

The Maple Lake Flyer

August 2021

EAA founder Paul Poberezny dies August 22, 2013, at age 91, leaving behind an unmatched legacy as a pioneer of the homebuilt aircraft community, and inspiring tributes from aviators around the world. Poberezny's death came just days after he was named to FLYING Magazine's "51 Heroes of Aviation" that included Charles Lindbergh and Neil Armstrong.

Presidents Airspace

by Greg Thomes

Congratulations to the EAA 878 members that attended AirVenture 2021 in July. By either stopping at the announcer's stand for a photo op or visiting with us on the grounds, it was good to see such a large presence of our membership. Those who made the trip included: Wayne Flury, Fred Jude, Chris Glaser, Ray Svobodny, Dr. Tom Hurvitz, Boyd Emmel, Dick Borrell, Kyle Weatherly, and Amy Weatherly.

Looking forward to seeing everyone at our August 10th, 2021, meeting.

May your skies be bright and breezes light!

Greg shares his [AirVenture 2021 notes & images](#)

Flight Advisor Airspace

by Chris Glaeser

While Chris is away, the Chapter is asking for a Member CFI/CFII or other experienced aviator willing to share their knowledge to continue educating our EAA Chapter 878 through this column about general aviation flight safety & information.

For more details, please email [Ray Svobodny](#), your Newsletter Editor.

Wanted – Photos of You and Your Airplane

by Elaine Morrow, Chapter Webmaster

Help me make our website a place of chapter recognition and interest. Please send me a photo of your airplane (and you) which I will include on our Chapter 878 website. This includes aircraft projects too! Send to: pilotelaine@aol.com or call 952-913-2356 with any questions.

Requesting Chapter Member Aircraft and Project Info

By Chris Glaeser

Chris Glaeser (as our chapter Flight Advisor) is still looking to get information from all chapter members about aircraft owned, or projects working on. His focus is to have a list so that if he gets a call from someone asking if he knows anything about RV aircraft or float planes, etc., he has a source of reference.

If you haven't yet responded to Chris, please contact him with your info (a photo may also be nice) with complete data on your airplane, including engine and prop. His contact info is: 952-239-4081, or chris.glaeser@gmail.com.

Keep Your Contact Info Updated

by Ray Svobodny

Chapter 878 Membership Roster is an ever-changing document as members join, depart, move, change email addresses, etc. Please provide Chapter 878 Database Manager, Ray Svobodny, with any changes to your information or filling in any blanks in our current info. Contact Ray at: raysvobodny@gmail.com or 612-327-4232

WINGS - Pilot Proficiency Program

The objective of the WINGS Program is to address the primary accident causal factors that continue to plague the general aviation community. By focusing on this objective, we hope to reduce the number of accidents we see each year for the same causes. As you will see, it is not a simple "Award" program but is instead a true proficiency program, designed to help improve our skills and knowledge as pilots.

Member Spotlight

by Ambyr Peterson

I probably have this in common with many of you; I fell in love with flying as a teenager. I was 17 with low self-esteem and my stepdad was smart enough to get me in the cockpit. I was right at home. The summer I learned to fly not only taught me about weight & balance and flight planning, but about who I was as a person and how strong I really was. Flying changed my life.

Sadly, as many pilots can also attest to, I had to stop flying due to financial reasons. I took 20 years out of the controls. I traveled for work and always fought down the temptation to turn left instead of right when I got in a plane.

Thankfully, five years ago I met a NetJet pilot in a friend's kitchen in Sioux Falls and we talked "pilot" for three hours. When I think of that, I can still feel the butterflies of excitement in my stomach to this day. I allowed myself to remember how much I loved the stick and rudder, planning a flight, executing a landing and simply being in the air.

EAA Chapter 878 Aviation Education Fund

(simply click image to donate)

We are raising money to rebuild an old hangar to house our EAA Chapter 878 and finish building an RV-4 airplane. Please join our GoFundMe effort. Sharing with others would also be helpful.

The second largest Girls in Aviation Day in the world is coming to KFCM and we would love to see you there!! The event is Saturday, Sept 25th from 10-3 and our goal is 3000 attendees. We need your help! We need volunteers (no aviation experience required), your aircraft to display and/or as many young attendees there that we can get. The event is like a mini airshow, if weather/missions permit we will have some great aircraft to tour including a CRJ, a mint condition Stearman, a Blackhawk, law enforcement aircraft and a NWS aircraft. You can sign up to volunteer, show your aircraft or attend at Girlsinaviationdaymn.com.

Best of all this event is completely free!!! Consider volunteering for a ½ day and walking the show for a ½ day – it'll be great. Any questions, feel free to email Ambyr Peterson at ambyrpeterson@yahoo.com or call/text at 818-324-3037. [Click flyer for additional details.](#)

2021 GIRLS IN AVIATION DAY

**FREE
EVENT**

September 25, 2021 10am—3pm
Jet Linx & Flying Cloud Airport
Eden Prairie, MN

Girls in Aviation Day is a free event for youth to learn about career opportunities in aviation and Science, Technology, Engineering, Math (STEM). Exhibitors from airlines, military, universities, flight schools, pilots, engineers and many professionals will showcase aviation careers.

The event is geared for girls ages 8-17 however everyone is welcome. Girls in Aviation day is aimed at encouraging female participation in STEM and aviation related careers.

EVERYONE WELCOME
School Groups, Girl Scouts, Families + You

Submissions for publication are encouraged and should be sent to the attention of: Newsletter Editor. Send "change of address" information, email address and phone number changes to: Chapter Database Manager. Permission is granted to other Chapters to reproduce any or all of this publication, with credits to be acknowledged.

Chapter meetings are normally held on the second Tuesday of each month (except for the winter months of January — April when we meet on the second Saturday morning). Meeting location and time may vary each month, depending upon the meeting program or other chapter activities. Our December meeting is usually a #milv social event held at a local event center, with date, time, and place to be determined annually. Chapter membership is open to all persons interested in aviation. To become a member, simply contact any one of the current officers and request a membership application or click on the "Membership" link on our [website](#). 2021 Annual dues are \$10 for members up to 35 years of age, \$25 for age 35 and over, and \$35 for a family membership.
