our guest speaker is scheduled to be Brady Terry from Wings Avionics.

Fayetteville Drake Field (KFVY)
4500 South School Ave, Fayetteville, AR
Ph 479-718-7642

There will be a limited number of 12 spaces for students between the ages of 12-16 that might be interested in attending the Sonex Fly-In and participating in a build and explore morning of fun aviation activities. We would like to make the event open first to EAA members who might have children, grandchildren, friends or neighbors to whom they would like to invite to the event. The event is free for the children and will be from 9:00-noon.

Likewise if you would like to offer your talent to volunteer that morning and you have completed the Young Eagle background check we promise you will be filled with a great satisfaction that you are sharing your love of aviation with the future of aviation!

Interested? Know a young person who would like to attend?
