### Old Business / Open Issues

Membership Holiday Meeting Proposed - January 16<sup>th</sup> or 23<sup>rd</sup> 2021- Response has been minimal. Of seven replies, only four indicate interest in the idea of a party.

-D Rudd informs us; Three Men and a Grill *could* cater a Holiday party. They require 2-week advance notice. The following 3 options of service are available.

1) Distribute food through servers

2) Box lunch

3) Self-serve; however, must use gloves, and hand sanitizer, etc. in conjunction with the event.

Comments from membership include – “If only 25-30 % of membership is interested then why not cancel or delay?” Therefore, proposed and approved by the membership to delay a gathering until summer and re-assess the conditions under which an event could happen.

- **T-28** G. Valenstein notes that the T-28 is relocated to front of AHC and fixed to concrete base. Thanks to Dave Rudd for the follow-through action to complete the setting.
- **Elections-**
  - o S. Minster proposes all current position-holders be retained for the next terms. Motion is seconded and approved by majority.
  - o Tony Kolar is nominated to be the appointee for AHC representative. - Approved
  - o Program Director is open. Agreed that during Covid situation, its OK to leave open for now. As we return to in-person meetings at some future time, then pursue filling the position.

## **New Business**

-Would like to consider a Welcome Home event for the DC-3. Contact DC-3 Society for possible Fly-In event. Consider additional military support/display of related aircraft?

-DC-3 is secured for Winter storage on the ramp.

-Rudd notes that our chapter should consider assembling and providing to EAA OSH a blue Adirondack chair to showcase us and support Airventure. Looking for volunteers. EAA OSH has plans available. Any volunteers?

-Chapter Activity -Rudd will contact Paul Wolter about a future chapter activity; a tour of the Wolter hangar. Stay tuned.

-Dan Dominguez suggests that officers/directors recognition pins and certificates be dropped off at AHC where recipients can collect. Then verbal recognition would be made at December or January 2021 meeting.

-**W&W 2021** marks 30<sup>th</sup> Anniversary of the event. Group agrees we should plan for W&W 2021, notify other stakeholders of our intent. Ensure announcements re: W&W get to, WI DOT Fly-IN event calendar, various aviation flying clubs, surrounding airports and management through distribution of posters, etc. Assess, as event date approaches, if still feasible.

## **SBM Activities – Matt Grenoble –**

No report-

**Agenda for Next Meeting-** TBD

## **Adjournment**

Meeting timed out by WEBEX at 7:50 p.m.

**The December 21, 2020 virtual meeting will begin at 6 PM**

Minutes submitted by: Kyle Hokel

## **Election of Officers, Directors and Coordinators for 2021**

### New EAA Chapter 766 Member

Please welcome Luke Kroneck to EAA Chapter 766. He is a high school student from Plymouth, WI. Luke would like to learn to fly, build aircraft, restore aircraft and is willing to volunteer for Chapter events and activities.

# The T-28 Trojan Moved to the AHC

On November 4, 2020, the T-28 Trojan was moved and secured in place in front of the Aviation Heritage Center. All the volunteers' time and efforts on the restoration of the T-28 will be displayed at its new home.

Photos Submitted by Luiz Cordeiro

The T-28 was set in place by a few EAA chapter members. The bricks have been laid in place by Tom of M & K Landscape Services. Tom and his crew completed the finishing touches (including the signs and mulch). EAA Chapter 766 and the Aviation Heritage Center would like to thank the owner of M & K Landscape Services, JOHN MUEHLBAUER, for taking on this project, again.

## Sporty's celebrates 15 years on YouTube with even more videos

Sporty's is celebrating 15 years on YouTube by offering even more videos. More than 150 new videos have been uploaded so far in 2020, ranging from in-depth product reviews and technical how-tos to flight training tips and webinar recordings, according to Sporty's officials.

“Pilots have responded, with the channel receiving over 3.6 million views in less than a year,” officials add. “Our goal is to give pilots the inspiration and information they need to keep flying safe, affordable, and fun.”

Sporty's YouTube channel is organized into multiple playlists, including: Video Tip of the Week, Ask a Sporty's CFI, Product PIREPs, & Touch & Go. How-to videos for using radios, ADS-B receivers, and E6Bs Flight Simulators and Webinars. There are plenty of fun flying videos, too,

Sporty's hosted a “virtual airshow” this summer with product specials, contests, and new videos. This playlist includes product demos from select Sporty's partners and even an airshow routine from legendary pilot Patty Wagstaff. This video, shot with an interactive 360° camera, has quickly become one of the most popular videos on Sporty's channel.

## **FAA FAASTeam – Aviation Safety**

### **Avoiding Adverse Drug Interactions**

Impairment from medication, particularly the over the counter (OTC) medication, is cited as a factor in many general aviation accidents. A 2011 study by the [FAA Civil Aerospace Medical Institute's](#) Toxicology Lab found that drugs/medications were found in 570 fatal accident pilots (42 percent of 1,353 autopsies). Ninety percent of those pilots were flying under [14 CFR Part 91](#). It's important for pilots also to consider possible adverse reactions when taking more than one drug. Read more on this important topic on the FAA's blog.

## EAA Chapter Video Magazine

In November's Chapter Video Magazine, Charlie Becker announced EAA's newest virtual event, Homebuilders Week, and the resumption of EAA SportAir Workshops, both happening in January 2021. He notes that EAA's B-17, *Aluminum Overcast*, had a successful tour stop in Cedar Rapids, Iowa. Charlie continues with a last-call reminder to enter the chapter drawing for the Lincoln TIG Welder Contest, provides details on the EAA Barnstorming Deal of the month, and explains how to earn Chapter Recognition credits by attending EAA's Virtual Chapter Leadership Training Webinars. He notes that there have been changes to the 2020 Chapter Recognition program, a chapter renewal email will be arriving in inboxes in November, as well as chapter service award pins and certificates. Charlie concludes with the announcement of a new Adirondack chair program chapters can take part in to be recognized at the Blue Barn during EAA AirVenture Oshkosh 2021.

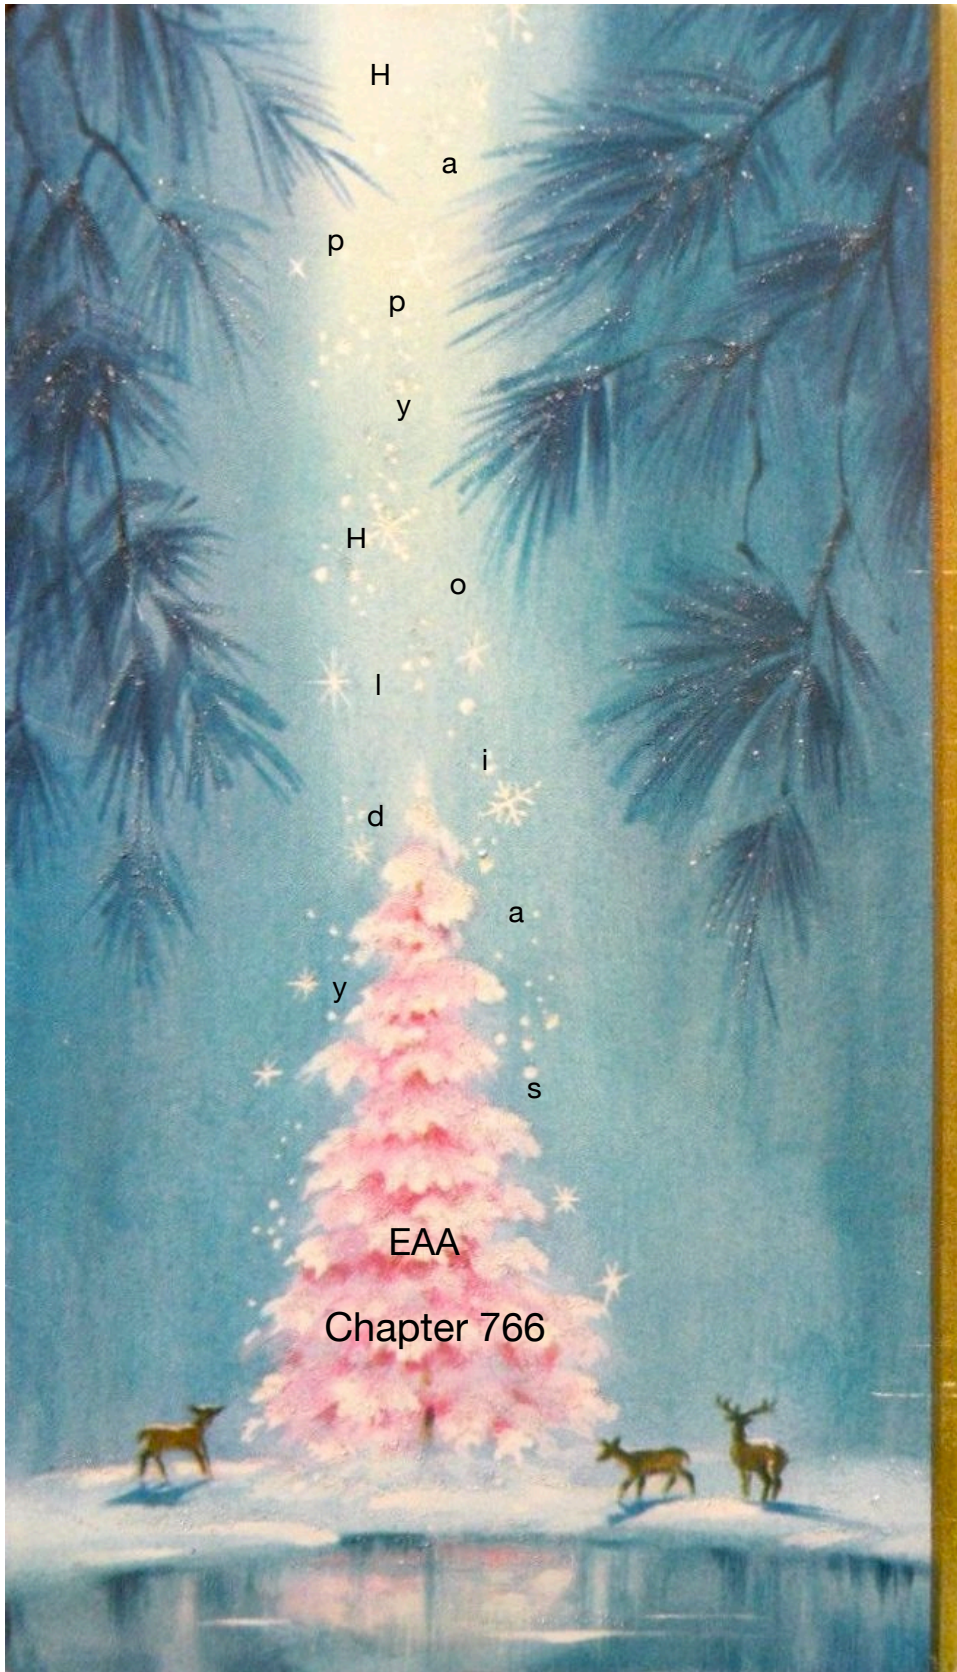

In addition, there is a feature video collection and Hints for Homebuilders section on the video site, which includes a variety of interest areas. There you can pick which video in each category you want to show that month, and you'll have the ability to download those videos.
