A Message from Chapter 732 President

Anybody else tired of these 20+ knot winds. I want to thank everyone who helped out on our Chili event last month. It netted \$250 for the bank account. Our April meeting we will have GameBird coming down for a little presentation and bringing one of their planes down. WIND and weather permitting. We've been contacted by a couple of people expressing interest in the chapter and parents with their kids for Young Eagles. I would like to get a group of members who can rotate being greeters at our meetings. Anyone willing let me know. See you Sunday.

Thanks Rich

EAA Chapter 732 - Treasurer's Report, February, 2024

Period: 03/12/2024 – 04/15/2024

Previous Balance: \$2,389.42

Randy Doughty
EAA Chapter 732, Treasurer

FYI: March meal will be provided by Fred Fallis.

Hello everyone. Just a gentle reminder that it is time to pay your 2024 dues. Dues are still only \$20. You can pay your dues at the April chapter meeting or you can send me a check.

If paying by check, make the check payable to: EAA Chapter 732.

Send check to the address below.

I look forward to seeing you at the upcoming meetings.

Randy Doughty

Happy Birthday Andy!

Thank you Andy for always collecting and sharing flying opportunities that we can enjoy. Wishing you the best birthday and many more to follow! 😊

I hope the weather is flyable on Saturday because it is my 83rd birthday. I don't know where the time has gone. I started flying legally in 1960 (I had several hours flying with a crop duster pilot who taught me quite a bit) and had to stop because I could not afford \$4 for the Aeronca Champ and \$4 for the instructor. That was with an Air Force flying club. I resumed in 1985, bought the 1979 Cessna 172 with 295 total hours for \$18,000 and got my private pilot license. I truly love being in the air. For me flying is a stress reliever. I can leave my troubles on the ground and enjoy seeing the beautiful Ozarks landscape from above.

Enjoy,
Andy

When You Need to Fly Somewhere!

AOPA Safely Video

CFIT – What is it and how do you avoid it?

February 1, 2022 by GI Joe posted in [Flight Safety](#).

<https://youtu.be/3G1ubG1cgQA>

Here is a 12-minute video from the Air Safety Institute, made possible by the Canadian Owners and Pilots Association and the Donner Canada Foundation.

For many pilots, accidents involving terrain and obstructions fall into the “can’t happen to me” category. But getting caught in a tight situation is easier than you think, and escape can be difficult or impossible. This video aims to raise awareness of the risks and help pilots recognize potentially dangerous situations before it’s too late.
