OLD BUSINESS

- Using the \$1000 from Boreal Aviation: We still need to spend this money before December 31 – although it may be extended.

Tyler Lindholm has been selected as this year's recipient. He has been using a plane from the Flying Club and has already completed his solos and cross-country solos.
- Last year's Young Eagle credits: We flew 71 kids for a total of \$355 that must be spent before December 31 of this year – though they may be extended
