Pres. Two Cents

The idea about becoming an E.A.A. Ultralight Chapter will be on the agenda for the May meeting. Requirements to be a chapter are --

- All club members must be members of the EAA. Dues to EAA are \$ 35.00 per year that includes the monthly Sport Experimenter Magazine that is geared to light planes and ultralights plus many other benefits too lengthy to mention.
- The cost to our club would be \$ 40.00 yearly which would include a million dollar liability insurance for our club.

Rumor has it there is a new beverage on the market. More details at the May Meeting.

Neat Stuff

During the show and tell portion of the last meeting Jack Lasee presented a new monitoring system. The Engine Information System manufactured by Grand Rapids Tech, Inc. The unit is very lightweight and user programmable to alert/warn based on set limits for tachometer, hour meter, voltmeter, flight timer, aux gauges, engine temp. Sensors purchased separately. Give Jack a call if you have questions or call Grand Rapids Tech, Inc. (616) 531-4893.

Membership

Dues..Dues..Dues.. If you have not yet paid your yearly dues send a check for \$ 5.00 (what a deal) to:

NCWLF
P.O. Box 12
Schofield, WI 54476.

Remember - All club members must sign the Waiver of Liability form.

Club Apparel

The club logo was approved at the last meeting. Hats (white only) are \$ 10.00 and will be available for purchase at the next club meeting. Jackets, Sweatshirts, Polo Shirts, and T-Shirts are available by special order. All apparel is American made. For special orders call Steve Krueger.

FAA

Dan Marlenga says to expect a ruling in June on Fat and Two Seater Ultralights with an announcement at Oshkosh. The latest word at Sun & Fun is you will need to show proficiency and obtain sign off by a USUA AFI to legally fly ultralights now considered illegal (based on weight and speed). Stay tuned for further details
