On Monday, August 5, 2024 at 18:30 Central Daylight Time

### **Location:**

Aviation Heritage Center of Wisconsin

N6191 Resource Dr

Sheboygan Falls, WI 53085

**Select Number:** GL13131351

### **Description:**

IFR Scenario presented by Tony Kolar CFII, Volunteer FAA Safety Representative

Guest instrument pilots and students welcome.

This seminar is not meant as a lecture but rather an open discussion forum using real world scenarios to increase your level of safety in the IFR environment such as this scenario: Door Ajar. Safe instrument flying is a matter of mitigating risk, personal minimums and standard operating procedures. If you have and use sound judgement, establish personal minimums and good procedures, you can enjoy a long and successful career of instrument flying. The Sheboygan Falls (WI) EAA 766 IMC Club provides organized "hangar flying" focused on building proficiency in instrument flying. An instrument rating is not required for attendance.
