The CALF Meeting Minutes

January 5th, 2022: Ted Forman, President and Meeting Note-Taker

The meeting was started at 7:00 pm and ran for about one hour. There were 15 members present. We thanked Betty Eyler for hosting us at the hanger. I also thanked everyone who brought delicious food to the Potluck dinner.

We were delighted to welcome two new PPG club members: **Tod Walchenbach** from Leesburg, VA, and **Scott Hall** from Middletown, MD.

- **Tod** is an independent contractor for home and other kinds of remodeling. He is learning to fly his Blackhawk trike-based PPG with **Scott** and **Matt's** help at **Dennis Young's** Keymar Airport [MD42].
- **Scott** has been flying PPG since its early days in 2000. He was a founding member of the Dukes of Windsoar PPG group, took a break to raise a family and resumed in 2015. He holds level 3 certification through the US PPGA.

Old Business

1. The club is donating \$165 to the Womens Auxiliary of **Betty Eyler's** Church in memory of **Bob Eyler**. The check was given to **Betty** to deliver to the Church. We will miss him.
2. Officer Positions - All officers have agreed to stay on for 2022 with a few caveats. **Michael Bishton** - who wears a number of club hats - would like us to fill the Newsletter Editor role. He will still distribute it, do the Fly-in bulletins, the membership roster and website/Facebook.

New Business

1. Ted Forman said that he had been asked by EAA to share an online Survey about the chapter that will help EAA and CALF know more about its members. It was due by January 15th. **Michael Bishton** sent it out on January 3rd to all members.
2. **Diane Rogers** and **Ted Forman** will be figuring out what tax forms we need to fill out as 501c-7 for 2021

Treasurer's Report

The Club's current Total Checking and Savings Balance remains at \$3,600. We had membership dues come in and the donation go out. There were no transactions over \$300.

Membership Report

It is now 2022. Please note that 2022 Membership Dues are due!

1. New members: 2 new members joined the club at the meeting.
2. We deleted the members who haven't paid since 2018. We are still carrying non-paying people from 2019 and 2020 on the books because people forget to pay, or in case they want to "rejoin." The number of paid up members in 2021 were 40 + 4 honorary. 30 individual and family members have paid their 2022 dues.

Please see the list at the end of this Newsletter to see whether we have received and recorded your payment. To pay, send a \$25 made out to *Capital Area Light Flyers* to:

Diane Rogers – Treasurer
7810 Clark Road # C-96
Jessup, MD 20794-4035

Other Business / Activities

Presentations

Ted Forman held a hand-on demonstration of his new Cordless Milwaukee M12 Rivet Gun compared to a Hand Rivet Gun. The tool was much liked by all who tried it.

The M12 Rivet Gun can be purchased separately for around \$200. A complete kit – that includes a battery, charger, four different size retention nose pieces, and a bag – can be purchased for around \$350. It can pull up to 250 3/16" stainless steel rivets or 450 1/8" steel rivets on one charge with a 1.5ah battery, and reduces muscle effort from a hand tool by 60%. If you are thinking about building an all-aluminum aircraft – like a Sonex or RV, which would you choose to set around 10,000+ rivets?

Flying Section

We had a Brainstorming Session for 2022 Flying events and share a lot of ideas but made no decisions.

1. How do we make Fly-ins better?
 - a. Have spot landing competition
 - b. Camp out with movie and/or fire
 - c. Move Harrison to Spring
 - d. Bring in a food truck and sell food so we don't have to
 - e. More club member attendance
 - f. have morning Fly ins when the weather is most calm
 - g. More volunteers to help set-up, cook, tear down etc

- h. Better Promotion - (Bruce could do more with facebook if he had admin rights)
- i. Keep tables and kitchen stuff in trailer to easily bring to fly-ins
- 2. What do we Add or Delete?
 - a. Co-op with Nova Ultralight Club activity
 - b. Is Fathers Day at Shreveport really a mason dixon Fly in that Calf Attends?
 - c. Is Shoestring Fly in really a Shoestring fly-in that CALF attends/supports?
 - d. Have a Fly in at Roger Knight's
 - e. Have a Poker Run with close fields so PPGs can Participate
 - f. GeoTrack run
 - g. Perhaps we sponsor fewer fly-ins but make them bigger
- 3. How about other types of Flying events, Poker run, fly out, weekend trip
 - a. Precision timed navigation Rally
 - b. PPG Ground handling Skills
- 4. Other Ideas
 - a. Invite Outside resources for training (faa, EAA, etc)
 - b. need a Communication method for Ad Hoc Flying (text, message board, Facebook?)
 - c. Be able to camp at fields for early morning flights

If you were not at the meeting but have some thoughts on this topic, please call **Ted Forman** - 443-821-9192

Next Meeting: February 2nd, 2022

Location for next meeting

Eyler's Field

Near 11429 Alton Road Sharp Road, Frederick, MD 21701
