A Message from Chapter 732 President

Anybody had enough of the heat warning this summer. With a lot of us back from Oshkosh it's time to get back to the local stuff. Some of us attended several forums on a variety of topics. We can get a quick recap on those. I found it interesting all the building going on in the chapter. Even more than I realized. Once we get out of the "gates of hell" weather. Let's see if we can setup a few build visits. Thanks Rich

Brodhead, WI Pietenpol Fly-in

I flew my Pietenpol up to Brodhead, WI for the fly-in right before Oshkosh. 17+ hours round trip. We had a great time. One interesting thing we saw there was a TravelAir biplane, complete with tailskid and towhook, towing a vintage glider.
