## PRESIDENTS MESSAGE

The FAA is conducting a review of pilot, instructor, school and ground school, certification, rules and is asking for input.

At Oshkosh on Aug 3 & 4th ,a meeting will be held at the new FAA building on EAA convention grounds, to address this review. Meeting times are 7:00 pm to 10:00 pm. If you can, attend and input your views

The Winder air fair on August 13th is 690's next fun event!

The date was chosen because it is Winder's 40th anniversary. There are plans underway to expand the hanger, tie down, and administrative facilities during the next 18 months. The airport has been placed under the jurisdiction of the county and an airport authority has been created to manage and expand the facility.

We have written to 12 chapters in GA, AL, & TN inviting pilots to participate in our EAA flyby(s). If we have good response there will be many EAA aircraft displayed.

We plan to serve 200-250 of our famous pancake & sausage breakfasts, (stay well Ken & John) then sell hotdogs & drinks following.

The fraternal organizations & some merchants are participating along with the guard. With all the advertising & promotion we should have a big turn out. Winder guesses 3000 people.

Bruce Erion will be available to speak at our Christmas party, December 16th.

Chapter member Jim Crunkleton hopes to test fly his Skybolt by Oct. He has run the engine and is finishing up some of the

little detail work prior to putting it all together.

Oshkosh 88 go and return Safely!

Dear Donna,

Our Chapter Administrator, Stephanie Brown, has forwarded your letter and check in the amount of \$180.97 to me for handling. I have shared your letter with Paul and the check has been given to our accounts receivable department.

We sincerely appreciate the \$100 donation which will go towards our EAA Air Academy program. We also appreciate the financial assistance you provided for Paul's hotel accommodations.

Please convey our best wishes to the members of EAA Chapter 690. Paul was very pleased with the outcome of the chapter get together in Atlanta.

Sincerely,

Mr. H. J. Stalcup -  
EAA Chapter 690  
217 Willow Cove Ct  
Lawrenceville, GA 30245

Dear Mr. Stalcup,

Neighbor Day '88 was a total success again this year with over 9,000 persons in attendance. We have received many compliments from the visitors on the variety of quality aviation displays such as yours. The purpose of Neighbor Day was to inform the non aviation public about general aviation, its associated clubs and flying organizations and the airports value to the community. The time and effort to coordinate and display your particular interest is an indication to us that you care about taking an active role in the education process.

All of us associated with the Neighbor Day festivities wish to thank you for your participation and we look forward to seeing you next year.

*ON TO OSHKOSH!*

Sincerely,

*A. J. Mansueti*
