

EAA Chapter 406 Olympic Rainbirds

7pm **2nd Wednesday** of each month
online (during covid)

looking forward to meeting in person at
KPWT Bremerton when group gatherings resume

new
meeting
day!

**BREMERTON
AVIATION
CENTER FOR
EDUCATION**

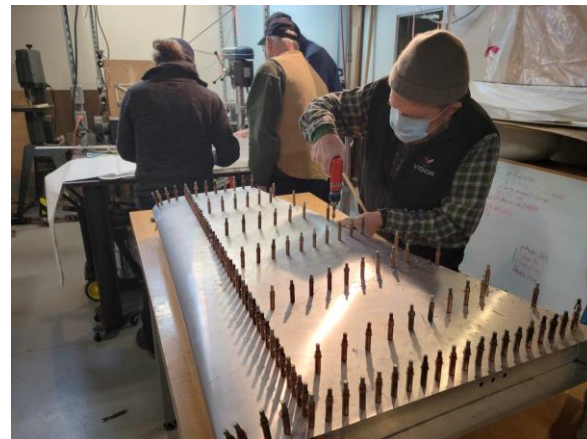

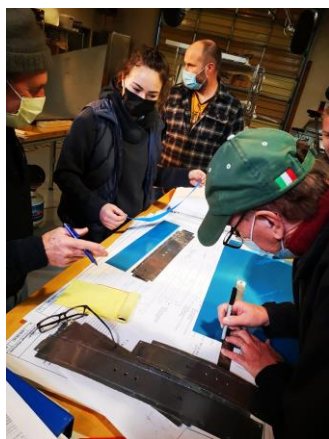

A project of EAA Chapter 406 Olympic Rainbirds

PORT OF
Bremerton
Washington

**Come join us in building a two-seat electric powered all-metal aircraft!
Work sessions every Wednesday evening and Saturday morning**

What help are we looking for?

- Identifying young people interested to learn hands-on aircraft building skills.
- Funding to complete construction of the eXenos by June 2023, and to create a dedicated educational facility at KPWT.
- An instrument panel optimized for electric sport aircraft – a great promotional opportunity for an avionics manufacturer!
