## Thank you to the Cogers for Hosting the May Meeting!

Thank you to the Cogers for hosting the May meeting at the Huntsville Airport. It was a great meeting and we had great food.

Come to a meeting and check out the monthly video magazine from EAA Headquarters. It is full of fun and useful information.

=====

On a flight with EasyJet back in 1997 the pilot made what can only be described as an extremely heavy landing at Luton. It was very early in the morning and a number of passengers around me looked quite alarmed as, apart from the noise, a number of overhead lockers dropped open and several items of carry-on luggage were launched down the aisle.

After slowing up, the aircraft turned off the runway and turned towards the stand and over the PA came "Good morning ladies gentlemen, this is Captain Smith, welcome to Luton...and if any of you were asleep...I bet you're not now!"

## June Meeting is in Neosho

The June meeting will be on June 21<sup>st</sup> at 2 pm at Phyllis and Shane McDaniel's hangar at the Neosho airport. This will be a joint meeting of EAA 732 and the Missouri Pilots Association. A Wings instructor will give a 30-40 minute class on preventive maintenance for certified aircraft and open discussion on experimental aircraft. We will have the EAA monthly video also. Don't miss it!

**NOTE: their new hangar is located on the south side of the airport.** Look for the EAA 732 trailer for where to turn to their hangar.

Chicken fingers and dipping sauce will be provided. Please bring a side or dessert to share.

## Farewell to Frank Goodnight

On May 17, we said a reluctant farewell to a member, Frank Goodnight.

## PROGRESS REPORT

Phyllis and Shane McDaniel have been working on a RV-10 for John Walker. They have fitted the wings to the fuselage and are very grateful to the crew that has helped them.

From left to right: John Walker, Alan Smith, Earl Starkman, Frank Klimeck, Rick Wantz, and Shayne McDaniel.

Q: What do you call when you're sick of being in the airport?

A: Terminal illness.

Q: Why don't ducks tell jokes when they fly?

A: Because they would quack up!

Two wrongs don't make a right but two Wrights make an airplane. 😊
