**April 15th**  
**Arkansas Air & Military Museum**  
**12:00 Food**  
**2:00 Meeting**  
**Bring a dish to go with burgers**

Send newsletter items to: [ea732newsletter@gmail.com](mailto:ea732newsletter@gmail.com)

## A Note From Randy

Well we had snow in April. Hopefully, that will be the end of that nonsense and it will warm up and we can get into fly-in season!

Speaking of fly-in season, at last month's meeting it was decided to host a fly-in at the Air Museum in lieu of our normal meeting this month. Rick Wantz and the McDaniels are going to cook burgers and dogs. Please bring side dishes as normal. For those that can, we will be starting at 12:00. Please come when you can. Rick and I intend to be there by 11:00 to get things set up. I still intend to show the video even if things are busy and if things are slow, we will do our normal meeting (both will be around 2:00 like normal). We will be charging fly-in attendees (but not our chapter members) \$5.00 for the meal and an additional \$5.00 if they want to tour the museum.

We hope this will help attract some new members to our chapter.

See everyone on Sunday!

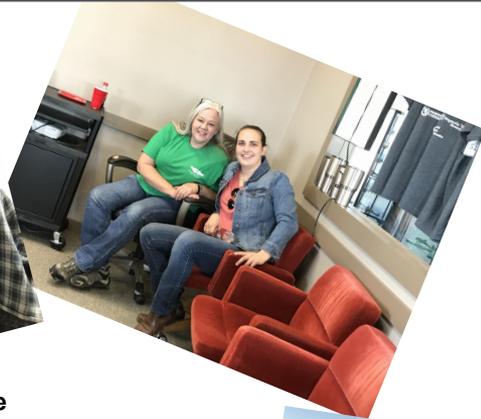

Thanks,  
Randy

MEMBERS DON'T FORGET TO WEAR YOUR NAMETAG!!!

# Fly-Abouts

**Lunch at Berryville  
March 17th**

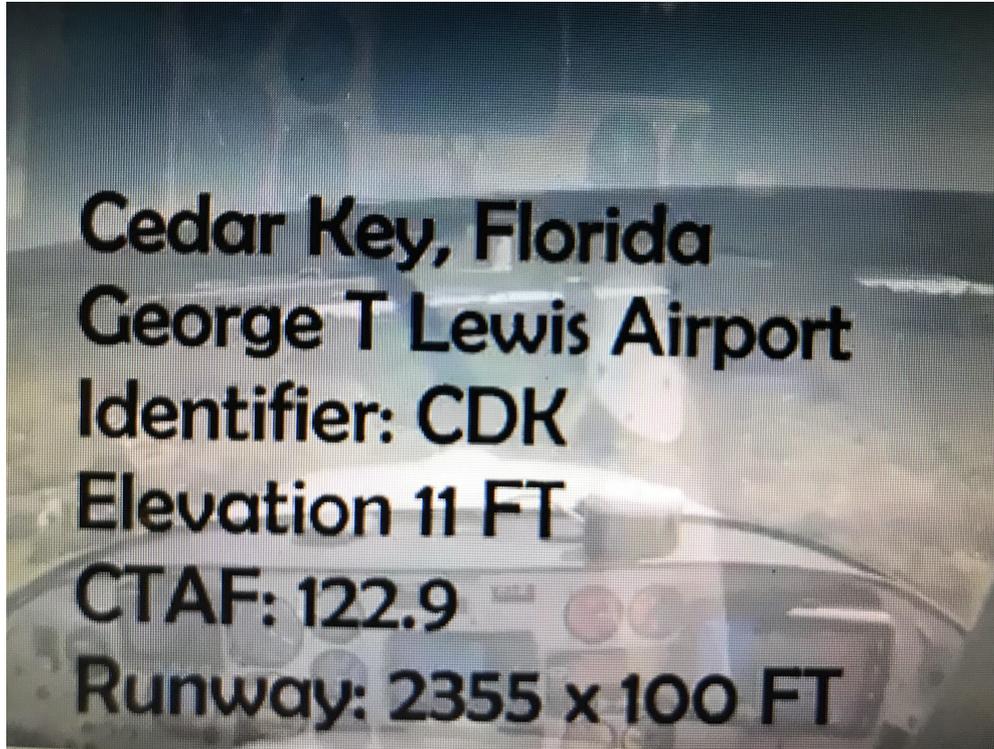

**What a difference a week makes!  
In less than a week with all the rain  
the area around Huntsville certainly  
changed it's color!**

**Nothing like an afternoon flight over  
the lakes in the Natural State**

## Landing a Cedar Keys Video submitted by Alan Smith

Anyone flying to Cedar Keys this Spring? Al Smith submitted this video of a strip that he has flown to a few times. He shared that it looks shorter from the air and that on downwind the runway looks like it is way too short because it is a wide runway.

Be sure and watch all the way to the end of the video!

Click on the link to view the video:

<https://youtu.be/-27ihMCXEx0>

# Outdoor Yard Sale @ Carroll County 4M1

Do you have outdoor recreational “STUFF” that is taking up room in your garage?

Do you want to make room for your new hobby or passion by selling those items?

Would you like to purchase other people’s outdoor recreational “STUFF”?

Could you use a little extra cash by unloading some of your aviation gadgets to help pay for your new ADSB In/Out?

How about making your spouse happy by cleaning out the garage?

**Here’s your chance!**

## OUTDOOR RECREATIONAL YARD SALE

Coming Soon To An Airport Near You in  
Carroll County, Berryville, AR

Do you want to sell your no longer needed **Outdoor Recreational Stuff** and make room in your garage or attic for this years passion? Of course you do. Or buy someone else's stuff? Here is how to make some money, have fun and get rid of that junk.....er stuff.

Do you have a tent, sleeping bag, canoe or kayak or maybe paddles you would like to sell? No? Well then how about an outdoor grill, ice chest, fishing rod or tackle? Surely you have some boots, quick dry clothes, camping gear or a tarp that you would like to see gone. Lawn chairs, hunting gear (sorry no guns) or a bicycle, a trailer, ATV, a chain saw, tools of any kind. A couple of extra duck calls or decoys or something in last years Camo? Got a game camera you no longer need since you are selling your feeder and hunting stand? **SELL IT ALL HERE!** Take nothing back home, except that other stuff you bought.

What about **AIRPLANE STUFF** to sell? Bring that too!

This is where it is happening.....4M1 the Carroll County Airport, 518 Co Rd 308, Berryville, AR 72616.

This event will be held in conjunction with the Yards and Yards of Yard Sales in Eureka Springs on **April 27 and 28** and there will be plenty of space to display your no longer treasured gear. And there is more ..... On Saturday there will be a fly in with lots of **AIRPLANES**. And **AIRPLANE** rides.

One can attend a yard sale in a parking lot or in someones front yard or one can come to an **AIRPORT**. **SEE AIRPLANES. SEE AIRPLANES FLY. HAVE FUN, EAT, BUY, SELL.**

Burgers and Brats will be available for less than you would pay anywhere else. And if you have a food truck or grill, why not come and set it up?

There will be no charge for the set up or spaces. We, and you, will just be glad you came.

## A Golden Message!

# Come Fly With Us At the Flying Circus

We want you to be our guests in Golden the last full weekend of April each year. Can't wait to make memories with you!

**GOLDEN AERODROME**  
at Table Rock Airpark 

**Friday** is the day the event starts to get going. Most people arrive on Friday and set-up camp. This is a great time to get some relaxed flying in. Typically we will have some aviation centered presentations during dinner that often makes us quite proud of those that serve the aviation industry and military. We also like to bring in live music for Friday nights.

**Saturday** is the Main Event! You won't want to miss this... We always start off the day with a good breakfast and then pretty much until Sundown, things are simply going all the time. We always end the day with a gathering that regionally has become a tradition. The awesome party band from NWA, Got It Covered always puts on an awesome show. Check them out at [www.gotitcoveredband.com](http://www.gotitcoveredband.com).

### **BE SAFE!**

Call into Unicom on **122.9** 10 miles out. We have some aerobatic operations planned, and may need to sequence you in. Always be succinct in your communications, but please over-communicate as we all tend to under-listen.

- Monitor and Self Report on 122.9
- Listen 25 miles out, report 10 miles out
- Note: Eagle Rock Bridge, 2.5 mi. W, MO00 3 mi. N
- Use VFR Flight Following to MO32
- Safe Arrivals and Departures are PIC's responsibility
- Be vigilant for non-radio equipped traffic

Important Safety Information:

# Fly About

Submitted by Rick Wantz

I took my friend and co-worker Diego for an EAA Eagle Flight today over Lincoln and Prairie Grove. He kept saying "This is so cool" during the flight. If you are interested in sharing a flight with someone or would like information about the EAA Eagle Flight program please click in link below. Let's not keep the joy of aviation to ourselves!

<https://www.eaa.org/en/aaa/aviation-communities-and-interests/beginners-and-newcomers/introductory-flights-for-free/aaa-eagle-flights-program>

[https://drive.google.com/file/d/1GvY8Qf5Non5G4uc--SdBFtjG\\_qNqdOa/view](https://drive.google.com/file/d/1GvY8Qf5Non5G4uc--SdBFtjG_qNqdOa/view)

## EAA EAGLE FLIGHTS®

EAA's Eagle Flights® is a free introductory flight experience and informal mentoring program designed to welcome and encourage adults who want to discover flying, but don't know how or where to take that first step. It begins with a hands-on introduction, where you'll fly with a local EAA-member pilot who will let you follow along at the controls of the airplane to get a feel for what being a pilot is all about.

After the flight, he or she can help you learn more about how to get involved in your local aviation community, including the next steps you can take on the path to becoming a pilot.

The best part? The whole experience is free. No sales. No pressure. Just a whole lot of fun and education with a big take-home point: Your dream of flying is a lot closer than you think.

## BECOME A MENTOR PILOT

There are many reasons to become an Eagle Flights mentor pilot, but perhaps the strongest and most compelling is to pay it forward to our aviation community. For many of us, having a positive role model may have meant the difference between pursuing our dream of flying and merely wishing we had done so. As an Eagle Flights mentor pilot, you have the opportunity to make that kind of difference in someone else's life.

You have probably provided some informal mentoring to someone in the past. The Eagle Flights program was designed to build on and reinforce the knowledge and experience you already have while offering additional tools and resources to help you share The Spirit of Aviation.

### To fly a passenger in the EAA Eagle Flight® program, you must:

- Be an EAA member.
- Have a valid airman's certificate (sport pilot or greater).
- Possess a current medical certificate (if applicable).
- Be current to carry passengers in the aircraft you plan to use.
- Have a current biennial flight review.
- Conduct flights in an aircraft that is in airworthy condition.
- Have Aircraft Passenger Liability Insurance for the aircraft used (owned, rented, or borrowed).
- Adhere to all applicable Federal Aviation Regulations.
- Complete an Eagle Flight registration form **before** the flight, signed by you and your participant.

## EAA Eagle Flight Participant Benefits

EAA Eagle Flight participants benefits free from EAA.

You'll receive a complimentary, six-month EAA membership shortly after we receive confirmation of your Eagle Flight. As an EAA member, you'll receive six issues of our award-winning magazine, EAA Sport Aviation, as well as a monthly e-mail packed with useful information and tips on flight training, upcoming events in your area, and how to get the most out of your EAA membership.

As an EAA member, you'll also be eligible to join one of our nearly 1,000 local EAA chapters worldwide. These groups are the ideal gathering place for you to meet other EAA members and participate in a variety of aviation events and activities at the local level. Chapter members participate in aircraft building projects, Young Eagles rallies, fly-ins, airport open houses, and even pancake breakfasts.

You will have the opportunity to renew your EAA membership after six months. At a cost of just \$40 a year. It might be the best investment in your new favorite pastime that you'll ever make.

From members- only benefits and flight training resources to countless opportunities to participate in the fun of flying all year long, you'll quickly realize that your EAA membership more than pays for itself time and time again.

For more information about EAA's Eagle Flights program or your EAA membership, or if you have more questions about flight training, please visit [EAA.org/EagleFlights](https://www.eaa.org/EagleFlights) or give us a call at 800-557-2376.

# A Book Worth Your Time!

## Crossing the Horizon

by Laurie Notaro (Goodreads Author)

Soar back to the fearless 1920s with #1 *New York Times* bestselling writer Laurie Notaro—beloved author of *The Idiot Girls' Action Adventure Club*—in a stunning historical novel that tells the true, little-known story of three aviatrixes in a race to be the first woman to fly across the Atlantic.

Ten thousand feet in the sky, flipping and twirling through the air, aviatrixes from London to Paris to New York—fueled by determination and courage—have their eyes on the century's biggest prize. The year is 1927, and Amelia Earhart has not yet made her record-breaking cross-Atlantic flight.

Who will follow in Charles Lindbergh's footsteps and make her own history?

Three women's names are splashed daily across the front page: Elsie Mackay, daughter of an Earl, is the first Englishwoman to get her pilot's license. Mabel Boll, a glamorous society darling and former cigar girl, is ardent to make the historic flight. Beauty pageant contestant Ruth Elder uses her winnings for flying lessons and becomes the preeminent American girl of the sky.

Inspired by true events and real people, Notaro vividly evokes this exciting time as her determined heroines vie for the record. Through striking photos, meticulous research, and atmospheric prose, Notaro brings Elsie, Mabel, and Ruth to life, pulling us back in time as the pilots collide, struggle, and literally crash in the chase for fame and a place in aviation history.

Did you know that the 1st American woman who died trying to cross the Atlantic was born in Cherokee Villiage, Arkansas? Frances Wilson Grayson, the neice of Woodrow Wilson, died c. December 23, 1927 and her body was never recovered. Canada's "Grayson Lake" was named to honor her in 1928.

# Join Andy's Event List

**April 20-21 - Cookson, OK – Tenkiller Airpark (44M)** 29<sup>th</sup> Annual Wild Onions 'N Eggs Fly-in Breakfast 8:00 -10:30AM. Fuel available on the field (cash or check – no credit cards). *Some EAA Webinars qualify for credit in the FAA's WINGS or AMT awards program. Visit [www.faasafety.gov](http://www.faasafety.gov) for details.*

## UPCOMING EAA WEBINARS

4/25/18 7 p.m. [Flying with Aerovie EFB](#) Bryan Heitman  
CDT **Qualifies for FAA WINGS credit.**

*Aerovie entered the electronic flight bag (EFB) space in July 2015 with a popular app to submit and review pilot reports (PIREPs). Later that year, the company added navigation and sophisticated weather visualization tools and the Aerovie EFB became one of the most powerful EFBs on the market for iPad, iPhone, and Apple Watch. As user-friendly as this app is, there is still a lot to learn. Join founder, chief designer, and CFI-I Bryan Heitman, EAA 1120499, as he introduces the new EAA discount and takes you on a tour of Aerovie, including moving maps, terrain, weather, checklists, electronic logbook and track logs, updating charts/plates/diagrams, communications with Dynon, Avidyne, Lynx, a range of ADS-B/GPS devices, and more!*

5/23/18 7 p.m. [TFR and ADIZ: How to Avoid a Fighter Escort](#)  
CDT Douglas Dal Soglio

**Qualifies for FAA WINGS credit.**

*Discover the No. 1 reason general aviation aircraft are intercepted and how to avoid it. In this action-packed briefing, you'll learn practical steps to avoid temporary flight restrictions (TFRs) and what to do if you are intercepted. Join Douglas Dal Soglio from NORAD in an informative and lively session that will keep you out of trouble, and off the evening news.*

# March Meeting

The March meeting was held at the Arkansas Air and Military Museum in Fayetteville, on Sunday, March 18th. President Randy Resh made the introductions of visitors, Martha Molina shared troubleshooting a Stratus battery problem, Bill Smith gave a safety talk encouraging all to get out and fly, Steve Bray shared a video update about the avionics of his project and the monthly video was enjoyed by all.

As Spring creeps in, daylight grows fast  
Just think back to the recent past  
When five o'clock meant twilight

The Spring afternoon skies shine so bright  
There's time after work to seize late afternoon light.  
Think again of the past and relive your first solo flight!
