Join us for our upcoming EAA Chapter 846 Monthly Gathering Meeting on **Thursday, August 10, 2023** at our chapter hangar.

NOTE- The meeting at Medina airport (1G5) has been postponed!

Cookout starts at 6 pm. We'll be grilling hot dogs and burgers. **Remember to bring an extra chair plus side dish to pass.** The regular meeting will start at 7 pm.

August Gathering Agenda:

- Officer Reports
- July Safety Topic— AOA, **Dave Manning**
- Young Eagles Update
- Ford Tri-Motor Tour Stop
- Hangar Deck Status
- Project Updates
- Program— Engine Corrosion Prevention, **Bradley Wurst**

What if a dog flew the first airplane?

Upload ONLY your 2023 AirVenture Photos HERE.

New Members & Visitors!

New Members: Please welcome **Tom Troxel** and **Rick Vierheller** to Chapter 846!

Tom lives in Wadsworth. Rick and his wife, Jan, live in Seville. Rick is a private pilot and flies his Cessna 150 out of Skypark Airport.

Visitors Present: Warren Novotny, Rob Hyde, Tom Holmes, Bud and Sharon Busony, and Sam Bohner

July Gathering Mentions...

- **Case McIntyre**, Ray Scholarship recipient, received his new Lightspeed headset from **Mike Guenther**:

- **Logan Cohara**, Ray Scholarship recipient, updated everyone on the status and preparation for his upcoming checkride:

- **Kevin Fink** presented a comprehensive safety topic on Spatial Disorientation:

- **Tim Keck**, CLE ATC and seasoned OSH controller, gave insights into flying into AirVenture along with **Gary Baker** and **Randy Brooks**:

Recaps from Oshkosh

Gary Baker gave his forum on Flight Testing Basics twice and it was well-received by more than two hundred attendees. There were many builders at Oshkosh who said they were planning on flying their new aircraft in the next year. Gary's forum discussed the situation a builder faces as he switches from building to flying his new aircraft. Many builders do not maintain their flying skills as they work toward the finish line of getting the project signed off, or they have not flown aircraft with similar flight characteristics.

Gary was also able to get more right-seat flying in the Ford TriMotor throughout the week. Flying the TriMotor at Oshkosh is very challenging and this past week lived up to it. Both TriMotors had to divert to Fond du Lac a few times due to airport closures at Oshkosh. When departing FLD one time, the tower controller cleared Gary's TriMotor for takeoff by stating "TriMotor Flight of Two, cleared for takeoff, direct to runway 36L at Oshkosh." The second TriMotor took off shortly after Gary's takeoff and flew in trail to OSH. It's not often a clearance like that is issued!

VMC Club– Note Date Change

Gary Baker

The August meeting of the chapter's VMC Club will be held Tuesday, August 22, 7 p.m., in the meeting room at SkyPark Airport. This is a change from the third Thursday scheduled meetings.

We will have a discussion on aeronautical decision-making and chain of events. All aviation enthusiasts are invited to join us. More information about VMC Clubs can be found at <https://www.eaa.org/eaapilots/eaapilot-proficiency/proficiency-and-education-programs/vmc-club>.

I hope to see you there.

Updated Chapter Roster!

The chapter roster will be updated and distributed soon. Everyone is asked to check your information on the online chapter roster, available [HERE](#). First-time users: Your user name is **FirstnameLastnameEAA846** and your password is **mustang**. After logging in the first time, you should change your password, of course. Click on the Member Search button, top left, and then the black and gray Search button in the line below to the left. This will bring up all Active members in our chapter.

Gary Baker would like to add more photos of chapter members to the roster. If you see that your photo is not included, please feel free to send Gary a photo or ask him to take your photo at the next Gathering.

Fly-by's Requested

Marilyn Helmick, 93, passed away Saturday, July 29, 2023. Marilyn is the widow of Don Helmick, who passed away in 2018. Don and Marilyn had operated Valley City Airport since Don created it in 1960. As a final send-off, Marilyn's son-in-law, Brian Safran, would like to have a parade of planes fly over Valley City Airport on a weekend in August. The aircraft will gather at Lorain County Airport and then fly in trail to Valley City. The date of the celebration of life and fly-over has not been determined yet. More information will be available at the August Gathering.

DUES– Are You Caught Up?

846 Ford TriMotor Event, August 17th through 20th

Brian Burke

We will be hosting the Ford Tri-Motor at the Wayne County Airport from Thursday, August 17 through Sunday, August 20. Thank you to all who have signed up to volunteer at the event.

For all who have signed up to volunteer, please watch this 20 minute EAA training video [HERE](#).

Also, a big thanks to **Greg Cantrell**, who has obtained several sizable donations, organized a lot of the behind the scenes details, as well as getting the word out about the event through local TV media and the local Kawanis organization. Thank you to **Mary Baker**, who has sent press releases to numerous news organizations. Also, thank you to **Greg Cantrell, Mary Baker, and Gary Baker** for all of their valuable input in putting this event together.

We will provide food for the onsite volunteers on Friday, Saturday, and Sunday. Please feel free to bring a side or desert to share, but understand that there is no obligation to do so.

Finally, if you know of any local businesses, restaurants, or bars that would be willing to hang a poster up, or allow table tents, please take them at the August gathering and help promote this event.

For questions or concerns, contact **Brian Burke** at: **216-406-5607**, text or voice.

Flights in 1928 'Tin Goose' aircraft available in NE Ohio

EXPERIENCE 1920s LUXURY AVIATION WITH EAA'S FORD TRI-MOTOR TOUR

Re-live the beginnings of airline travel in "The Tin Goose"

Unknown to many, Henry Ford and the Ford Motor Company were pioneers in aviation when in the 1920s they designed and built the Ford Tri-Motor, the airplane that became the first regularly scheduled passenger airliner. One of the few surviving Ford Tri-Motors, also referred to as the "Tin Goose," will be flying over the skies of Northeast Ohio, August 17-20, 2023.

The Ford Tri-Motor Tour, hosted by the EAA and Northeast Ohio's local EAA Chapter 846, will be offering ticketed flights to the public in the historic airplane at the Wayne County Airport, (BJJ).

This particular Tri-Motor was completed and first flew in 1928 and was serial number 8. It has an intriguing history that includes roles ranging from service over the Grand Canyon in the 1930s and later as an airliner in Honduras. It was also a showpiece as part of the legendary Harrah's auto and aircraft collection in Nevada. After a long period as a museum showpiece, the aircraft was purchased by the Liberty Aviation Museum, Port Clinton, OH, in 2014 and restored to its current flight status.

This is the third time a Tri-Motor has visited Wayne County. In 2015, residents were so enthusiastic about the plane, EAA Chapter 846 decided it was time to bring her back in 2019, and now again in 2023. Over and over, members of EAA Chapter 846 heard passengers tell them about how, as children, the Tri-Motor was the first airplane they had flown in, when taking Island Airlines to the Lake Erie Islands. Now, they are able to share the experience with their own children, and those who have never flown in a Tri-Motor can step back in time and relive history. The Tri-Motor will be offering rides to 10 passengers at a time, and every seat has a window. Passengers are encouraged to bring a camera to record and share this experience.

Tickets for the Tri-Motor are purchased in advance and are \$95 for adults and \$65 for children 17 years old and under. Booking a spot on the historic "Tin Goose" is possible through a secure flight-reservation system at www.flytheford.org, EAA's Tri-Motor Tour website. The public can also pre-book a flight by calling 1-877-952-5395.

EAA and Chapter 846 would like to thank the tour sponsors who helped make this event possible: Mike Pallotta Ford, The Seaman Corporation, Steve Greer State Farm Insurance, and the Wayne County Airport and Commissioners.

Editor's Note: *Accredited media members and outlets are encouraged to come to Wayne County Airport (BJJ) at 1:30 p.m. on August 17, 2023, to learn about this iconic airplane and to possibly get a ride in it – a media flight is scheduled for 2:00 p.m. on August 17th. The media can also learn more about the Experimental Aircraft Association's (EAA) Experience History tour with Liberty Museum's 1928 Ford Tri-Motor 5-AT-B. Interviews with EAA organizers and the tour's pilots, as well as media flights on the Ford Tri-Motor are available by contacting Paul Zenner, Tour Office Manager pzenner@EAA.org (920) 426-6766*

About EAA

EAA embodies and promotes the spirit of aviation through the world's most engaged community of aviation enthusiasts. EAA's over 200,000 members and approximately 1,000 local chapters enjoy the fun and camaraderie of sharing their passion for flying, building and restoring recreational aircraft.

Local Chapter 846 is based in Wadsworth, OH. For 38 years, its members have been sharing their love of flight and the aircraft that make it possible. The chapter is especially committed to fostering a love of aviation in the next generation of pilots by participating in EAA's Young Eagles. Through that program, volunteer EAA Chapter 846 members have given approximately 3,000 children the opportunity to experience their first flight. EAA Chapter 846 also awards scholarships to students who are interested in aviation and aviation careers or who want to participate in annual aviation camps offered by EAA. For more information on EAA and its programs, call (800-564-6322) or go to www.eaa.org and for the chapter check out its website <http://www.846.eaachapter.org/>. For continual news updates, connect with www.twitter.com/EAAupdate.

Perseverance Award

The first time an aircraft builder flies his new homebuilt aircraft to Oshkosh and registers at Homebuilders' HQ, he will be presented with a wooden plaque entitled "Perseverance Award." It serves as the topping on the cake of completing a project that most likely has been years in the making.

The idea of the award was born in 1977 when the wife of a builder, Doc Brokaw, noticed that other aircraft parked next to and near her husband's aircraft were being ignored. Brokaw's aircraft, the Brokaw Bullet, was widely admired that first year of attendance. His wife recognized that everyone's aircraft represented many hours and years of efforts by the builders and she began to recognize them by placing Snoopy toys on the aircraft. She continued this for many years and these Snoopy toys became known as the Brokaw Perseverance Award. The toys became yellow ribbons, which transformed into the wooden plaques builders now receive.

So, if you're a builder and can fly your creation to Oshkosh, be sure to pick up your own Perseverance Award, along with your Showplane mug, a Homebuilt patch and an Oshkosh Pilot name tag. You might even be serenaded to by the registration folks!!

Ray Scholarship Update:

We were blessed to have both of our current Ray Scholars, and our former Ray Scholar, represent Chapter 846 at Oshkosh this year! Their week started off with a traditional corn roast hosted by EAA and the national Ray Scholarship coordinator. Over 100 past and present Ray Scholars were able to attend this fun evening of fellowship and food! All of our Ray Scholars got the full Oshkosh experience including the heat, the storms, the noise and the dust!

Case McIntyre, Logan Cohara, Abby Donofrio

Case McIntyre has made amazing progress this summer with his private pilot training and is ready to take his checkride in the next few weeks. He will be practicing and studying for his final practical test in the coming weeks and hopes to be finished up with his private pilot certificate before heading off to Ohio State University this fall.

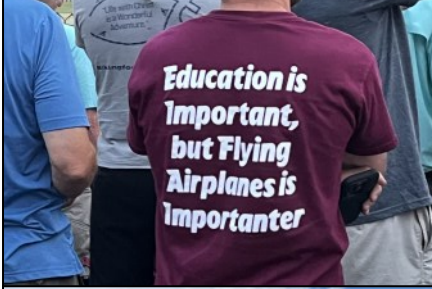

Logan Cohara is also ready to take his checkride and should be doing so in the next few weeks. Unfortunately Logan's examiner postponed his checkride right before Oshkosh. Despite the disappointment of not getting finished prior to Oshkosh, Logan now has more time to prepare which will serve him well!

Did we mention that Logan also happens to be an amazing amateur photographer! Below are a few images he took at Oshkosh last month that are worth sharing!

846 Pacer Project SOLD!

The Chapter Pacer project that was posted on [Barnstormers](#) and [Short Wing Pipers](#) websites has sold. The buyer is planning on picking it up Labor Day weekend. We will need volunteers at Medina airport (1G5, hangar E5) to help box, pack, and move Chris airplane in and out.

Chapter 846 Dinner at AirVenture Oshkosh 2023

By Randy Brooks

Our now annual Chapter 846 Dinner was held on Wednesday, 26 July during AirVenture 2023 at the Chapter Pavilion near Camp Scholler. Approximately 54

Chapter members, family and friends gathered for pizza, camaraderie and sharing stories of Oshkosh 2023.

Many thanks to **Gary Baker** for reserving the Pavilion and to **Paul and Kristi Lutz** for organizing the get-together and getting the pizza for everyone.

After the pizza, most folks made their way to the flightline and gathered at **David Gerdeman's** Cessna 172 to enjoy the night airshow. David stayed at his aircraft during the dinner to shoo folks away who wanted to claim prime viewing space for the night airshow.

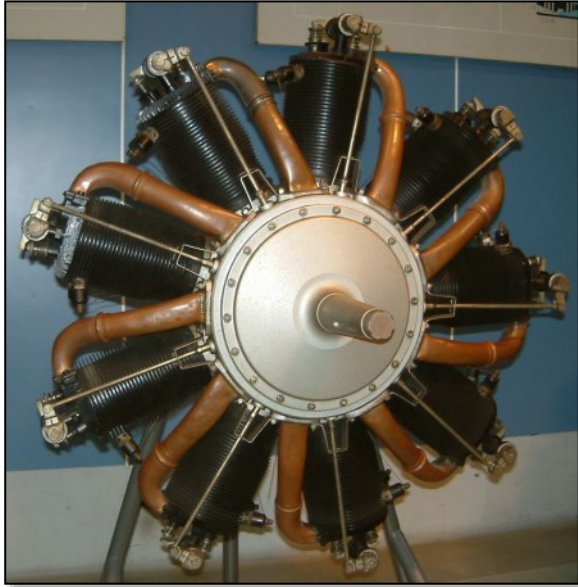

David, ever the chef, and armed with his tongs and forks, chased them away, allowing Chapter members to share his front row parking spot and enjoy the popcorn he made for everyone. The show was spectacular as usual and we were blessed with perfect weather. Hope to see everyone again next year for this fun day.

[More AirVenture photos can be seen here!](#)

They said bring a dessert and a game to the Gathering...

Members' Projects on the Chapter 846 website!			

Mike Guenthner, RV-8:

I continue to work on the main wing spars, installing nut plates and counter sinking holes. Not very exciting work but very necessary to the assembly of each main wing. Unfortunately I am one of the many Vans kit builders who are currently affected by unairworthy parts that were shipped out in kits delivered in the past year. My progress may come to a halt until Vans manages to replace the bad parts. They are still working to determine the extent of how many parts are affected and what the corrective measures will be.

For Sale, 1940 J-3C Piper Cub:

Full airframe restoration and engine overhaul in 2020. Continental A-75 engine with wood prop. TTAF 5020. Engine SMOH 120 (*aircraft flies regularly so times are approximate*).

Aircraft is like new in every respect. I have full details of restoration available for prospective buyers. I have all receipts for work performed.

EAA CHAPTER 846
Chapter Gathering
Minutes of July 13, 2023

President Chris Oehlers called the gathering to order at 17:09 and welcomed everyone. He also thanked John A. Watts and his son, John M. Watts, for cooking the hotdogs and burgers.

Chris congratulated Jeff Paden on the purchase of his new aircraft, an Aero Trek 220, and the completion of a runway at his home. Nice job, Jeff!

Chris also reminded members present of the need for volunteers to help get the food and grills up to Gary Baker's hangar for the gathering on August 10, 2023.

Guests present: Warren Novotny, Rob Hyde, Tom Troxel, Tom Holmes, Bud and Sharon Busony, and Sam Bohner

New Member present: Rick Vierheller

Secretary Report: Secretary Greg Cantrell asked members present for any additions or corrections to the June 8, 2023 monthly gathering minutes. With no additions or corrections recommended, a motion was made by Dave Gerdeman and seconded by Jeff Paden to accept the minutes as written. The motion passed by a voice vote.

VMC Club: VMC coordinator, Gary Baker, gave a short discussion about the program and reminded members there would be no meeting in July due to Oshkosh. The next VMC Club meeting will be Thursday, August 24, 2023. He also addressed the need to increase the number of members attending by the end of the year or the program will not be continued.

The Chapter fly-in at Swank Field held July 7-9, 2023 was reviewed by viewing a video taken by Abby Donofrio.

Treasurer's Report: Treasurer Gary Baker reported all the Chapter bills were paid and there are sufficient funds in the treasury for Chapter business. He also reported a portion of the Chapter funds had been placed in CD's in accordance with a vote of the Chapter Members present at the May Chapter Gathering. We are currently at 103 paid members.

Ford Tri-Motor Update: Greg Cantrell gave an update about the Ford Tri-Motor Tour Stop at Wayne County Airport, August 17-20, 2023. A sign-up sheet for volunteers to work the various shifts during the Tour Shop was passed around to the members present.

Young Eagle Days report: Chapter Young Eagle Coordinator Gary Baker congratulated and thanked the pilots and volunteers for two very successful Young Eagle Days at Wayne County Airport on May 13 and June 24, 2023. Fifty and sixty-six Young Eagle flights were given on the two dates respectively. Gary also passed 30 year Young Eagle pins to volunteers.

It was also reported that Chapter Member, Abby Donofrio, gave her first Young Eagle flight at the June 24, Young Eagles Day. Abby is a former Young Eagle flight participant and Chapter Ray Scholarship recipient who now has her private pilot license. Congratulations, Abby, for coming full circle!

Ray Scholarship Update: Mike Guenthner gave an update of the recipients of the Chapter Ray Scholarship Program. Case McIntyre, the 2023 Ray Scholarship recipient, received his LightSpeed headset and has his check ride scheduled for August 2, 2023. Ray Scholarship recipient Logan Cohara has his check ride scheduled for July 21, 2023.

Monthly Safety Topic: Spatial Disorientation. Kevin Fink presented a very informative presentation on the topic. Thank you, Kevin.

Monthly Meeting Topic: Flying Into Oshkosh. Gary Baker and Randy Brooks, assisted by 25 year ATC, Tim Keck, presented a very informative and detailed program of all aspects that should be considered when flying into Oshkosh. Thank you, Gary, Randy, and Tim.

With no other items to be brought before the Chapter, the gathering was adjourned at 21:38.

The next Chapter gathering will be August 10, 2023 at Gary Baker's hangar at Medina Airport.

Respectfully Submitted,

Greg Cantrell, Secretary EAA Chapter 846
