## ***President's Corner***

Happy June!!!

I hope everybody else is having a great start to their June!!!! Ours has been awesome!!! We had a great cleanup day, and our entire airport is better for it. A big thank you to all who came out, we made pretty quick work of it. We also in just a few weeks held 2 Young Eagles events and made a lot of kids happy and was a ton of fun for us. These are always such a joy to put on and again a big thank you to all that came out to be a part of it.

Also, I flew the RV4 home and had it in the hangar at the house and flown out of our private strip several times now and man what a dream come true that is after putting so much work into it. We also brought the Bearhawk Project home from Flint so I will hopefully get restarted on that soon.

This has been a great start to the month so let's all come together and send it out with a bang!!! As we all know the Dawn Patrol is our main source of revenue and what allows us to continue to have the amazing facilities that we have. Last year we barely had enough volunteers come out to pull the event off so we desperately need more of you to come out and be a part of this so we can keep this amazing chapter that so many people worked so hard to build. While it is quite a bit of work it is also a lot of fun and a huge sense of pride when you hear all the positive feedback from our community about how much they love the event. Anywhere anyone can help is greatly appreciated.

First up is the parade on Wednesday, June 19th. Here is where we get the word out and remind everyone of our awesome event and who doesn't love a parade, nothing but smiling faces all around. Next up is Saturday the 22nd where we will be setting up for the event. This usually only takes a few hours and afterwards we have a potluck lunch and sit back, laugh, and relax after truly transforming the place in preparation for the event. Then, our main event on Sunday the 23rd. This is where the rubber hits the road and we fill over 1000 bellies with good food, share our love of aviation, and earn the money to pay our bills for the next year. So please if you can spare a few hours for at least 1 or 2 of these events please do so, I love everything that this chapter is and want to see it continue strong for many years to come.

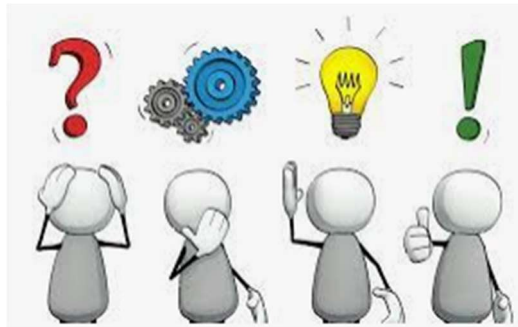

Looking forward to working alongside all of you,  
Jake Carmer

## Did You Know...

### 1st commercial flight, other fun facts on aviation history

<https://thetravel100.com/fun-facts-on-history-of-aviation/> (August 29, 2023)

The first scheduled passenger flight was in 1914 from St. Petersburg, Florida, to Tampa – a distance of just 17 miles. In 1930 around 6,000 passengers flew, an amount that increased to half a million in 1934.

Pan Am introduced the Boeing 307s in the late 1940s, the first planes with pressurized cabins. Air traffic surged in the 1950s and 60s, and competing airlines introduced perks like gourmet meals and fine wines. Budget airlines were introduced, leading to lower airfares and increased air travel.

In 2022, 853 million passengers flew on U.S. airlines, down from a high of 928 million in 2019.

# Young Eagles!!

(Submitted by Sandie Carmer, Young Eagles Coordinator)

Since the last newsletter, we have had two Young Eagle events! One was the home school group, where we flew 8 youth, with three pilots (Tom Carr, Tanmoy Ganguly and Jake Carmer). We also had a few ground volunteers there to help out. Thank you to all!!!

The second was an open invite event. We had 39 registered, but a number of the youth didn't show up. This was a good thing because we had two pilots who were regrettably unable to attend. We still flew 17 kids, with two pilots (Tanmoy Ganguly and Jake Carmer). We also had a number of ground volunteers there to help out. Again, THANK YOU ALL SO VERY MUCH!

Just a reminder, since we hope to fly many, many Young Eagles this year... I always need more pilots and ground crew! Here's what is needed to be each. 😊

## **Young Eagle Pilot – Before you can fly a youth:**
