

It's definitely still maintenance season but the weather has finally started turning towards the spring side and the flowers will be appearing soon.

Do you have to upgrade for ADSB mandate ? as I'm writing this you have 284 days left.

Our March meeting is April 7th at Nappanee Airport

**Dues for 2019** - Our dues structure runs from January to December so if you haven't already - it is past time to re-up your chapter membership. See Jerry Hochstetler to pay for your membership for 2019. I know \$12 is a pretty steep price to pay for the many wonderful benefits of being a member.

### Fun Facts:

If you push the stick forward, the houses get bigger, if you pull the stick back they get smaller.  
(Unless you keep pulling the stick back then they get bigger again.)

## Upcoming Events

More to come..... As the weather thaws

## Last Months minutes

Discussed Neil Myers accident on approach at Goshen airport and what possibly might have gone wrong?

John shared how Garrett Eby was at the right place at the right time to fly someone to Mayo Clinic that needed medical attention and how most all the pilots were willing but most peoples aircraft were not equipped or ready to depart on such short notice.

Jake shared that he has finished up the wiring of the Sonex and has a goal of having it at the airport by the end of March so by the time your reading this lets hope Jake is moving his plane to the airport!

If you are currently looking for a project that doesn't require a lot of work to finish and has been built by a great craftsman and builder, here is a Murphy Maverick high wing tail dragger with polished aluminum fuselage and wings. Quality workmanship throughout with the supervision of an EAA technical advisor. Engine has Zero time Jabiru, serial # 22A2996 Moel 2200A, 4 cylinder. A Sensinich wooden prop, polished spinner, fiberglass nose bowl and aluminum cowling from firewall forward also available. The wings have fiberglass wingtips that need to be installed. Must sell due to medical issues. Over \$30,000.00 invested so far and only asking \$20,000.00

CELEBRATING

## Experience Oshkosh

It doesn't matter what you see; you just have to see it for yourself, at EAA AirVenture Oshkosh, The World's Greatest Aviation Celebration®. It's truly aviation's family reunion. July 22-28, 2019

EAA is marking the 50th consecutive year of its annual EAA AirVenture Oshkosh fly-in convention in Oshkosh in 2019 with a full schedule of activities for arriving aviators and residents of EAA's hometown.

The EAA fly-in convention was first held in Milwaukee, Wisconsin, in 1953. In 1959, the event moved to Rockford, Illinois, where it was held annually through 1969 before coming to Oshkosh.
