## Newsletter of Chapter 75 Quad-Cities of Illinois and Iowa, USA

September 2012

### THE EXPERIMENTAL AIRCRAFT ASSOCIATION

#### From The Desk of the President

The summer meetings – potluck noon meetings have “flown” by in a flash. Thanks to all who helped at the June, July and August events. It is always additional work for those who host these activities and bring these events together. The membership looks forward to these events and appreciates those who volunteer to host them.

We have had three “First Saturday Donuts and Coffee” events at various hangars with great participation by our members and visitors. We will not be holding a “Coffee & Donuts” event in September as it is going to be a busy month, including the Davenport Airport Airshow on the first weekend in September. However, in October we will be going to the Geneseo Airport with Robert Johnson as our host sharing his RV-8 project.

On September 8<sup>th</sup> we will again be doing a workshop for the girl scouts – Girl Scout’s Aviation Take Flight Program”. This will be held from 8:00A.M. until Noon at the Davenport Airport. This event takes several volunteers from our membership, so please call

me to volunteer. The Girl Scout’s director felt it was a great success last year, and these are our potential future.

We will be hosting a “Young Eagles” event at the Clinton Airport on Saturday, September 22<sup>nd</sup> from 12 -Noon to 5:00 P.M. Please call Cinda Beert if you can fly or help at this event. Some of the girl scouts from the September 8<sup>th</sup> workshop will be in Clinton for a ride.

On Monday, August 27<sup>th</sup> I visited the Clinton Airport. The American Barnstormer Tour was there with their vintage aircraft, dressed in their period clothes. This is truly an assembly of highly polished aircraft, with care to every detail in their restoration and upkeep. They have many interesting stories to tell. Some of the pilots were giving rides. Just sitting and listening to those round engines start is like when “a fine symphony starts up”. They are truly rare time machines.

We have five new members who have joined over the past month. Their names are listed elsewhere under new members in the newsletter. Please introduce yourself when you see them at the meeting and welcome them

The September board meeting will begin at 6:00 P.M. Board members, please make every effort to attend. Everyone is welcome to attend the board meeting, especially if you have items you would like to bring to the board.

We have programs scheduled for all the meetings throughout the rest of the year. However, if you have a program in mind, let our newsletter editor, Marty Santic or myself know. It will soon be 2013, and we will be looking for programs for those meetings.

Happy Flying - Jim

**Next Meeting - September 8th - 7 PM - Tim Busch - Iowa Flight Training**

## September 8th Chapter Meeting

The September chapter meeting will be held on **Saturday, September 8 at 7PM**. It will be held at the Deere-Wiman Carriage House, located at 817 11th Avenue in Moline, IL.

**This month's meeting will feature a presentation by Tim Busch.** He is from Cedar Rapids, is a Master Certified Flight Instructor. Owner, Manager & Chief Flight Instructor at Iowa Flight Training, Acquisition Manager at Rockwell Collins in Cedar Rapids, President of the Iowa Aviation Promotion Group. Hope to see you at the meeting!! Bring a friend!!!

## Keith Williams Moves the RV-12 to the Moline Airport

Keith Williams sent the attached photos and hopes to have another RV-12 flying by the end of September!!

## The Barnstormer's Tour at the Clinton Airport

The American Barnstormers Tour, a nostalgic salute to the barnstormers who ventured across America during the 1920s seeking fame and fortune in their biplanes, was in Clinton, IA at the Clinton Airport, August 27 for three days.

Warren Brecheisen commented. *I flew down to Clinton today to see the Barnstormer tour airplanes. I talked for a while with one of their pilots. It looked like they were all having a good time. I had hoped to see some Chapter 75 folks but no one was around. After having a look at the airplanes, I came home. It gave me a good excuse to fly.*

Galen Johnson was there also and sent a note. *Went to Clinton this afternoon. Bought a ride with my daughter and grandson in the New Standard D25 flown by Ted Davis of Brodhead, WI. Timed it so we were on the flight that went on a tour of the town to advertise the event and the flour bombing run. (And I have the T-shirt.) Other planes giving rides were busy too and a lot of interested by-standers.*

*Wore my best airplane shirt and a hat full of name tags. The Barnstormers crew were happy to see a local EAA, MAAC, or whatever because they know the word is getting out and struck up conversations with the pilots-- even some I didn't know. Tell your friends and family and get them out there. Great PR for aviation.*

Talked to Mike Nass and Mike was very happy with the crowd size. Overall the event was a success.

## Ed Old's Zenith 750 Project Status

(from Edward Olds)

Here are a few shots of my project. It is a Zenith 750 kit, using a Jabiru 3300 engine and Dynon Skyview panel. I've got 1200 hours into it as of this past week and have to finish installing doors, rear struts, and the wing control surfaces (which are already built) and a wt. and bal. We are finishing up at KSFY and hope to be in the air by end of Sept. I know, 90% done, 90% to go!

The cowling is done and the engine has been run.

## Tom Shelton's New Acquisition - A GoPro Camera

(from Tom Shelton)

The first picture taken with a new GoPro camera (Father's Day gift from my daughter) mounted temporarily in the top of the Cub. I've shot some video that is awesome but I don't know how to share those files yet. When I do I'll send one for the newsletter.

A VERY NEAT PHOTO!! Can't wait for the videos.

## WELCOME CHAPTER 75'S NEWEST MEMBERS!!

**Chapter 75 would like to pass a WARM WELCOME to our newest members.**

**Edward Olds III** from Mt. Carroll, IL. Ed is flying a Cessna Cardinal and is building a GBY Look Alike. **Jeffery Kromer** from Mt. Carroll, IL. Jeff is building a Pober Jr Ace and is flying a '48 Vagabond.

**Gary Guffey** also from Mt. Carroll, IL. Gary is flying a Flight Design CTSW. **Gayle Lande** from Dav-  
enport, IA. Gayle is flying a Cessna Cardinal. **Micheal Hackwith** who resides in Oshkosh, WI. Micheal joined after visiting the Repair Barn at Oshkosh. And **Bill Craig** who is taking advantage of a trial membership in the EAA and our chapter.

**WELCOME ALL! DO NOT BE SHY!!**

## A REMINDER - EAA Air Academy Scholarships Nominee's Needed

(from Gina Gore)

Chapter 75 is now recruiting for the 2013 summer EAA Air Academy camp. The academy provides an atmosphere where mature students become totally immersed in the world of flight. Ground instruction and introductory recreation flight experiences highlight this action-packed camp. It combines "in-the-air" and "on-the-ground" hands-on activities. The scholarship program encourages, recognizes and supports excellence among EAA members.

Scholarships help outstanding students who demonstrate a strong aviation desire to accomplish their goals. To be considered you should be well rounded, involved in school and community activities, as well as aviation. Academic records should show that you can successfully complete the educational activity for which you are applying. This is a full 100% funded 501 (3) (c) scholarship invested through the Moline Foundation valued from \$680-\$1100 per participant which annually provides tuition of one or more EAA Air Academy scholarships at any level for up to 2-3 youth to attend the EAA Air Academy Session for one week during the summer months. Our chapter has a passion for flying and mentoring the next generation and this endowed scholarship was established to benefit youth who have an interest in aerospace and flight .

To qualify: You must live within the Quad Cities of Illinois, Iowa or outlying areas; ages 14-18 years old; 2.8 minimum GPA, and applicant must have completed a Young Eagle Flight and be an EAA member. The recipient(s) are required to volunteer for 2 chapter events and present a power point presentation for the chapter members in the fall of the year attended to share their experiences with the group. Recipients are responsible for their own transportation to and from the academy.

To learn more about this scholarship, contact Gina Gore, EAA Air Academy Advisor at 563-940-6273 or [gore\\_gina@yahoo.com](mailto:gore_gina@yahoo.com).

To schedule a Young Eagle flight which will qualify the applicant for a free EAA student membership contact Cinda Beert, our EAA Chapter 75 Young Eagles Coordinator at 563-505-9988, or [cbeert@mchsi.com](mailto:cbeert@mchsi.com).

The deadline for submission is September 30, 2012.

## **New for 2012: Flying for a Lifetime**

A bit of trivia: Every cell in the human body is replaced at least once every ten years. You are, quite literally, not the same person you were a decade ago. You're also (less literally) not the same pilot. Experience, physical stamina, risk tolerance and mental acuity all shift over the years. Question is, how do you adjust? Our latest seminar delves into the forces that shape us as pilots, and explores different ways to maintain the same high level of safety.
