Next Meeting
Cancelled
Wednesday, March 10th

EAA Chapter 902, meets on the 2nd Wednesday of each month at 7:00 P.M. December is the one exception.

Henry Pflegl is Chapter President and you can reach him at (503) 680-5295.

Directions to Mulino airport:

From I-205 take exit onto Hwy 213 southbound. Continue on Hwy 213 to the town of Mulino. The EAA Chapter Clubhouse is about 1/4 miles past the restaurant, on your right. 13801 S. Darnell Rd.

Program Next Up

Due to Covid-19 meeting is cancelled.

Cover: Nothing to share, From anyone???
That means that we need to get out there flying!!!

Low & Slow

by Henry Pflegl

Hello everyone, I'm embarrassed to say that I haven't flown in over 2 months. Call it lazy or the bad weather I'm not sure, but at least I have tackled some maintenance issues and when the flying season is upon us I will be ready.

Another month with no meeting. The governor has relaxed the requirements for having get togethers but our small building is not suited for the minimums. If the weather was better we could have an outdoor meeting but that is still a ways off.

I hope you all made it through the ice storm with no problems. Jim W. lost a big oak tree across the back of his house but no one was hurt. I heard from a few of you that you had to cut your way out of your drive ways. I'm lucky as to not have any large trees close around. The night that it all started I was standing outside just listening to all the groaning and cracking of trees and seeing the flashes of light from the power lines. Lets hope that doesn't happen again for long while.

I apologize that I don't have much to write about but lets hope in the near future we can all get together and talk flying. See you all soon.

Note from the Editor

Remember the Newsletter is **YOUR** voice in the Chapter, not mine. It will be as rich as your contributions, so please take time to contribute fre-

The chapter is still in need for a new Young Eagle Coordinator.

Young Eagles

No activity to report. Still need a chapter Young Eagle Coordinator.

Ray Scholar

I am pleased to announce that on 3/3/2021, I learned that our chapter has once again been awarded the opportunity to offer an individual the EAA Ray Scholarship. This will be our third year that we have been selected. As you know, we have had two scholars already, since the program started in 2019. The first scholar, Shyla Williams obtained her private pilot certificate in 2019 and then Brandon Slater obtained his last year in 2020.

After discussing with Henry, and after he then

discussed with a majority of the Board Members, we have decided on our 2021 Ray Scholar candidate. In the past we have gone through a committee and a candidate application process. Due to a number of reasons, we have decided to forgo that process this year and thus this selection was made differently. We have selected Gavin Burn. Some of you may remember Gavin. He and his parents attended our last chapter meeting in 2020. Gavin was awarded a \$2000 dollar scholarship in 2020 by our local OPA chapter. He had been taking flight training from Tom Wrolstad and Wayne Schoor at Lenhardt's. Along with that OPA scholarship and needed additional funding from his parents, Gavin was close to soloing. This scholarship will help him complete the training that he has already started. In discussions that I have had with Tom, Tom has spoken very highly of Gavin, his piloting skills, and his motivation and commitment toward his flight training. I am confident that Gavin will be our third successful scholar in as many years.

Many of our chapter members have been extremely supportive of our Ray Scholar candidates, offering their personal time and expertise in helping in our scholar success. I am sure that will be no different this year and I am extremely grateful for all of your support. I am also sure that these young adults appreciate it very much too. This program is helping build a new and younger generation of a much needed pilot population. That is evident by our chapter success. I know that many other EAA chapters, 100+ per year are selected to offer this scholarship. They have had similar success so you can see how our younger and new pilot population is growing. I see that as a very good thing for us all.

Please help me in welcoming Gavin to our chapter (when we have meetings again) and congratulating him in receiving this scholarship and our chapter's full support.

Thank you all,

Dan Forney
EAA Chapter 902 Scholarship Coordinator

East Side Builders Group

with Dick Scott

We are always looking for projects to showcase. Have something worth seeing, or maybe just need a hand for the day? Hosting a session can be helpful and informative for both the host and visitors. Everybody makes mistakes and hosts often learn of a mistake they have made while guests learn from the mistakes as well.

Send your ideas for project meetings to Dick Scott at nc37301@gmail.com or call Dick at [503-630-4739](tel:503-630-4739).

Dues Aren't Due

In perhaps one of the few good things to happen because of Covid, the board has decided that we will not be asking for dues this year from our members.

New members will need to sign up but if you were a dues paying member last year, you are good to go. We are all hoping that rules for group get-togethers will loosen up later this year and we can start having meetings again and maybe even a BBQ.

—Take care.
