

CLOUD CHASERS EAA CLOUD CHASERS

Airventure is already upon us, wow the summer is flying by....

Do you have to upgrade for ADSB mandate ? as I'm writing this you have 192 days left.

Our July meeting is **July 7th 2:00 pm** at **Nappanee Municipal Airport.**

Dues for 2019 – We have quite a few members that still owe there membership dues. See Jerry Hochstetler to pay for your membership for 2019 if you have not done so yet.

Fun Facts:

The propeller is just a big fan in the front of the plane to keep the pilot cool. Want proof? Make it stop; then watch the pilot break out into a sweat.

Last Months minutes

We gathered at Don Muhnickel and Jake Logans hangers for a cookout and yes food always brings people together but other then that there was no meeting.

Projects

Lloyd Turner – Sonex, is selling it when complete

Byron Smith – Mini Max

Paul Beachy – Falconaire/Jodel

Jake & Jeff Logan – Sonex, Now officially flying

Norm Bontrager – Rans S6

Olen Borkholder – 3D Printed Jet Engine, 2 Flightstars

Flightstar Spyder has made its maiden flight and is flying, a little overpowered with the 503 but flies good

Projects

Arden Adamson – Pietenpol just finished RH wing now going to start LH Wing

Jake Logan - SONEX The sonex is flying off hours so keep your eyes open as it flies by!

Birthdays in July

July 2nd Keith Miller

July 5th – Beverly Earnhart

July 11th – Don Muhl Sr.

July 25th Phyllis Turner

If you are currently looking for a project that doesn't require a lot of work to finish and has been built by a great craftsman and builder, here is a Murphy Maverick high wing tail dragger with polished aluminum fuselage and wings. Quality workmanship throughout with the supervision of an EAA technical advisor. Engine has Zero time Jabiru, serial # 22A2996 Moel 2200A, 4 cylinder. A Sensinich wooden prop, polished spinner, fiberglass nose bowl and aluminum cowling from firewall forward also available. The wings have fiberglass wingtips that need to be installed. Must sell due to medical issues. Over \$30,000.00 invested so far and only asking \$20,000.00 Hangered at the Goshen Airport (KGSH) Call Don for more details. Cell 574-370-2869

Titan Tornado at Nappanee Airport for \$13,500

Infinity 2 Place Powered Parachute with Rotax 582 – Norm Bontrager

Experience Oshkosh July 22-28, 2019

It doesn't matter what you see; you just have to see it for yourself, at EAA AirVenture Oshkosh, The World's Greatest Aviation Celebration®. It's truly aviation's family reunion. July 22-28, 2019

EAA is marking the 50th consecutive year of its annual EAA convention in Oshkosh in 2019 with a full schedule of activities arriving aviators and residents of EAA's hometown.

The EAA fly-in convention was first held in Milwaukee, Wisconsin, in 1953.

In 1959, the event moved to Rockford, Illinois, where it was held annually through 1969 before coming to Oshkosh.

March 28, 2019 - A roster of the most legendary American military aircraft in history, from iconic World War II airplanes to today's most sophisticated flying machines, will be flying and on display this summer at EAA AirVenture Oshkosh 2019.

EAA's activities are being planned in conjunction with the U.S. Air Force Air Combat Command, EAA Warbirds of America, and individual aircraft owners. The activities will take place throughout the week, with some special programs designated for particular days during AirVenture's seven-day run.

Among the events involving past and present military aircraft are:

Aircraft from the USAF Air Combat Command, including fighters such as the F-15, F-16, F-22, and F-35, as well as the A-10 attack aircraft; The first Oshkosh appearance of the unique XP-82 Twin Mustang, which has been under restoration in Georgia; A salute to World War II ace Bud Anderson, with every flying P-51 in the U.S. invited to Oshkosh to participate; A gathering of U.S. Navy fighter aircraft, including F4U Corsairs, the gullwing fighters that were a key asset in the Pacific Theater; Observance of the 75th anniversary of D-Day, with aircraft that participated in the actual invasion on June 6, 1944, as well as C-47 airplanes that will have just returned from a historic anniversary flight to France; U.S. Air Force Heritage Flights and U.S. Navy Legacy Flights involving historic and modern aircraft in formation, highlighting the legacy and evolution of military aircraft.

CELEBRATING
