AirVenture dates 2025: July 21 – 27

FAA Officials at Oshkosh for Recreational Aviation Summit

April 24, 2025

On Tuesday and Wednesday, EAA welcomed FAA officials to the EAA Aviation Center, where our senior leaders and advocacy team spent two days discussing major issues relating to safety in recreational aviation. During the sessions in the EAA Education Center, a full agenda of topics such as the safety benefits of expanding sport pilot, light-sport aircraft, legacy fleet support, and more were covered.

This annual session, along with AirVenture, gives EAA opportunities for face-to-face interaction with many FAA agencies, outside of ongoing meetings and discussions that occur regularly. This session also gave everyone involved action plans that will receive follow-up during EAA AirVenture Oshkosh 2025. We are appreciative that these FAA officials make the effort to hold this important get-together to advance recreational aviation.

Air Legends Foundation Bringing ‘Flight of the Cats’ to AirVenture 2025

Four legendary fighter aircraft produced by Grumman will be among the highlights of the warbirds gathering and air shows during EAA AirVenture Oshkosh 2025 on July 21-27. The 72nd edition of the annual EAA fly-in convention will be held at Wittman Regional Airport in Oshkosh, Wisconsin.

The Air Legends Foundation will bring the four Grumman aircraft — the F4F-3 Wildcat, F6F Hellcat, F7F Tigercat, and F8F Bearcat — to Oshkosh for AirVenture week. During various times, the airplanes will be parked on Boeing Plaza, showcased in the EAA Warbirds of America area, and flown during the daily afternoon air shows as the “Flight of the Cats.” Exact dates and times of those appearances will be announced as they are finalized.

“This unmatched collection from the Air Legends Foundation matches perfectly with AirVenture’s emphasis on aviation technology during the period extending from World War II to the Korean Conflict,” said Rick Larsen, EAA’s vice president of communities and member programs, who coordinates AirVenture features and attractions. “To have all of them at Oshkosh and in the air at the same time will undoubtedly be one of those ‘Only at Oshkosh’ moments for which AirVenture is famous.”

Each of the Grumman aircraft participating has a unique place in American military aviation history:

- F4F-3 Wildcat – This aircraft entered service in 1940, also known as the Martlet in the Royal Navy. It had an outstanding combination of durability, maneuverability, armament, and range.
- F6F Hellcat – This replaced the Wildcat and was designed to match the Japanese Zero fighter airplanes. It was the U.S. Navy’s dominant carrier-based fighter during the second half of World War II .
- F7F Tigercat – This heavy fighter aircraft was the first twin-engine fighter deployed by the U.S. Navy and served from the end of World War II until 1954.
- F8F Bearcat – Grumman’s last piston-engine fighter aircraft, it was introduced at the end of World War II and served both the U.S. Navy and Marine Corps throughout the middle part of the 20th century.

The “Flight of the Cats” is part of the world’s largest annual gathering of vintage warbird aircraft that takes place during EAA AirVenture Oshkosh.

AirVenture 2025 Mass Arrival Schedule Set

Again in 2025, a number of aircraft type groups will be arriving at EAA AirVenture Oshkosh together, continuing a tradition that has been part of Oshkosh for many years. These arrivals are organized by individual groups in consultation with the FAA and are part of a unique tradition at the World's Greatest Aviation Celebration.

This year, the mass arrival schedule is as follows (all times Central):

Saturday, July 19

- [Mooneys - 10 a.m.](#)
- [Bonanzas - 1 p.m.](#)
- [Cessnas - 5 p.m.](#)

Sunday, July 20

- [Cirrus - 10 a.m.](#)
- [Cherokees - Noon](#)

These mass arrivals take 10-20 minutes each, with other arrivals on hold during those periods. Other aircraft should be aware of these dates and times and plan their Oshkosh arrivals accordingly.

Additional Oshkosh arrival information will be available in the FAA NOTAM for EAA AirVenture Oshkosh, which will be released in May by the FAA.

Board – Steve Koenig

Board – Bruce Atherton

Dear Marysville EAA Chapter 1629 Members,

It is with a heavy heart that I must announce that come November 2025 when Officer elections are normally held, I will not seek re-election as Vice President, Young Eagles Coordinator, and Web Editor of the Marysville EAA Chapter 1629. The reason for this move is because the company that I work for, PSA Airlines as a Flight Safety Analyst, currently headquartered at Dayton International Airport in Dayton, Ohio, has decided to relocate to Charlotte, North Carolina. At the current time PSA Airlines is working to be up and running in January 2026 in Charlotte, North Carolina. Since the start of the

Marysville EAA Chapter 1629 in February 2019 I have had the pleasure of working with the following officers and board of directors:

**President - Dr. Michael Stretanski
Secretary – Darlene Ford
Board of Director Bruce Atherton**

**Treasurer – Mark Wesner
Board of Director Steve Koenig**

I wish them all the best of luck continuing the chapter in the future once I have relocated to Charlotte.

At the current time I will continue as Vice President, Young Eagles Coordinator and Web Editor of the Marysville EAA Chapter 1629 until December 31, 2025.

Should someone be interested in becoming the next Marysville EAA Chapter 1629 Vice President, The Marysville EAA Chapter 1629 Young Eagles Coordinator or the Marysville EAA Chapter 1629 Web Editor please send an email to MarysvilleEAAChapter@gmail.com with your name and the position(s) you are interested in. I will be more than happy to assist in getting the new people up to speed on the responsibilities for the positions and once in Charlotte I am always a phone call away for any questions.

Got an aviation item you want to sell?

Just a note – if you have an airplane or an airplane project that you would like to sell, please send me details and pictures if you have them. I will place them in the newsletter here for those that are interested. There is no cost to advertise tools, planes, parts etc. in the newsletter. We are here to help you sell, give etc. whatever to others that may have a need for it. You never know what you may find for sale or give here. This is a way to help others.

Event Planning

If you are not sure you will have enough members in your Chapter to do an event, think about inviting a nearby Chapter to join in the event. A pancake breakfast, barbecue, field trip, Fly out. Remember, you can do these joint ventures with fellow EAA Chapters. They are a fantastic way to get to know your fellow members in EAA. A fantastic way to make new friends! This is a fantastic way to make an adventure more worthwhile. Just reach out to a nearby Chapter.

CELEBRATE INTERNATIONAL AEROBATICS DAY!

Enjoy the skill, beauty, and excitement of aerobatic flights as it is celebrated around the world and at an airport near you. Come out to the Bellefontaine Regional Airport (KEDJ) on Saturday, June 28, 2025. IAC 34 will host a practice day and lunch for all participants. Not flying? Come on out and observe the flying and have some rib-stickin' BBQ with us!

Check our website for details as they are updated.

Weekend Work Parties

Get an insider's perspective of the World's Greatest Aviation Celebration® while helping it come to life by volunteering at an upcoming Weekend Work Party!

What's a Weekend Work Party?

Good question. It's a two-day volunteer event, where people from all across the country come to Oshkosh, Wisconsin, to help us prepare for EAA AirVenture Oshkosh.

Volunteering at a Weekend Work Party is a simple, fun, and easy way to get involved in the aviation community. You'll spend a weekend day (or two) connecting with people behind the scenes, learning how your skills relate to aviation, and helping the biggest fly-in in the world come to life.

We're looking for volunteers to help with a variety of tasks and projects as we prepare the grounds for EAA AirVenture Oshkosh. Projects can vary but can include grass cutting, tree planting, gardening, building construction/remodeling, fence removal, painting, material

staging and more. The work varies in physical demand, but there are tasks suitable for all abilities.

Volunteer Benefits

- Daily admission exchange ticket for EAA AirVenture Oshkosh (good for any day)
 - A meal and beverages during volunteer shifts
- Water, gloves, tools, and training needed for the assigned duties
 - An experience of a lifetime!

Weekend Work Party Dates:

- May 3-4 May 17-18
- May 31-June 1 June 7-8
 - June 21-22 June 28-29

With the help of the WACO Historical Society (founded in 1978) members and many generous donors and supporters, Historic WACO Field opened in 1997. The field consists of a 77-acre site and features a 2200-foot runway (2000 feet usable) south of Troy, Ohio. Historic WACO Field is maintained by WACO volunteers and is constantly receiving upgrades and improvements, but we are always in need of additional volunteers to assist in the upkeep of the site.

About The Ohio Air & Space Hall of Fame and Learning Center:

The Ohio Air & Space Hall of Fame and Learning Center (OAS) is a 501(c)(3) non-profit organization dedicated to permanently preserving the inspiring legacies of this state's outstanding pioneers of flight, prominently heralding their achievements as a point of pride and to foster continued innovation and a skilled aerospace and technology workforce. OAS will additionally educate the public about the rich history of Ohio's aviation and aerospace industries, and its airports, including that of OAS's future home in the soon-to-be-renovated original Port Columbus Air Terminal, located at John Glenn International Airport (CMH) in Columbus, Ohio.

Making their DAYTON DEBUT is the Third Strike Wingwalking team! In honor of their upcoming performance, we're taking a moment to highlight them.

DID YOU KNOW:

Their wingwalking acts feature a solo routine, the Third Strike Solo, AND Double Barrel dual wingwalking act!

The aircraft that the wingwalkers perform on is a 1942 Boeing Stearman.

Third Strike Wingwalking has been featured on TV stations such as the Discovery Channel and National Geographic.

Third Strike WingWalking is owned by Carol Pilon. She is the first woman, Canadian, and wingwalker to outright own and operate a team in North America.

You don't want to miss the incredible Third Strike Wingwalking demonstration and more on June 21st and 22nd at Dayton International Airport.

If you have pictures of your events and would like to share them, please send them to me along with a write-up! Let others know what you are doing.

[Help! Have You Built or Restored an Aircraft?](#) We need your stories to share with your fellow EAA members in the pages of *EAA Sport Aviation* magazine, even if it's a project that's been completed for a while. Readers consistently rate the "What Our Members Are Building/Restoring" section of the magazine as one of their favorites, so don't miss the chance to show off your handiwork and inspire your peers to start or complete projects of their own. [EAA Seeks Homebuilt Aircraft Council Volunteers.](#) Are you willing to donate your time and talents to advance the homebuilt movement? EAA is seeking two members to serve on the EAA

Homebuilt Aircraft Council for a three-year term. The council meets in person in Oshkosh every November and has monthly teleconferences, and AirVenture Oshkosh attendance is strongly encouraged. EAA's Homebuilt Aircraft Council ensures that the organization continues to focus on vital programs benefiting current and future homebuilders. If you would like to volunteer, please complete the application by May 15, 2025. Plan A Memorable Memorial Day
Honor The Trailblazing WASP

For the eighth year, WAI chapters and members will visit the graves of the pioneering Women Airforce Service Pilots (WASP) and leave an appropriate flower, flag, or note during Memorial Day weekend, May 23-26.

WAI provides a commemorative #HonorTheWASP tag that can be printed and used by everyone to add to each gravesite Memorial Day tribute. This event is a wonderful WAI chapter activity and can involve family members and friends. Post and share photos on social media using the hashtag #HonorTheWASP. For more information and a database of WASP graves at cemeteries across the United States can be found at www.WAI.org/events/wai-honor-the-wasp.
