THE EXPERIMENTAL AIRCRAFT ASSOCIATION

President's Corner

*The Grunwald Family - March 30, 2024
Front Row (L-R): Carl, Hans, and Sofia.
Back Row (L-R): Rily, Sasha, and Ardita.*

EAA Chapter 75 membership and community,

We have some recent changes in administration regarding EAA Chapter 75. Greg Stopyra has stepped down from the presidential position to be able to support other aviation activities. I would like to personally thank Greg for all the hard work that he has put into our chapter and helping to continue to grow the aviation opportunities in the area. I would like to open this opportunity to the membership to see if anyone is interested in serving as the president for the remainder of this presidential term, ending January 1, 2026. Or does anyone know of some-

one they would like to nominate for the position? We have one member that has stated he is willing to serve at the request of the board either short term or the remainder of the term. We will hold an election at a later business meeting or gathering this summer.

In the short term, we will be running the chapter down the path it is pointed with each committee leader leading as needed. I will be available to help and support as needed until we have the presidential position filled. I do not feel that I can adequately serve this position long term. Just a little about your Vice President, I live in Eldridge, Iowa and am married to Ardita, my better half for almost 13 years. We have 4 active children, Sofia, 11, just finishing 6th grade, loving everything horses and softball. Carl, 10, is finishing 4th grade, playing baseball every day and trying to sneak in some fishing time whenever he can get a ride to a local fishing hole. Hans, 7, plays soccer and is just getting started into baseball. And last, but certainly not the quietest, is our little Sasha, 4. She's currently the

June 8th Chapter Potluck Event

Article By - Adam Santic, Newsletter Editor-in-Chief

We hope to see you there at the event on June 8th from NOON to 2:00 PM! The event will mark the beginning of our summer potluck series. We will be at Dr. Steve Boardman's hangar at the Village Oaks Airport (60IA), located at 6195 114th Street, Blue Grass, Iowa 52726. There is a privately-owned turf airport located on the sectional. The frequency to use is 122.9. Please call Steve Boardman at 563-343-5164 before you takeoff to receive the latest airport conditions or if you get lost. Also, please bring a side dish to share and your own table service. We will provide the protein (Sloppy Joe's and Pulled Pork sandwiches) and drinks; but you guys provide the side dish and the luck, for good weather!!

EAA Chapter 75 Board of Directors Business Meeting - June 12th

The Board of Directors will hold a business meeting at 5:30 PM on Wednesday, June 12th at Revv Aviation, 9230 North Harrison Street in Davenport, Iowa. We encourage all of the membership to attend.

Geneseo Father's Day Pancake Breakfast Event

The annual Geneseo Father's Day Pancake Breakfast will be taking place Sunday, June 16, 2024 at the Gen-Airpark Airport (3G8) in Geneseo, Illinois from 7:00 AM to 11:00 AM. Gen-Air will be having skydiving with a vintage car and aircraft displays. Prices are \$10.00 for adults and \$5.00 for children (12 and un-

der). EAA Chapter 75 will be there to conduct the Young Eagles event for youths aged 8-17 from 8:00 AM to NOON.

Young Eagles Pilots and Ground Crew Needed

Article By - Bob Thomas, Young Eagles Coordinator

We are now getting ready to do our annual [Father's Day event](#) at the Gen-Airpark Airport (3G8) in Geneseo, IL. This event is my personal favorite. If you haven't attended before you are really missing one of our premier aviation happenings. The event is on a first-come first-served basis, so no preregistration needed. This year, Father's Day is Sunday, June 16th, so please let me know if you will be able to help out at this great event either in the air or on the ground and thanks so much. You can reach me at Bob.Thomas@ajg.com.

Help EAA Chapter 75 With Birdies for Charity

Article By: Carl Brown, Board Member

We are very excited to announce that, once again, Experimental Aircraft Association - EAA Chapter 75 is a participating charity in the John Deere Classic Birdies for Charity Program. Our primary focus will be on aviation education and youth STEM programs. Our charity will receive 100% of your donation and will be guaranteed an additional bonus promise of at least 5%. All donations are tax-deductible through the Birdies for Charity organization.

Donating is Easy! Note: Deadline for ALL Pledges and Donations With Guesses MUST Be Received At Tournament Office By June 26, 2024. Pledges received between June 27, 2024 - July 5, 2024 will not be entered into the contest, but those pledges will still be recorded for the designated charities.

There are multiple ways to donate:

1. Online donations can be made directly with a credit card [here](#).
2. [Click here](#) and you can download & print your own pledge form, then mail to the address on the form.

Note: Our Charity is "Experimental Aircraft Association - EAA Chapter 75, Bird #2377".

EAA Chapter 75 Selected for Chapters Pancake Fundraiser at EAA AirVenture Oshkosh. Volunteers Needed

Article By - Liz Richards, Treasurer

EAA Chapters have the opportunity to use the Camp Scholler Chapters Pavilion for their own chapter pancake breakfast fundraiser. The pavilion is located in the Camp Scholler Campground, directly south of the Fly Market on the west side of Paul's Woods.

EAA will provide all the supplies and makings to manage a fundraising event. EAA Chapter 75 has been selected for the morning of **SATURDAY, JULY 20th** two days before the start of EAA AirVenture Oshkosh (July 23rd). All proceeds from the event will go to the hosting chapter.

The cost for each breakfast is \$9.00 for adults, kids under 12 require a monetary donation. You get two buttermilk pancakes, scrambled eggs, sausage links or bacon strips, and beverages. Our chapter is looking forward to serving you.

EAA handled requests as a lottery system, where all chapters have an equal chance of being selected. Please note, that we are required to have 16 - 20 volunteers at the pavilion from 6 AM – 12 PM on the morning of Saturday, July 20 to help serve breakfast. The positions available are: making coffee, beverage servers, mixing pancake batter (dry mix with water), pancake cooking, sausage cooking, egg cracking and mixing, egg cooking, ticket sales and cash box, food delivery from cooking stations to serving stations, food servers, and housekeeping (cleaning crew). Interested volunteers, must contact Liz Richards at elizabeth.richards@north-scott.k12.ia.us or 563-940-1208.

PNB Aviation Club Visits Eaton

Article By - Zoya Yousaf, Student Builder, PNB Aviation Club

Photo By - Liz Richards, Treasurer, EAA Chapter 75 & Mentor, PNB Aviation Club

In February of 2024, PNB Aviation's opportunity to visit Eaton was one I didn't regret signing up for. My classmates and the mentors made our way into Eaton for the first time not knowing what to expect. Well, all of us except Ryan Story, who joined us as he is employed by Eaton! We had many questions on our

minds. Was Eaton making huge planes we'd never heard of? Or perhaps something else?

Left to Right: McKenzie Simmons, Atiksh Sinha, Liz Richards Carson Kessler, Mason Lattner, Bennett Teitle, Cole Halupnik, Aiden Welch, Gabrielle Sheets, Ethan Bohlken, Kyler Grant, Ed Schlichting, Jacob Pottratz, James Hongpananonde, Zoya Yousaf, & Jenny Wilson.

With high expectations, we began our trip with a quick lay-down of safety in the workplace before heading to our first destination. We started by touring around a production area, where fuel tanks were being built. Our guide explained to us that these tanks were used for airborne refueling, a process I heard about for the first time. There were many machines with yellow hazard tape and signs, and many workers moving machines I didn't know existed. He also mentioned that they sometimes got older plane models for repairs, unfortunately there weren't any at the time. Soon later we were met by an engineer who showed us the inventions Eaton produced. Most inventions were related to pilot safety and were essential to successful flights. One item we saw was a water-activated release. He explained to us how they were designed to free pilots from their parachutes when hitting seawater so they wouldn't be dragged down. There were also cryogenic coolers powered by helium and designed to cool down the infrared goggles pilots wore. When I asked the engineer if there was any substitute for helium, he said something along the lines of "If we couldn't use helium anymore, it would be a really bad day for the engineers."

For our last round around Eaton, we got to see some oxygen masks used by jet pilots, and we finished off by getting a peek at a basket-like drogue used for mid-flight refueling. It was interesting as we watched the basket fold into a small pack like origami, and then out once more. When we were done with the tour, we got to meet with the many engineers in a staff room

(Continued on page 4)

PNB Aviation Club Visits Eaton

(Continued from page 3)

where they gave us an overview of what they work on here. We got to ask questions about the engineer's work, and their experience.

Overall, it seemed that Eaton had confidence in the future of aviation. What felt like an entirely different world in Eaton's building soon disappeared from our Van's sight as the tour ended, but I definitely would not forget the experience I gained that day.

Gone West: Aerospace Legend & Retired United States Air Force Lt. Col. Richard "Dick" Rutan

Article By - Adam Santic, Newsletter Editor-in-Chief

*Dick Rutan posing with a bust of aviator, entrepreneur, aircraft designer, and EAA Founder Tom Poberezny at the EAA Aviation Museum.
Image courtesy of EAA.*

We are saddened to share the passing of our dear friend and aerospace legend, Richard "Dick" Rutan, on May 3, 2024, at the age of 85. Dick passed in the early evening at the Kootenai Hospital in Coeur d'Alene, Idaho surrounded by Kris Rutan, his wife of 25 years, friends, and family. Dick was an Air Force officer and Vietnam War fighter pilot who flew 325 missions in Vietnam. After Vietnam, he became a test pilot and later served as Commander of the 355th Field Maintenance Squadron. Dick was awarded the Silver Star, five Distinguished Flying Crosses, 16 Air Medals, and a Purple Heart. He participated with his brother, Elbert "Burt" Rutan, at numerous EAA AirVenture Oshkosh events. [During EAA AirVenture 1984](#), he brought the Rutan Model 76 Voyager (N269VA) aircraft, the first airplane to fly around the world without stopping or replenishing fuel. Piloted

Image Courtesy of Jim Koepnick.

by Dick Rutan and Jeana Yeager, the around the world flight of 26,366 statute miles lasted 9 days, 3 minutes, and 44 seconds. This unique aircraft is currently preserved at the National Air & Space Museum in Washington, DC.

EAA CEO/Chairman Jack Pelton: "Dick Rutan is closely linked with EAA history for the past half-century. Whether it was the flights of canard aircraft to Oshkosh back in the 1970s, the unforgettable Voyager project and mission in the 1980s, or his regular trips to AirVenture for forum presentations almost every year, Dick Rutan was a true friend of EAA and AirVenture. We will miss him and remember him, and our condolences go to his family at this time."

At EAA AirVenture Oshkosh 2021, Dick Rutan participated in a [Warbirds in Review](#) discussion.

At EAA AirVenture 2017, Dick Rutan participated in a [Warbirds in Review](#) discussion where he talked about his military career, Lockheed T-33 Shooting Star, Northrop F-89 Scorpion, among other things.

At EAA AirVenture Oshkosh, Dick Rutan talked at a [Warbirds in Review](#) discussion. The program was centered around the Voyager flight and his book.

SocialFlight Live interviewed the legendary Dick Rutan for an interview about his military career and the Around the World flight. You can watch it [here](#) and [here](#).

EAA was proud to capture Dick's story in his own words several years ago as part of their [Timeless Voices of Aviation](#) oral history series. This requires an EAA national membership to gain access.

THE LANDINGS

Gone West: Aviation Legend, Retired United States Air Force Brig. Gen., & WWII Triple Ace Clarence “Bud” Anderson

Article By: Adam Santic, Newsletter Editor-in-Chief
Photos By: Adam Santic, Newsletter Editor-in-Chief, unless noted

At EAA AirVenture OSH 2023, Dean Maupin, a member of EAA Ch. 75, was photographed with WWII Triple Ace Brigadier General “Bud” Anderson. Image Courtesy of Dean Maupin.

Rest in peace to an aviation legend, American hero, retired United States Air Force Brig. Gen. & World War II Triple Ace Clarence ‘Bud’ Anderson. Bud died in his sleep on May 17, 2024, aged 102, at his home in Auburn, California. He served with the 357th Fighter Group “Yoxford Boys,” 8th Air Force, Leiston Field,

based in the United Kingdom during World War II and totaled 16¼ air victories. His military career also extended into Korea and Vietnam. After his military career, he became Manager of McDonnell Aircraft Company’s Flight Test Facility at Edwards Air Force Base.

He was an outstanding ambassador for preserving and sharing history. A WWII P-51 Mustang triple ace, he flew over 100 types of aircraft, logged over 7,500 flight hours, & served in the military for a long period of time. On December 2, 2022, he was promoted from Colonel to the honorary rank of Brigadier General by General Charles Q. Brown Jr., the Air Force Chief of Staff.

On Tuesday, July 23, 2024, the 1 PM Warbirds in Review presentation at EAA AirVenture Oshkosh 2024 will be a celebration of life for Brig. Gen. Anderson. His friends reach far and wide and run deep in the warbird and military communities. Bud was the only individual featured as a speaker every year since the inception of Warbirds in Review more than 20 years ago. All are invited to this Warbirds in Review program for a celebration of a life well lived.

During this difficult time, our thoughts and prayers are with his friends and family. He will be missed by

(Continued on page 6)

Gone West: Aviation Legend, Retired United States Air Force Brig. Gen., & WWII Triple Ace Clarence “Bud” Anderson

(Continued from page 5)

many.

EAA was proud to capture Bud’s story in his own words several years ago as part of their Timeless Voices of Aviation oral history series [here](#), [here](#) and [here](#). This requires an EAA national membership to gain access.

In 2017, Bud was inducted into the [EAA Warbirds of America Hall of Fame](#).

On November 17, 2016, the EAA Aviation Museum was fortunate to host triple ace Col. Bud Anderson for the [Museum Speaker Series](#). This requires an EAA national membership to gain access.

Bud Anderson spoke about his military career in a [video](#) for the American Veterans Center.

A major theme for EAA AirVenture Oshkosh 2019 was dedicated to celebrating the North American P-51 Mustangs and Bud Anderson. EAA produced an impressive 7:05 [video](#) capturing the event.

As part of the Thursday, July 25, 2019, air show, [Horsemoney](#) and [AirShowStuff](#) produced separate videos that captured the large gathering of North American P-51 Mustangs.

Bud Anderson [spoke](#) at the Warbirds in Review discussion at EAA AirVenture Oshkosh, where he was the star of the discussion every year.

Bud (middle) was present at EAA AirVenture Oshkosh 2019 for the Warbirds in Review session, along with Raymond “Ray” Fowler, Chief Warbird Test Pilot (left) and Jackson “Jack” Roush, Founder, CEO, and Co-Owner of Roush Fenway Keselowski Racing (right). - MIDLAND, TX: SEPT 7-8
- SANTA MARIA, CA: SEPT 21-22
- ROBINSON, IL: SEPT 28-29
- HUNTINGTON BEACH, CA: OCT 5-6

Frecce Tricolori 2024 Air Show Schedule

In their first North American tour in more than 30 years, the *313° Gruppo Addestramento Acrobatico, Pattuglia Acrobatica Nazionale (PAN) Frecce Tricolori* will be in the United States and Canada soon. A number of reasons make it worthwhile to attend an airshow and to observe the display of the Italian Air Force *Frecce Tricolori*: they use ten Italian-built aircraft – the Aermacchi MB-339A/PAN – and their demonstration is unique because the entire display is conducted in front of the public.

“NORTH AMERICA TOUR”

1ST SATURDAY COFFEE AND DONUTS
MEMBERS AND NON-MEMBERS
ALL ARE INVITED – BRING THE FAMILY

FREE COFFEE & DONUTS WITH SOME GOOD HANGAR TALK AT
BOB & PENNY JOHNSON'S BUILD SHOP

Saturday, June 1, 2024
8:30 – 11:00 AM (RAIN OR SHINE)

Hosted this Month by:
Bob & Penny Johnson

DRIVING OR FLYING – WE HOPE TO SEE ALL

This month we hope to see everyone at our 1st Saturday of the month coffee & donuts hosted by Bob and Penny Johnson. Come and see their RANS S-20 Raven project. They will also be providing a special breakfast casserole for all the attendees.

FLYING: Prior to your takeoff and arrival at the Gen-Airpark Airport (3G8), arrangements with Bob Johnson can be made at 309-489-6572. Attendees will be able to use two courtesy vehicles at the airport, a Ford Truck and a Toyota RAV4.

DRIVING: Drive to 19102 E. 1600 St. Geneseo, IL 61254. His shop is grey in color and is across from the golf course. Parking can be in his driveway. Call Bob Johnson at 309-489-6572 if you get lost.

IMC CLUB - June 4th

Meeting Objective: Informal discussion of Instrument Flight Rules (IFR) topics for the purpose of experimental learning.

Location: Revv Aviation's Conference Room, 9230 North Harrison Street, Davenport, IA 52806

Date: Tuesday, June 4th

Time: 6:00 PM

Around the Room: What did we learn and find interesting since the last meeting?

Topic Discussions:

- Non-Required Safety Equipment
- IFR Quiz
- Thunderstorm Formation and Aviation Hazards
- Briefing Pitfalls Quiz

Daniel Murphy,
IMC Club Coordinator

Chapter 75 Merchandise Now Available

As mentioned at chapter meetings, the baseball caps are now available with the EAA Chapter 75 logo. The caps are of a nice quality as the logo is embroidered. The caps are available for purchase for \$10.00 each and can be delivered personally to you at the next chapter function. We have lots of caps in stock. If you want the hat shipped to you, that can be done for \$17.00. Please mail a \$17.00 check to Elizabeth Richards, 205 Shawnee Ct. Eldridge, IA 52748. If you would like a cap delivered, please e-mail:

elizabeth.richards@north-scott.k12.ia.us.
