## **PRESIDENT'S MESSAGE**

1989 is rapidly drawing to a close!

It has been a most rewarding year for chapter 690 and, because of member participation, a fun year for your president.

On November 10th we will elect officers for 1990-91. Our nominating committee has put together an impressive list of nominees for office.

Saturday Nov. 11th we will have our annual Dahlonga flyout for lunch at the Smith House. Mac Forbes has made arrangements and put together a flyer. We hope for good weather and a good participation.

Joel, the bulletin board looks great and is just what 690 needed. We will keep it full of information about EAA activities.

Chapter 690 took a large step toward a chapter project in October. It was moved to form a "690 project group" with the intent to build or restore an aircraft. The motion was tabled for a month to allow determination of the form of the group.

Earl Evans has offered the possibility of the group restoring a Cessna 140 and 12 or 13 690 members expressed interest in being involved. This effort will call for dedication of time and funds, but the rewards can be substantial, both in worth of restored aircraft, and building skills achieved. Earl will have a report for the November meeting and we will then vote on the motion.

Roy Stoutenberg has a file of aviation consumer reports which are jam full of aviation and aircraft information. He will bring it to the meetings along with 690's historical album.

Gwinnett has gone to 123.05 frequency which puts 360 channel people such as

Mike North into a "no radio" contact situation. Any one have any suggestions?

Barney Barnes has an idea for our air fair drink boxes, (they need to be higher). We will be working on this and will have it ready for the 1990 air fair.

Don't forget Dec. 8th is the annual 690 Christmas party! This is an important one because the 1990-91 officers will be installed there.

John Henderson donated a video related to the museum. Thanks Chef.

At some of our 1990 meetings we need to run portions of our various videos so we can see what they contain. We have a large "bag" of videos that Frank brings to the meetings, and we need to have some previews.

Harold Stalcup

# THE TIME HAS COME...

FLY-OUT TO DAHLONEGA ("WIMPY")  
NOVEMBER 11, 1989

Fly/drive to Lumpkin County Airport arriving between 10:00 a.m. and 10:30 a.m. -- earlier is okay, of course.

We will depart the airport by bus at 11:00 a.m., going directly to the Smith House for their world famous all-you-can-eat lunch. After lunch, for those still able to move(!), we will have time to look (shop?) around until 2:30 p.m. The bus will pick us up at the Welcome Center on the corner.

## SAFETY NOTE:

Keep in mind that after the Smith House lunch, and possibly "heavy" shopping by some spouses, you'll need to recalculate weight and balance before take-off!
