Next Meeting

**WEDNESDAY, October 13th @
7:00pm**

EAA Chapter 902, meets on the 2nd Wednesday of each month at 7:00 PM.

Henry Pflegl is Chapter President and you can reach him at (503) 680-5295.

Directions to Mulino airport:

From I-205 take exit onto Hwy 213 southbound. Continue on Hwy 213 to the town of Mulino. The EAA Chapter Clubhouse is about 1/4 miles past the restaurant, on your right. 13801 S. Darnell Rd.

Program Next Up

Bob and Lorrie Armstrong will have pictures of the Reno Air Races

Low & Slow

by Henry Pflegl

Greetings everyone, we had a nice fly-out to Cottage Grove a couple of weeks ago. The weather was nice with a little headwind going down and small bumps coming home. It's a short walk to a nice Mexican restaurant with plenty of seating and good food. Brandon S. flew me down in the Cub. We made several landings at different airfields to give Brandon more experience at new locations.

Nominating Committee: It's that time of year again, we need a couple of members to round us up officers and board members for the upcoming year.

Building projects: Does anyone have an idea for some winter time projects that we could get together to keep our members busy this coming season. I was thinking of pulling out one of my Ranger engines and building a stand so we could get it running like you see in those YouTube videos. One of our members was thinking of recovering some spare control surfaces for his fabric covered plane. Any ideas?

This month's chapter program. Bob and Lorrie A. and I will show you pictures of the Reno Air Races.

That's it for now, see you all on the 13th.

Note from the Editor

The Newsletter is **YOUR** voice in the Chapter, not mine. It will be as rich as your contributions, so please take time to contribute frequently!

Ken

Young Eagles - Unfortunately, nothing new on the Young Eagles. Announcing the volunteer of a new Young Eagle Coordinator would be nice. LOL :-)

Ray Scholarship - Chapter 902 has been officially granted a second EAA Ray Aviation scholarship for 2021 by EAA national and the Ray Foundation. The chapter will soon be receiving the first installment amount (\$4000) of the \$10000 scholarship. The chapter's second 2021 scholar (Luke Palau) had been selected and has now been notified of the chapter's successful receipt of the scholarship. He had

already been taking flight training through Tom Wrolstad and Wayne Schoor at Lenhardt's Airpark. Luke and his parents have been working hard to pay for his lessons. Luke now has about 11 hours. Luke is very thankful and stated that the scholarship will be a tremendous help in him being able to successfully complete his private pilot training. He expressed great appreciation for EAA's, Ray Foundation's and our chapter's help in receiving this assistance and life changing opportunity. I look forward to working closely with Luke on his flight training and seeing him at future chapter gatherings. Congratulations Luke!

East Side Builders Group

with Dick Scott

We are always looking for projects to showcase. Have something worth seeing, or maybe just need a hand for the day? Hosting a session can be helpful and informative for both the host and visitors. Everybody makes mistakes and hosts often learn of a mistake they have made while guests learn from the mistakes as well.

Send your ideas for project meetings to Dick Scott at nc37301@gmail.com or call Dick at [503-630-4739](tel:503-630-4739).

Ever Try Powder Coating?

Ken Williams

Have you ever wanted to learn how to powder coat? Maybe you have seen how its done at some point but never done anything yourself. I thought that some of the members may like the chance to give it a try. Come on over and we'll have some sample parts you can powder coat and see how easy it is to get a beautiful part.

Here are some of our parts that we have already done as an example of what is possible. We'll fill you in more on Wednesday.

What: Learn to Powder Coat

When: Saturday October 16th @ 10:00am

Where: 15448 SE Powell Blvd Portland OR

Contact/Questions: Call/Text Ken Williams 971-409-6561

For Sale

I can help MAKE YOUR PROJECT MOVE FASTER. Many builders have found that having someone else to help with a project one day or a couple of evenings each week improves the rate of progress. I am wanting to help so I can gain experience in airplane construction and repair. I would be studying EAA's "Hints for Homebuilders" when working in areas I am not familiar with.

New ads will be placed in the newsletter for three months. After that time the ad will be removed unless I am notified. If you want your ad to keep running then you need to let me know every three months.

Chapter / Fly-In 2021 Calendar

Most events are cancelled due to Corona Virus. Things are starting to open up. I've tried to find what is out there. Please let me know if you know of anything.
