February 2020 Chapter 75 Meeting Minutes

Saturday, February 15, 2020, NCWLF Meeting at Antigo, Langlade Co. Airport, Walker Aviation

President Steve Krueger called the monthly meeting of NCWLF EAA Chapter 75 into order at 10:35 a.m. with the ringing of the Payzer Bell. It was a cold, windy and snowy morning. Thanks were given to our hosts Josh Walker and John and Barb Szigat. Self introduction of the 23 members present was followed by the reading of the **secretary's report for January** (thanks to Paul Buss), and the **reading of the treasurer's report** by Lyle Banser filling in for Larry Wenning. Both reports accepted as read and approved with no exceptions.

Old Business:

One 2020 calendar left – sold at the meeting. Service award handed out to chapter secretary, who was absent at the January meeting, and also thanks to Amanda Walker for co-hosting our meeting.

New Business:

There will be a Ski/chili/soup fly

Buy Trade Sell

✈️ 1990 Rans S12S 711.6TT Rotax 100HP 743 TT, Conditional Inspection March 2017, Microair 760. Complete rebuild gear box by LEAF March 2017. Wing tip strobes, Nav lights, Intercom, Cabin Heat, New ELT batteries, Extra main wheels with wheel pants. A fun flyer. Great visibility. Asking \$27,000 Ken Whyte 715-891-3912 Ken-fly140@aol.com

in at Pioneer airport along with their winter flight fest at the museum in Oshkosh next weekend.

The WI 27th annual light aviation safety seminar will be March 21st from 9:00 a.m. to 4:00 p.m. at EAA AirVenture Museum "Founders Wing", Oshkosh, WI. Registration is at 8:00 a.m. Lunch will be available. Motion was made and accepted by all that the chapter donate \$200 to the seminar, as we have done in the past.

Our 75 Tool Library with \$10,000 worth of tools is located in **Larry Wenning's hangar** at Merrill Airport. Contact Steve Krueger or Larry Wenning to sign out any available tool. There is also a prop balancer, which works with any type of prop. Use is at no charge, but must be signed out and returned within two weeks.

Discussion:

Steve introduced a discussion of short and soft field take off procedures. Most newer planes have manuals that give VX, best angle of attack and VY,

climb out. Good idea to review **your airplane's capabilities** before Spring soft field flying.

Project Reports:

John Szigat reported that Jim Shnowske had made a suggestion to him about his Dakota **Hawk project at last year's February meeting**. Jim said if John was having trouble with the bearings, to turn them around, and it might fix the problem. John recently took his advice, and it worked.

\$100 Drawing: Names drawn: Brandon Buss, Cory Krasselt, David Edming, Carl Greene II, Gary Schwartz, and Jesus Trevino. And the winner was Lyle Banser! Remember, you must be present to win. Thanks, Bob!

Next Meeting of 75 Chapter: **No formal meeting. We'll be at the March 21st Safety Seminar in Oshkosh.**

April will be at Stevens Point.

Vote to adjourn followed by an excellent lunch provided by our hosts.

MaDonna McMahan, Secretary

✈️ 1990 Kolb Firestar 503 Rotax \$4,500 David Breger 920-410-4671
