I threw my phone from the roof,
and it broke...

Join us for our upcoming EAA Chapter 846 Monthly Meeting on **Thursday, July 14, 2022.**

Cookout starts at 6 pm and is located at our chapter hangar (#M1), Skypark Airport. We'll be grilling hot dogs and burgers. **Remember to bring an extra chair plus side dish to pass.** The regular meeting will start at 7 pm.

July Meeting Agenda:

- Officer Reports
- July Safety Topic— Pilot Deviations, **Karl Aber**
- Monthly Program— Flying into Oshkosh, **Gary Baker & Randy Brooks**
- Ray Scholarship Update
- Hangar Addition Status
- Project Updates

Welcome, New Members & Visitors!

- **Mark Moser** who joined the chapter in June!
- **Jordan Avery** who paid us a visit at our June chapter meeting.
- **Gordon Miller**, Gordon is a private pilot who lives in Millersburg with his wife Heidi. Thank you for joining us, Gordon!

Congratulations Logan!

Our 2022 Ray Scholar, **Logan Cohara**, achieved his first solo flight on June 20th at Wadsworth Airport. Logan completed the traditional 3 solo takeoffs and landings in the mighty Cherokee 140. Logan's mother Patty, was able to be in attendance to watch and help celebrate this special moment in Logan's flight training journey. Congratulations to Logan on achieving this milestone! He will now work towards cross-country and night flying as his training progresses.

Logan Cohara, 1st Solo!

In addition, this week EAA announced that they would be covering the cost of admission for AirVenture 2022 for all current and former Ray Scholars who are under 21 years of age. As a result Logan will be receiving free admission all week to his first ever AirVenture!

Pizza Party at Oshkosh!

The annual Chapter Pizza Party will be held in the Chapter Pavilion at Camp Scholler Thursday evening, July 28, beginning at 5 pm. Members are asked to bring side dishes, if possible. Many folks will be camping and won't have access to a kitchen, so everyone understands!

The pavilion will be used prior to the Pizza Party by EAA's Young Eagles Office for an ice cream social, which begins at 3 pm, so we will not be ready to eat until sometime after 5 pm.

Victoria Lorenzon Awarded Top CFI at NIFA

Victoria Lorenzon was awarded "Top CFI" at the National Intercollegiate Flight Association's National Competition held in Columbus Ohio in May. She also was awarded the Women's Achievement Award at NIFA and received a scholarship for her efforts.

Congratulations Victoria!

We're Confirmed- Pancakes in Oshkosh, Rise & Shine!

The chapter has been chosen to host one of the mornings' breakfasts in Camp Scholler during AirVenture. Our morning of cooking is Wednesday, July 27. We will be utilizing the Chapter Pavilion at the northeast side of Camp Scholler.

Many volunteers will be needed to make this morning another chapter success. We are asked to be ready to work at 5:45 am. EAA would like us to be ready to serve breakfasts at 7 am. Those who will be working with food are asked to wear hats, which can be provided if anyone forgets theirs. EAA will allow us to utilize the rotating griddle to make the pancakes again. If you have not seen this in action yet, now is your chance! Chapter aprons will be available for those who will be cooking and serving.

Breakfasts will be served until the food is gone or 10 am, whichever comes first. We should be cleaned up by 11 am, so everyone can enjoy the rest of the day (or go back to the tents to nap!)

Here is an early thank you to everyone who will be a part of this fun event!

Memorial Wall Inductions

Chapter members **Bob Taylor** and **Pete Klapp** will be memorialized at Oshkosh during AirVenture '22. All chapter members who will still be at Oshkosh are asked to join in the dedication service on the last Sunday of AirVenture, July 31, at 10 a.m. The dedication service will be held at the Memorial Wall near the Fergus Chapel. Many thanks to **Randy Brooks** and **Gary Baker** for submitting the chapter's applications for Bob and Pete's submissions.

The heartwarming ceremony will include a poignant reading of inductees' names, a breathtaking missing man flight formation, concluding with the playing of taps. All chapter members who are still in Oshkosh Sunday morning are asked to attend.

Safety Forums at Oshkosh

Chapter member **Gary Baker** will again be presenting his program "**Flight Testing Basics**" at this year's AirVenture. This forum will assist the builder in getting ready to conduct the first and future flights in their new airplane. Gary is an EAA Flight Advisor and has worked with many homebuilders in preparing for their first flight. He has also conducted the first flights in his RV-6 and a Falco.

Gary will present his program at Forum Stage 6 Monday, 10 a.m. and in the Homebuilders Hangar Thursday, 11:30 a.m.

Hope to see you there!

August Chapter Gathering in Medina!

Gary and Mary Baker will be hosting the August Gathering at their hangar at Medina Airport, as in years past. This gathering will allow those who are able to attend Oshkosh '22 to pass on their stories, photos, and new purchases to the membership.

Upcoming Young Eagles Day TWO !!!

We will be holding another Young Eagles Day at Wayne County Airport on Saturday, August 27. Everything will be the same as our June 11 event, except that the airport will not be hosting its Airport Day.

Invitations from the YEDay.org website were sent to many of the chapter members who have volunteered in the past. These invitations are to ask the members to register on the website so that they can be acknowledged as to their availability for the Young Eagle events. If you have not yet registered on this website and will be volunteering as a pilot or a ground volunteer, please go to www.YEDay.org and register. **Gary Baker**, Young Eagles Coordinator, will be able to see your registration and mark you as confirmed as a volunteer.

As of July 8, we have 70 kids registered to fly that day. We will be again needing a large number of pilots and volunteers to assist in making this event another success.

Thank you again!

holding its Airport Day and offering complimentary lunch and drinks for all of our volunteers and visitors. Matt Long, Airport Manager, and his staff did a great job and were a great help to chapter members. This allowed the chapter to host another successful and enjoyable Young Eagles Day.

Thank you all!

846 Young Eagles Day Recap-

By Gary Baker, Young Eagles Coordinator

The weather cooperated and many chapter members showed up to help seven pilots fly fifty-five Young Eagles on June 11, 2022. Our annual Chapter 846 Young Eagles Day was another success with the assistance of the staff at Wayne County Airport. The pilots and their totals are:

David Gerdeman flew 9 kids

Dale Housley flew 7 kids

Paul Lutz flew 9 kids

Joshua Moore flew 5 kids

Chris Oehlers flew 4 kids

Bryon Palitto flew 17 kids

Josh Tomsheck flew 4 kids

Mary Baker and **Greg Cantrell** did a great job on handling the registration process checking in kids and parents. Gary Baker took care of assigning kids to pilots and plane captains **Walt Halloran, Ron Lutz, Amelia Lutz, Fiona Burke** and **Brad Wurst** escorted kids and parents to and from aircraft. **Brian Burke** did an excellent job hosting the three ground schools kids attended prior to the flights. **Randy Brooks** and **Dave Manning** kept all of the pilots from running into each other on the ramp and assigning parking spaces.

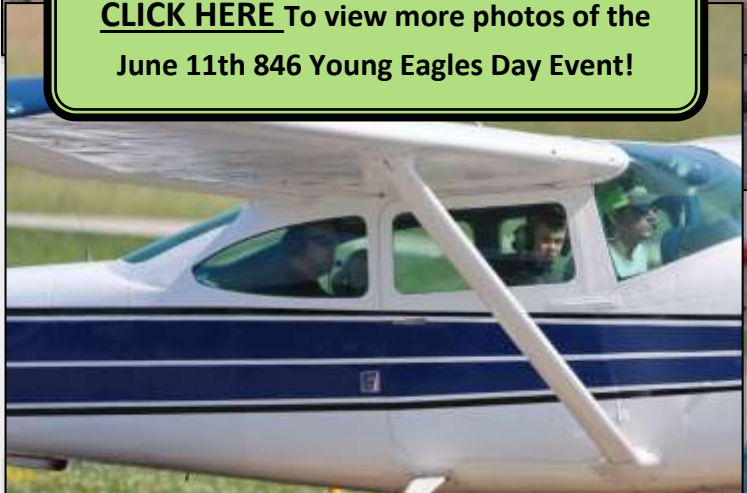

Photographers **Aaron Lehuta, Fiona Burke, and Abby Donofrio** took photos. **Fred and Edilene Coblentz** did a great job selling 50/50 raffle tickets, netting the chapter \$87. Other volunteers were **Mike Guenthner, Jeff Paden, Wyatt Moore, Mark Moser, Glenn Krafcik** and **Tim Conway** helped throughout the day.

A special thanks goes to the Wayne County Airport for

Westbound by Cirrus...

By Tim Conway

Chapter members Greg Hackett and Tim Conway toured the west last month in Tim's Cirrus (SR22), with stops at Rapid City (KRAP) to tour MT. Rushmore and Crazy Horse Monuments. Departing Rapid City we completed an aerial tour of the above mentioned monuments then proceeded to fly north-west bound to over fly Devils Tower (Gps position: 44° 35' 25.0044" N, 104° 42' 55.0044" W), then continuing south bound to Colorado Springs (KCOS) with visits at The Airplane Restaurant, a Boeing KC-97 Tanker, and The Garden of the Gods Park.

Crazy Horse

Devils Tower

The next morning, we departed for Leadville Airport (KLXV), North America's highest public use airport at an altitude of 9,934 feet, flying south to Lake Pueblo and then following the Arkansas River up the pass at 12,500 feet. Upon our departure the density altitude was 12,000 feet and our departure procedure was to run the engine up to full rpm (2600) and lean to the best power setting of 18 GPH, which worked out just fine. We used just over 2,000 feet of the 6,400 feet available and climbed out at over 500 fpm making it easily to the pattern altitude of 10,600 feet by our mid-field down-wind. On the way down, we followed the same pass and landed for lunch and fuel at Pueblo Airport (PUB). The trip home was aided by nice tail winds at 11,000 feet, with a quick fuel stop in Springfield, IL (KSPI).

The total trip was just short of 2800 NM and was 18.3 hours of flight.

Congratulations Fiona!

Congratulations to Fiona Burke! Fiona has been selected to represent chapter 846's Young Eagles at AirVenture. Fiona will participate in celebrating the 30th anniversary of the Young Eagles program by flying on the Ford Trimotor during the early morning hours on Thursday, July 28.

Way to Go Fiona!

Leadville, Colorado

Garden of the Gods!

A black rectangular graphic with white and red text. At the top, it says "AVIATION CHEAT CODES" in large white letters. Below that, there are three lines of text: "7500 FLY FORMATION WITH F-16S", "7600 ATC MUTE", and "7700 PRIORITY LANDING ...ANYWHERE". The numbers 7500, 7600, and 7700 are in red, while the rest of the text is white.

Fly-in Time!

The weather Gods came through for the **Beach City Fathers Day pancake breakfast Fly-in**, June 19, 2022. Chapter 846 was well attended with 13 chapter aircraft counted!

Impromptu Fly-out to Swank for the \$125 Whiffletree special!

By Karl Aber

Got the text Thursday 6:41 PM... "A group of us are leaving Skypark tomorrow at 11:00 for Swank. If anyone wants to join us for lunch, see you there" Sure! It was a beautiful day for flying and five aircraft, seven folks showed up for a Great Time!

**SkyPark

LANDING JUDGES

The Lutz Family Ride Machine!

Looking for Members' Help:

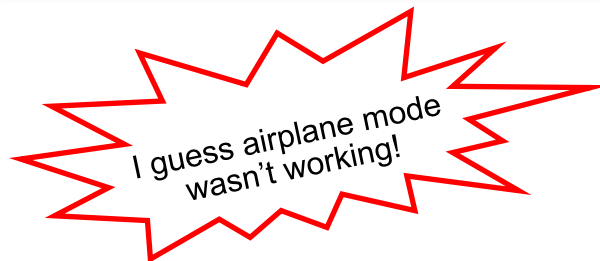

Hi all,
David Kopanski here. No work to report on the Spezio TuHoler, but I was reading last month's Kitplanes and found an article about building a plans built or kitplane without complete documentation. It seems as though, even if I finish the plane, since I don't have proof of ownership by having the receipt from the original owner and/or complete receipts from all of the components going into the plane, then it can't be registered. I am no expert at this and I ask the members for any input- Thanks.

David Kopanski- 843-269-5597

RV-8 Update

By Mike Guenthner

It's still coming together, slowly, but I'm making progress on the vertical stabilizer after a few months of inactivity. With any luck the vertical stabilizer will be finished in a week or so (it's the simplest of all the parts to build) and then it's on to the left and right elevators as well as the trim tab which will complete the empennage section. Still expecting the wing kit in late August or September.

Randy Brooks' New Present!

EAA CHAPTER 846

Chapter Meeting

Minutes of June 9, 2022

The meeting was called to order by Chapter President Chris Oehlers at 19:15.

Guests: Guests Mark Moser and Dennis Dent were introduced.

Secretary report: Minutes from the May 12, 2022, monthly meeting were reviewed and, with no additions or corrections, a motion was made by Steve Tytko and seconded by Brian Burke that the minutes be accepted as written. The motion passed.

Ray Scholarship Update: Mike Guenthner

Mike reported that Abby Donofrio will be finishing up her solo cross country and then scheduling her check ride.

Mike also reported that Logan Cohara is progressing well and expects he will have completed his solo by the next Chapter meeting.

Mike announced there has been no word from EAA on additional Ray Scholarships this year.

Deck Project Update: Dave Gerdeman

Dave reported we have the permit and a signed letter approving some changes to the plans. He will be working on the plans to finish some details that Pete Klapp had in mind but not on paper. He also suggested the Chapter may want to consider hiring a construction manager for the completion of the project.

Treasurers Report: Gary Baker

Treasurer Gary Baker reported there are sufficient funds in the treasury for Chapter business and introduced new member Mark Moser. Welcome, Mark.

Gary announced that Pete Klapp and Bob Taylor will be inducted onto the Memorial Wall at Fergus Chapel at Oshkosh on Sunday, July 31, 2022 at 10:00

A.M. for those wishing to attend.

Gary also reported the Chapter had been selected to serve pancakes at Oshkosh on July 27, 2022. This is a very good fundraiser for the Chapter as we made \$2800 doing this in 2019.

Young Eagles Update: Gary Baker.

Gary reminded the Chapter that our Young Eagles Day will be Saturday June 11, 2022 at Wayne County Airport (KBJJ). He asked for volunteers at various positions. Gary will bring the necessary materials from Skypark to KBJJ at 2:30 on Friday June 10 for unloading. Set up will be at 7:00 A.M. Saturday morning with the pilot briefing at 8:30. Young Eagle flights will begin at 9:00 and continue until 2:00.

Monthly Safety Topic: Mike Guenthner

Mike gave a very informative presentation on flying from VFR into IMC. The emphasis of the program was the importance of planning ahead, being prepared, and having an escape plan. Thanks, Mike.

Monthly Program: Hardware- Brad Wurst

Brad presented a very interesting and informative program about the variety of nuts, bolts and washers that can be used for projects. Thanks, Brad.

Gary Baker concluded the meeting with a synopsis of his flight with Mary to Key West Florida and back to Medina.

With no other business to be brought before the Chapter, a motion to adjourn was made by Dale Housley and seconded by Steve Janowski. The motion passed and the meeting was adjourned at 21:07.

The next chapter meeting will be on July 14, 2022 at 7:00 P.M. in the Chapter hangar with a potluck dinner starting at 6:00 P.M.

Respectfully Submitted,

Greg Cantrell, Secretary EAA Chapter 846

EAA CHAPTER 846

Board of Directors Meeting

Minutes of June 28, 2022

Board Members present: Chris Oehlers, Ron Lutz, Randy Brooks, Paul Hanchek, Brad Wurst, Paul Lutz, Brian Burke, and Greg Cantrell.

Members present: Karl Aber

MVP Plaque: Chris Oehlers

Chris and the Board Members reviewed the design/color options for the Chapter MVP Plaque sent via email by Gary Baker earlier in the day. The unanimous consensus was to go with the lighter color option for the plaque. The Board unanimously approved \$200 for the project.

Summer Celebration:

Chris gave a brief overview of the Summer Celebration activities at Skypark on June 26, 2022. Chris reported he had received correspondence from Jessica Maslach regarding any improvements that could be made for next year's event.

Deck Addition

Chris reported Gary Baker has the building permit for the project. Dave Gerdeman is still going through the plans and making adjustments as well as putting together a materials list. David is looking for someone to serve as project manager to oversee the acquisition of materials, scheduling of labor, scheduling of inspections and any other managerial tasks necessary for the construction portion of the project. After some discussion, the consensus was that we may need to hire a general contractor to oversee the construction of the project. Greg will contact Mark Moser about cutting the concrete and also contact Fred Mathys about overseeing the construction.

Tri Pacer Donation

The Chapter has been approached by an individual

wishing to donate an airplane to the Chapter. The plane is a Piper Tri Pacer. It is complete but not assembled. The discussion was whether or not to accept the donation. It was discussed that the Chapter is not looking for a project. The plan would be to sell the complete airplane or part it out, with preference toward selling it complete. It was decided to bring the matter before the Chapter.

Fly-in

Greg Cantrell will chair the fly-in committee and it will be put on the agenda for discussion at the July meeting. The date of the fly-in is September 17, 2022 and will be held at Wayne County Airport (KBJJ).

Paul Lutz reported that Steve Zaleski has approached him about having a chili fly-in sometime in October.

Paul also reported the Swank Fly-in/Campout will be August 19, 20, and 21 at Swank Field.

President Chris Oehlers reported that Karl Aber had been chosen by EAA to receive the Chapter Web Editor of the Year Award. He will be presented the award on July 30, 2022 at 8:00 A.M. at Oshkosh.

With no other business to be brought before the Board, a motion to adjourn was made by Chris Oehlers and seconded by Greg Cantrell. The motion passed and the meeting was adjourned.

Respectfully submitted,

Greg Cantrell, Secretary EAA Chapter 846
