862 Airport Road, Hangar 4 Zanesville, OH 43701

**For more information - Darlene Ford – 614-557-1170 or DAFord1957@gmail.com**

## **SAVE THE DATE**

Saturday, May 11, 2024

Gene Sprang, Columbus State Community College

Gene and another Faculty member will be at ZZV for a presentation on Aviation Maintenance careers. They will explain the ways to become an A&P and the CSCC program. This will be an interactive presentation. You will be able to ask questions. They will also have some brochures with them. This will be highly informative, so make sure you put the date on your calendar.

We will be serving lunch before the presentation. We will start serving about 11:30 AM with the presentation starting at 1:00 PM

**Come out and learn about an exciting career that will take you places**

## **AVIATION MAINTENANCE**

Classes in the **Aviation Maintenance Program** are conveniently located at The Southwest Center at Bolton Field. 5355 Alkire Rd, Columbus, OH 43228

The Aviation Maintenance Technology program is regulated by the Federal Aviation Administration (FAA Certificate No. DL9T090R) and meets the requirements of FAA Regulation Part 147. Students successfully completing the appropriate technical studies are qualified to take the exams for the FAA Airframe and Powerplant Certificate rating.

### **Interested in Aviation?**

If you are looking for an exciting career in a growing industry, consider Aviation Maintenance at Columbus State.

### **Aviation Maintenance Technology Associate of Applied Science Degree**

You'll work on the aircraft being used in the industry today to learn the skills needed to be an Aviation Maintenance Technician. Coursework includes electrical, hydraulics, pneumatics, fire detection and protection, aerodynamics, structures, non-destructive testing, reciprocating and turbine engine theory, and practical experiences.

### **Aviation Maintenance Airframe Certificate**

The Airframe Certificate program covers all the essential subject areas necessary for the successful completion of the Federal Aviation Administration (FAA) mechanic certificate with an airframe rating.

### **Aviation Maintenance Powerplant Certificate**

The Powerplant Certificate program covers all the essential subject areas necessary for successful completion of the Federal Aviation Administration (FAA) Powerplant certification process for the mechanic ratings.

**92%** job placement rate

Starting salary is approximately **\$60,000** annually
