A Message from Chapter 732 President

Greetings all. As the holidays approach and temps drop it's time to do some planning for 2024. I hear from different members what they would like us to be able to do. Almost all that takes \$\$\$\$\$. Ray scholarship, Chapter build project, Chapter hanger and more. So what I would like see is some ideas on fundraising. Not just suggestions of what we need to do, but what you're willing to jump in and help with. Fred Fallis will give a short presentation on a group of pilots he is involved with. Hope to see you all at the meeting.

Thanks Rich

FYI: November meal will be provided by Bill & Camelia Smith.

Hello everyone. Just a gentle reminder that it is not too late to pay your 2023 chapter member dues or too early to pay your 2024. Dues are still only \$20. You can pay your dues at the November chapter meeting or you can send me a check.

If paying by check, make the check payable to:
EAA Chapter 732.

Send check to the address below.

I look forward to seeing you at the upcoming meetings.

Flying Safely: Winter Flying Resources

Home

Winter Flying Resources

Flying in winter poses unique challenges for general aviation pilots, ranging from snow-obscured airfield signs and cold airplane interiors to snowstorms and icing conditions. The FAA has a host of resources to help pilots get to their destinations safely throughout the season.
