

Pittsburgh-Butler Region Experimental Aircraft Association - Chapter 857

EAA 857 NEWSLETTER

An example of the military liaison and observation aircraft derived from civilian light planes such as the Cessna 170 (305A). This is an O-1A Bird Dog otherwise designated as L-19A from the Korean era. These replaced the WW2 L-2, L-3, and L-4 Grasshopper types which several of our chapter members have owned. It is staged here for a presentation at the Warbirds in Review plaza.

Presidents Message

Hello EAA 857,

Personally, I've experienced a crazy busy month. As Ted shared, I received the FAA Safety Team Representative of the Year award at the district level as well as at the national level. I will be heading to Air Venture this year to accept the award. This still doesn't feel real to me. I have been to Oshkosh but not during the festivities. Please share any tips and tricks you may have!

Miss. Isabella passed her Instrument Written this past month. Isabella, Clarrisa (Isabella's best friend) and I ventured to good old KTSO to celebrate International Women's Day and the passing written score and to practice some holding procedures (I promise I teach not just take fun flights). We learned a valuable lesson about always checking the hours of operation for the restaurant on google rather than on trip advisor. Beware of false advertisement!

I want to give a shout out to Dan Hood. Dan flew the package and letter we received at Butler Airport to me at New Castle this month. We really are blessed to have a great group of people that are willing to work together. Speaking of working together I expect Sam Burke to be signed

off for her checkride with a date by the time you are reading this! Sam and I have been working diligently towards completion these past few weeks. We are very excited to finish up and take on instrument next!

Airplanes and Automobiles 2025 is set for Saturday August 23rd, 2025. 10 AM – 4 PM! I hope to see you there!

Kindly

Josselyn Slagle

Chapter President

Note: Chapter membership dues are \$25 for 2025 and **are now due and payable**. You may add a family membership for an additional \$10. You <u>must</u> be a member of the national EAA to join EAA Chapter 857.

Pittsburgh-Butler Region Experimental Aircraft Association—Chapter 857 Minutes of the February 18, 2025 Regular Meeting

Opening: President Josselyn Slagle called to order at 7:06 P.M. and led the members in the Pledge of Allegiance.

Meeting attendees: 11 members were present.

Previous Meeting Minutes: The minutes of the prior month's meeting are in the newsletter. Motion to accept the minutes put forth by Kyle Riedel and seconded by Josselyn Slagle.

Treasurer's Report: The Treasurer's report submitted by email from Frank Szczerba was reviewed. Motion to accept by Ted Merklin and seconded by Joss Slagle.

Newsletter: The February newsletter was distributed and uploaded to the chapter website. Newsletter contributions are always welcome!

Website: Enter https://chapters.eaa.org/eaa857 in your browser to view the site. Looking for our upcoming YE event to upload.

Tech Advisor: N/A

Next Regular Meeting: Tuesday, March 18, 2024

IMC / VMC meeting: VMC club after closing.

Young Eagles:

- The board agreed to the Saturday June 14th International YE event and August 9th, the local YE event.
- Registration will not open for until June 7th for the Mars New Year event
- Registration software online is up and running.
- Ted Merklin needs to apply for the YE's event insurance.
- Ted Merklin will create a chapter blast. [Actually NA to YE Events]

Air Academy:

- Carter Straub's Mom reached out to Ted Merklin and wondered if there was anything else that needed to be done. She asks if there were other scholarships. There are from National EAA
- As soon as Ted Merklin gets word from EAA regarding YE Credits, he'll let Carter's Mom know about the balance of fees.
- When Carter gets his free flight, he can explain to YE's, how the progress at the Sporty's Training software helped him.
- Carter is eligible for a discovery flight after completing Sporty's program.

Ray Aviation:

- The interview for the 2025 applicant is set to occur Monday.
- The check for the scholarship cannot go to a University, because they have to be able to make sure that the money is going to flight school.

New Business: The 2024 chapter volunteer service pins and certificates were awarded.

- The airport manager wants to increase the fee for our storage room to treat tenants fairly per FAA. We are asking to see what their proposal is.
- We may need to fill out a tax-exempt application to get a tax reduction off the storage room fee. This is a complex filing we previously elected not to complete.

Old Business:

Hanger Lease; we did not have anyone apply for it. We have to give the airport authority 30 days to let them know if we want to discontinue it. The board will provide that notice.

Closing: The meeting was adjourned by Frank Szczerba and seconded by Danny Micheals at approximately 7:37 P.M.

Program: Kyle Riedel moved to adjourn the meeting and seconded by Destinyjay Maletta at approximately 7:45 P.M.

Respectfully submitted:

Destinyjay Maletta, EAA 857 Secretary

Pittsburgh-Butler Region Experimental Aircraft Association—Chapter 857 Minutes of the February 18, 2025 Board Meeting

Opening: President Josselyn Slagle called to order at 6:13 P.M.

Meeting attendees: 7 board members were present.

New Business:

- Ted has created the registration site for the June YE event. Ted must discuss this with the KBTP administrator; We need to inquire about the Young Eagle's dates with the airport authority. Since we won't cook for the event, the board suggested to send people upstairs to Serventi's and ask them to pay us 10% for donations to support the local EAA chapter.
- The Boy Scouts contacted us from Mount Lebanon regarding attending the YE rally
- The Airport authority wants to charge fee for renting our storage room [currently \$1 per year]. Dan Hood is going to talk to the airport authority about the fee. The board is proposing that we pay a storage fee. We would have to reduce the amount we give to the Air Academy if we are going to pay a much larger fee.
- The board is thinking about implementing a dues pay button for the website, and a donation button.
- The board agreed to drop the lease for the hanger.

Closing: The meeting was adjourned by Josselyn Slagle and seconded by Frank Szczerba at approximately 6:52P.M.

Respectfully submitted:

Destinyjay Maletta, EAA 857 Secretary

FAA Safety Seminar via Zoom. Monday March 17th at 7 PM

"ToM - Empowering Safer Skies Through Risk-Based Flight Reviews and Wings"

Topic: FAA WINGS SAFETY: Empowering Safer Skies Through Risk-Based Flight Reviews

On Monday, March 17, 2025 at 19:00 Eastern Daylight Time (16:00 PDT; 17:00 MDT; 18:00 CDT; 13:00 HST; 15:00

AKDT; 16:00 Arizona; 23:00 GMT)

Select Number: EA03135728

Description:

The FAA WINGS SAFETY Risk-Based Flight Review is a comprehensive program designed to enhance pilot proficiency and safety through personalized, risk-focused evaluations. By identifying and addressing specific risks associated with a pilot's flying habits and experience, this program promotes better decision-making, situational awareness, and overall flight safety. Whether you're a beginner or an experienced pilot, the FAA WINGS SAFETY program helps ensure you're flying with confidence, skill, and the most up-to-date safety practices.

On the next page you will see a listing of all the pilots who have flown for our chapter since its inception in 2000. This information comes from the worlds largest Logbook on the EAA website (link). One can look up individual youth records, pilot records and chapter records as shown below. Summing up the Flights to Date column, these folks are credited with 3,600+ Young Eagle rides, led by our Captain Larry Schaefer with 588. As noted in the summary above, I estimate 1,165 YE have been flown out of KBTP.

The Chapter's Newest Private Pilot

Kyle Riedel

Chapter 857 congratulates Azora Riggle, a recent visitor to the chapter, for her huge success in becoming a Certified FAA Private Pilot!

Azora flies with the Beech Club located in Meadville. Azora also credits her instructor, Garrett Gottlieb, for staying the course to help her get across the finish line in this "all-important" milestone. Next up on Azora's list is selecting an aviation university to keep her on track to become a professional pilot.

Azora celebrates her new certificate!

IMC/VMC Club Schedule

In 2025, Kyle Riedel looks forward to serving the Chapter's pilots and aspiring pilots as a coordinator for EAA IMC/VMC Club. My goal is to offer these vignette-driven scenario discussions on an alternating schedule, so we appeal to all types of flying. Through discussion of the vignettes, we all grow as pilots, especially by viewing each scenario from our own flight experience.

The sessions will be offered after each of our regularly scheduled meetings and will last 15-25 minutes (based upon the level of pilot interaction). Like 2024, if there is an FAA Safety Seminar that occurs at the same time, we will participate in those events since they are more detailed in topics. Additionally, most of them offer Wings Credit.

Members and non-members are all invited. Chapter 857 offers the IMC/VMC as another good reason to join our Chapter and to grow as pilots.

EAA Chapter 5 Promotion

Hi Joss,

I am Vice President of Chapter 5 in Middlefield OH. We are running an exciting raffle to raise funds for a high school STEM build project. One lucky person will win a trip for four to the Paris Airshow this June. First-class airfare, luxury accommodations at the Four Seasons George V in Paris, and tickets to the airshow. Tickets sell for \$100 each. Details on the raffle and how to enter can be found at the Chapter 5 site: https://chapters.eaa.org/eaa5

Here is where we could use your help in getting the word out on this unique raffle. Could you please post this information on your Facebook site and forward this message to your chapter members? They probably know someone who would be interested in winning this trip.

I have attached some of the materials we have created to promote this event.

Thank you in advance for your support of this project.

Regards,

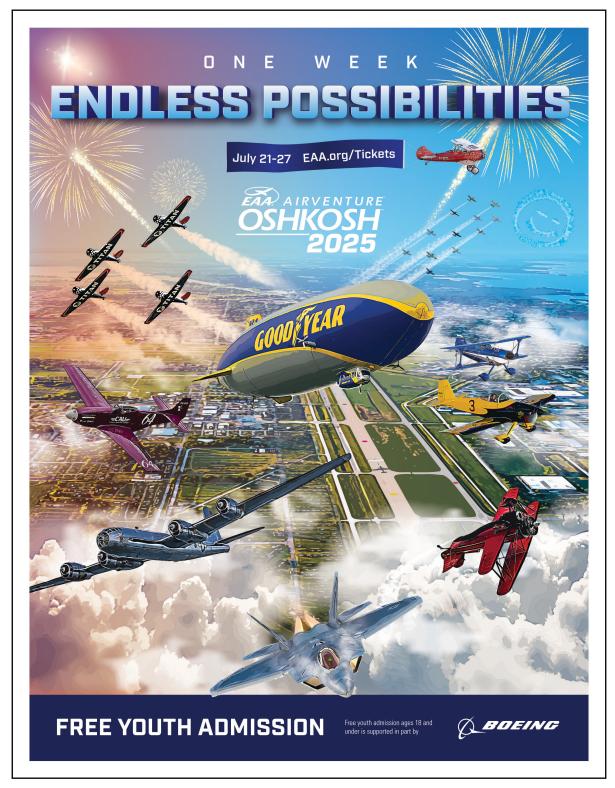

John Yochum Vice President EAA Chapter 5 440-715-5662
