Chapter 938

News

Upcoming Events:

Wednesday Jan. 1st Chapter 938 New Years Day flyin 10:00 am – 1:00 pm

Minutes from last month:

The Christmas dinner was discussed. The date of Tuesday, Dec 3rd, was received without objections.

The Goshen Ponderosa is currently closed for renovations. A Chinese place in Dunlop was mentioned as a possible venue. It has a more private dining room we could use. At least one person wondered if non-Chinese menu items were available.

Byron said he would see what was available, make a decision, and let everyone know via email.

The Hanger-over party Jan 1st was also discussed. We have no formal meeting scheduled before then. We could use the big hanger as usual, or if Olen's hanger is ready and he is interested we could use his hanger. Most people agreed to serve in the roles they have in the past, but we will pass a signup sheet at the Christmas dinner to confirm. Menu as in the past: Sloppy Joes and Brats supplied by the club, and carry-in desserts and salads.

Jake Logan reported Lowell had inspected their Sonex. Arden Adamson has been trying to assist Lowell with paperwork. Lowell reportedly is not going to do more inspections, at least for the EAA community at large. He may be willing to work with Chapter members with Arden's help.

Carol O'brien reported on CAP activities, and thanked Byron for presenting a training session on Sectional Charts to the cadets. She would be happy if other club members would willing to teach a class on some aspect of aeronautical knowledge.

Somebody mentioned that Channel 28-5 (Over-the-air, South Bend) had aviation shows for several hours on Sunday mornings.

We watched the November EAA chapter video. There was a mention of the Jay scholarships of \$10,000 for flight training for teenagers. Applications are due before January 1st, forms are available on the EAA web site. A chapter can recommend a young person for a scholarship. The members in attendance agreed that the chapter officers could speak for the chapter if someone from the area makes an application.

There are significant flight training discounts available for CAP cadets, up to 30%.

The meeting adjourned at about 3 pm.
