# EAA Chapter 732 January Gathering

## A Message from our Chapter President

We had a good meeting last month and hearing from Matt Younkin about the "Freight Dogs" program was great.

We are NOT going to have a pot luck at this meeting, just as a precaution for Covid. If the number of cases keep declining, I'm sure we can return to a meal in March.

We are meeting at Drake Field and will be discussing Oshkosh 2022 as our program this time. Also we will be discussing the Ft. Smith and Drake Field runway rehabilitation's which will cause closure of runways at both airports this year.

Remember that the \$20 dues are back in place for this year.

Fly safe & I'll see you at the airport.

Rick

# Secretary Report: EAA Chapter 732 Meeting 1/16/22

- Meeting location – Drake Field Terminal Building (KFYV)
- Members and visitors – 17 members and 1 visitor present for a total of 18
- Lunch – None
- Treasure report by Randy Doughty – There is \$1,286.00 in the bank account.
- Chapter Administration – Rick McKinney - Pres. presided over meeting and introduced Matt Younkin.

1. Matt discussed the “The Freight Dog Files” project he has been working on. The objective of the project is to document and preserve the stories of freight dog pilots from the past. 30- 40 freight dog pilots were interviewed during 2021 Air Venture. Matt told the history of his dad’s Beech 18 and how he was able to track it’s location and owner down and purchase the aircraft. He also discussed the effort it took to get the plane in airworthy condition again and fly it to another location for further maintenance.

2. Martha Molina has received the project material for the EAA kids project workshop and will work with chapter officers to schedule a work session date and location.

3. Randy Resh will get with the local AMA group to discuss ways to collaborate with them on the EAA RC model build project.

- Young Eagles 2022 by Rick McKinney – need more YE pilots. Fred Fallis has agreed to fly YE’s this year in his RV-9A.
- Project updates – Gary Moore – RV-7 is working on his wiring/electrical and hopes to be flying in one year. He is still looking for a hangar. Fred Fallis has flown his RV-9A for 40 hrs. and satisfied the Phase 1 requirements.
- Safety – Bill Smith talked about winter flying and cleaning frost off wings, preheating engine, and dealing with carburetor fires.
- Chapter Video – Jack Pelton talked about the member dues increase from \$40/year in 2021 to \$48/year for 2022. EAA will be offering multiyear dues packages with discounted prices, more on that later. Home builders webinar week is Jan. 24-29.
- Next gathering will be Sunday Feb. 20, 2022, at the Drake Field Terminal building.

## Misuse of Expense Sharing and Understanding Pilot Privileges

Unauthorized 135 operations continue to be a problem nationwide, putting the flying public in danger, diluting safety in the national airspace system, and undercutting the business of legitimate operators.

This email is a follow-on to the May 2020 Informational Pilot Letter and a continuing effort to remind all pilots to be on the lookout for possible illegal operations. This focuses on two ongoing issues:

1. the misuse and/or misunderstanding of expense sharing between pilots and passengers, and
2. the apparent lack of understanding of pilot privileges and limitations versus operating rules.

## CAN YOU SPOT THE ILLEGAL CHARTER?

Flight sharing, air sharing, time sharing or leasing pool—  
No matter how they're disguised, illegal air charters are a threat to safety.

### ATTENTION PILOTS:

**Know your Air Carrier / Operator Certification**

**Part 91** - Generally, cannot be used for compensation or hire.

**Part 119** - requires a part 135 or part 121 Air Carrier Certificate when the aircraft is available for hire for air transportation.

### ATTENTION PASSENGERS:

**Ensure Your Safety**

When hiring an Air Charter, you have the right to see the Air Carrier or Operating Certificate. Ask for it.

If you suspect an illegal charter, report it to [avoidillegalcharter.com](https://avoidillegalcharter.com) or call (888) 759-3581
