TO:

PRESIDENTS CORNER

JUNE 1986

For the last couple of years, the Ole South Fly-in has been held in Rome, Ga., after leaving Tullahoma. The boys from Tullahoma, Chattanooga and the Rome area have been working hard, building up the facilities and working toward establishing the Ole South, as one of the major regional fly-in's. Of course, all the labor and a lot of the materials that go into a project like this are contributed by EAA members.

It seems that almost none of the EAA members from the Atlanta metropolitan area have volunteered to help. There are two and one half months until Labor Day and a lot of work needs to be done to get ready for this year's event. It sure would be nice if everyone of our chapter members could spend at least one week-end, and maybe even a couple helping make this event a success.

The pancake breakfast, poker run and hot dog lunch were a rousing success. I don't know whether we made any money or not but it was a lot of fun... and havin' fun is part of what our organization is all about.

We have an interesting program again this month, presented by a representative of the Champion Spark Plug Company. This came about due to Joel Levine talking to these people about some plug problems he was having. We are always on the look out for activities for our monthly meetings, so if anyone has an idea or knows about someone who would make a presentation at one of our meetings, let me know.

See You At The Meeting

JOHN

=====

SECRETARY'S REPORT OF MAY 1986 MEETING

May ninth meeting was called to order late because the Chapter Booth was being assembled by many willing helpers and kibitzers.

The secretary's report of the April meeting was accepted as read.

The treasurer's report shows a balance of \$2,175.72 as of May 9, 1986. A further discussion about shifting the Chapter's checking account to a bank that pays interest was held. Frank will report back in June.

The Dahlenega Fly-away was discussed, a good time was had by all; also see the report by Donna Forbes in the May newsletter.

The suggestion was made to look into another Fly-away, this time to the "JAARS" base at Waxahatchee, N.C. Bob Barton will look into this.

A discussion was held concerning the May 10 fly-in and pancake breakfast. Volunteers for car parking and Aircraft parking were available as the crowd may warrant.

Charles Sego had copies of the Chapter's Member directory (1986) available.

The program was one of the EAA tapes on the welding of steel tubing; torch welding.

Respectfully Submitted

Roy Stoutenburg, Secretary

MAY 10th FLY-IN / PANCAKE BREAKFAST AND POKER RUN

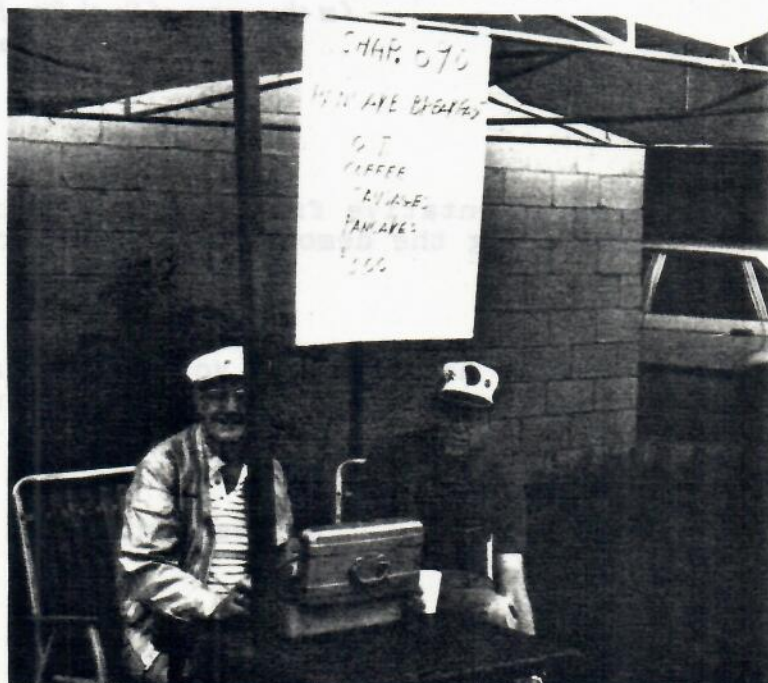

ED BOOTH
"Ace pilot and Aquarian"

KEN SHARPE & JOHN HENDERSON
"Master chefs at work"

DICK STRAND & FRANK WILCOX

WE NOW HAVE 64 active members
in the Chapter. We are one of
the larger and most active
chapters in the state.

"Ole South Needs Us!"
by Mac and Donna

The Ole South Labor Day Fly-in
in Rome was billed as a "new
beginning" last year and many
of us had a great time there.
This year promises to be even
greater--August 28 through
September 1.

Work crews are needed now
to clear land, for carpentry
work and to paint/assemble
picnic tables. It's a
tremendous job that we have
been asked to participate in.

"Work weekends" (Saturday
and Sunday) are planned for
every other weekend starting
June 14. You're invited for
the entire two days each time
or for a few hours on either--
whatever you can afford. There
is plenty of tie down space,
auto parking and the bath
house will hopefully be
available for overnight
camping.

We can be a big part of
helping develop the 44 acres
that has graciously been set
aside at Rome for Sport
Aviation Enthusiasts. Let's
fly/drive over on these "work
weekends" and participate in
the labor and fun!

Driving directions: I-75
north to highway #140
(Adairsville Exit) and left on
#140 for 13.3 miles to Old
Dalton Road. Left on Old
Dalton for three miles to Ole
South Blvd. and turn right
into the Fly-in site.

For further information,
contact Mac or Donna Forbes at
993-3411.
