Officers Reports

President – Dan Dominguez

Meeting called-

Inquires with membership re: in-person meetings at the hangar if we maintain safe spacing, open hangar door since still good weather. This might be a means to keep membership involvement since on-line participation has dropped off to 11 members present.

Vice-President – Mike Jones

Supports the in-person monthly chapter meeting proposal and Holiday gathering.

Treasurer – James Fintelmann

No Report.

Secretary – Kyle Hokel

Confirmed July 2020 minutes distributed- no adds or corrections – e-mail distribution and in newsletter online.

Membership – Luiz Cordeiro

Confirms – 47 active members.

Activities – Dave Rudd

No report –.

Program – Dan Miller

No report- Chris Roenitz will contact Dan to understand issues of online participation. Looking to identify speakers, topics, presentations, etc. to further generate interest in chapter meetings

Newsletter/ Web – Bruce Becker

Notes that Paul Walter has provided T-28 photos for inclusion in the Sept. newsletter. Provided the completed chart of the membership and their respective start dates with EAA 766. Solicits ideas about how to best recognize Charter members.

Young Eagles – Bridgett Neu

No Report

Open Issues

Membership Holiday Meeting December 2020 or January 2021- Dan Dominguez suggests reservations be made to usual establishments now before the expected “booking frenzy”. Asks for member input for suggestions or ideas about where to host the party. Generally, chapter members support planning for the party with the understanding that COVID resurgence/ concerns in the Fall / Winter season may require it being cancelled. We acknowledge that some members, for personal reasons, will likely not feel ready to participate in such an event.

New Business

Chris Roentiz has suggested we identify two member / volunteers who would ensure proper daily setting of the flag at the AHC and assure clocks at AHC are set and maintained for correct time.

SBM Activities –

Matt Grenoble –

Chris Roenitz indicates a possible tour of the new Customs facility through virtual open house. Needs follow-up and confirmation with Matt.

Agenda for Next Meeting

Dan Dominguez will try contact some special topic keynote speakers via online participation such as Sean Tucker of Patti Wagstaff.

Chris Roenitz may have an ATP available to speak to us next month.

Also suggested we invite other chapters to join 766 meetings to bolster attendance.

Adjournment

Meeting was adjourned by Dan Dominguez at 7:45 p.m. The next general meeting will be conducted in Sept. Stay tuned for announcements re: virtual or in-person.

- Pilot News

In the future, Matt has plans to make the Airport Newsletters available on the website. EAA Chapter 766 Newsletter Editor has given Matt the URL of the Chapter's website for placement in future Airport Newsletters. This cooperation between both entities will help keep the lines of communication open.

Free Webinar Series offered by EAA

The free webinar series, supported by Aircraft Spruce & Specialty, began in 2010 with a limited schedule of offerings. It now features more than 550 archived webinars on a wide variety of aviation topics. The complete schedule of EAA's upcoming webinars, which is regularly updated, is available at EAA.org/webinars. All archived webinars are available to EAA members, with selected webinar archives open for all website visitors.

These live multimedia presentations are informative and interactive, allowing the presenter to use slides and audio, while audience members can ask questions and be polled for their opinion. Some of the webinars will **Qualify for FAA WINGS and AMT credit.**

PPP is Coming

There will be a **Plane Polishing Party** coming soon for the DC-3 at the Sheboygan County Airport. Date and time to be determined.

FAA Launches Podcast

The FAA launches Podcasts on www.faa.gov/podcasts or at Apple Podcasts. Listeners can review and rate the podcasts on Apple Podcasts.

Free CAD Software from SOLIDWORKS

EAA has received a generous offer from SOLIDWORKS to make a personal-use version of the software available to EAA members at no charge! EAA Members may download the software and obtain a one-year license to use the software. EAA members may renew their license annually subject to the program terms and conditions in effect at the time of renewal. Please click [here](#) for additional information.

FAA Safety Team

Colorado Welcomes Weather Cameras
Notice Number: NOTC0264

The FAA Weather Camera Program collaborated with the Colorado Department of Transportation (DOT) to complete the installation of 13 cameras in July. The state of Colorado hosts the first official weather camera systems in the lower 48 states and lays the path for other state DOTs to implement the service for their aviation communities. Due to COVID-19 travel concerns, the team conducted virtual pre-engineering surveys and received technical details in photos of each site that were used to develop the installation plans. The FAA plans to use this same model for other state DOTs who wish to establish camera services in their states.

The camera images are publicly available on a new website <https://weathercams.faa.gov> launched this week with tutorials on how to use the information presented on the site.

For more information, an [article](#) on the weather cameras is on the FAA's *Cleared for Takeoff* <https://medium.com/faa>.

Safe Summer Flying

Notice Number: NOTC1278

With summer in full swing, and as general aviation activity is on the rise in many areas of the country, now is the perfect time for pilots to brush up on their flying skills — particularly if it's been some time since your last flight. You'll also want to be prepared for some of the unique challenges present with summer flying. To help, check out this list of 10 things to keep in mind before your next flight: <https://medium.com/faa/safe-summer-flying-for-general-aviation-129c490bbf6a>
