EAA Chapter 766

Meeting Minutes - Hybrid- In-Person / Online Membership Meeting
Monday 02/21/2022

Opening

The February membership meeting of EAA Chapter 766 was called to order at 7:00 p.m. Monday 02/21/2022.

Present – 14 participants (mix of online and in-person)

Approval of Agenda - Approved by Majority

Approval of Minutes – January 2022 minutes were approved by the Board.

Officers Reports

President – Mike Jones- Welcomed two new members. Ashim Parmar from Sheboygan Falls and Brian Harwick from Beaver Dam.

Vice-President – Dan Dominguez volunteered to take the roll of VP (emailed after meeting).

Treasurer – James Fintelmann - Reported financial status.

Secretary – Kyle Hokel - No report.

Membership – Luiz Cordeiro - Confirms 35 current members. Twelve prior members have not yet renewed.

Activities – Dave Rudd -

Notes –March 26th Chapter Field Trip, OSH- EAA museum, and Kermit Weeks museum.

Program – OPEN

Currently looking for a volunteer. Chris Roentiz will continue to help with this. Meetings are more meaningful when we have a speaker/program. She also suggests we end the WEBEX style meetings and begin in-person only meetings.

Newsletter/ Web – Bruce Becker

Confirms Newsletter distribution and solicits any aviation related topics that might be of interest to be forwarded for inclusion.

Young Eagles – Bridgett Neu

No report –However Mike Jones advocates for a monthly opportunity for providing Young Eagles rides to help draw younger folks to EAA. Perhaps on Saturday mornings.

SBM Activities – Matt Grenoble

Ready to bid on new airport broom truck for runway clearing.

Design work for future taxiway updates is underway.

Airport is interested in purchasing available hangars to rent out to plane owners.

Old Business / Open Issues

Wings & Wheels 2022:

Volunteers - Questions remain as to the number of volunteers needed to carry-out the effort. Approx. 20-30? By show-of-hands, 8-10 available volunteers at this meeting. Can Girl and Boy Scouts, high school students be solicited to help?

Food Trucks-Bruce indicates 5 Food Truck Vendors are willing to participate and 4 have not replied to the inquiry. Perhaps contract with these vendors to provide all food service?

Possible to obtain soft serve Ice Cream dispenser if Root Beer Floats are desired. C. Roenitz

Several members noted – If there is no plan to offer a breakfast, then Wings and Wheels should NOT happen.

Additional Activity

Car Show-Dan Dominguez will contact area Car Clubs for possible interest in attending. Should we look at awards/trophies to help with retention of show cars through the day.

Aircraft -Dan Dominguez indicates that the Waukesha Warbirds are willing to fly-in to display aircraft. Chris Roenitz will request an aircraft form EAA OSH.

Tents for additional seating for Social Distancing- Discuss further with Matt Grenoble

Go/ No Go decision must occur by March 2022 membership meeting.

New Business

Dave Rudd notes that the Chapter and AHC Ryder Cup volunteers were recognized and thanked by the County.

Agenda for Next Meeting- TBD

Adjournment

Meeting concluded at 7:50 p.m.

Minutes submitted by: Kyle Hokel.

EAA Chapter 766 New Member(s)

Please welcome Ashan Parmar from Sheboygan Falls and Brian Harwick from Beaver Dam to EAA Chapter 766. Ashan Parmar has submitted a bio and photo on the following page.

New Member Ashim Parmar

I am **Ashim Parmar**, a mechanical engineer with an MBA degree, and I am passionate about the internet of things, machine learning, and continuous improvement. I am new to Wisconsin and previously used to live in New Jersey. Currently I live in Sheboygan Falls.

I have experience in projects and reliability engineering management and operations in multinational manufacturing companies such as specialty chemicals, pharmaceuticals, nutritional, flavors and fragrances, petrochemicals, and fertilizers manufacturing plants. I worked at international sites such as Singapore, the USA, India, China, Australia, and Europe.

I love music, traveling, playing tennis, building electronic projects, and a bit of photography. I enjoy hiking capturing landscapes, including aerial views using a 4K drone. I love visiting state and national parks.

Currently, I am in my mid-career phase of life and trying to fulfill my passion for flying and acquire a private flying pilot license. I am an EAA member and looking forward to volunteering in preparation for this year's air show at Oshkosh.

I do not mind being called by my short name "Ash."

Brian Harwick will submit a bio and photo for the April PROPWASH Newsletter.

March 11th- Only Angels Have Wings:

Hearken back to the days of early aviation when avionics and navigation were non-existent, and then add in flying in the Andes for a bit of extra excitement.

The Aviation Heritage Center at the Sheboygan County Airport, N6191 Resource Drive, will present "Only Angels Have Wings" at 7p.m. on Friday, March 11. The movie, produced in 1939, is an aviation adventure-romance, set in the fictional tropical town Barranca, in South America, where a handsome and aloof daredevil pilot, played by Cary Grant, runs an airmail company, staring down death while servicing towns in treacherous mountain terrain.

Guest host Capt. Neil Hansen will discuss the primitive avionics and high-altitude flying that the movie depicts. Capt. Hansen has flown more than 150 different types of aircraft, often in treacherous flying conditions sans navigational aids. Article and jpg submitted by Luann Grosscup

"Pro Tips for CFIs How Do You Teach Special Use Airspace"

Topic: How Do You Teach Special Use Airspace

On Wednesday, March 2, 2022 at 19:00 Central Standard Time

Select Number:

GL13110291

Description:

Scott Cabot, Ground School Instructor/ Professional Educator for over 40 years and FAA Safety Representative will lead this webinar. If you are teaching ground school or conduct flight reviews then this webinar is for you.

Scott will address many of the finer points on teaching Special Use Airspace: Through a combination of presentation and discussion this webinar will cover Airman Certification Standards regarding operating rules, pilot certification and airplane equipment requirements for flying in special use, special flight rules areas and other airspace.

The presentation will cover nine types of airspace:

1. Prohibited,
2. Restricted,
3. National Security Areas,
4. Warning Areas,
5. Military Operations Areas,
6. Alert Areas,
7. Controlled Firing Areas,
8. Air Defense Identification Zones
9. Special Flight Rule Areas.
