

This is a great photo taken by member Marvin Miller and it is a great view of the Chicago skyline from clear across the Lake.

Do you have to upgrade for ADSB mandate ? as I'm writing this you have 130 days left.

Our August meeting is Aug 4th 2:00 pm at Nappanee Municipal Airport.

EAA Chapter 938 is the parent chapter for the IMC Club at Goshen
IMC Club meets every 2nd Saturday at 10:00am

Dues for 2019 – We have quite a few members that still owe there membership dues, I will stop emailing you the newsletter to you if you don't get your membership PAID if you still need to pay for this year.

See Jerry Hochstetler to pay for your membership for 2019 if you have not done so yet.

Fun Facts:

It's best to keep the pointed end going forward as much as possible.

Last Months minutes

Civil Air Patrol has moved from Elkhart Airport to Nappanee and will have meetings every Friday night from 6:00 – 9:00 pm. They have also volunteered to help out at the Apple Festival Young Eagles flying event directing traffic and keeping the ground crews going so We want to welcome them to the Nappanee Airport!! Dave and Carol from the CAP were present at the last EAA meeting. Discussed who would be available to fly Young Eagles,

Projects

Byron Smith – Mini Max

Paul Beachy – Falconaire/Jodel

Norm Bontrager – Rans S6

Olen Borkholder – 3D Printed Jet Engine, 2 Flightstars, one might get an electric motor for the powerplant as I have acquired an electric motor now but further testing needs to be done.

Projects

Arden Adamson – Pietenpol Is coming along very nicely and has started assembling the center section of the wing onto the fuselage

Chapter 938

News

Birthdays in September

September 21st Jake Logan

If you are currently looking for a project that doesn't require a lot of work to finish and has been built by a great craftsman and builder, here is a Murphy Maverick high wing tail dragger with polished aluminum fuselage and wings. Quality workmanship throughout with the supervision of an EAA technical advisor. Engine has Zero time Jabiru, serial # 22A2996 Moel 2200A, 4 cylinder. A Sensinich wooden prop, polished spinner, fiberglass nose bowl and aluminum cowling from firewall forward also available. The wings have fiberglass wingtips that need to be installed. Must sell due to medical issues. Over \$30,000.00 invested so far and only asking \$20,000.00 Hangered at the Goshen Airport (KGSH) Call Don for more details. Cell 574-370-2869

Infinity 2 Place Powered Parachute with Rotax 582 – Norm Bontrager
