Lawrenceville GA 30244

PRESIDENTS MESSAGE

The hands on welding instruction was well attended (23) and seemed to be of benefit to all. The torches were "hot" all day and lots of metal was fused together. Late in the day Frank Flessel tried his hand. The result is kind of hard to describe so we will show it to you on the 28th. The weather was great, a big pot of chili disappeared, and everyone learned something about welding. John Popp and Ken Sharpe brought their tanks and gave instruction all day. A special Thank You.

Air Adventure Day, Saturday April 29th. We will set up Friday April 28th and have an informal 690 meeting in the Wilcox hanger at Lenora. Response to our ad is increasing and it appears that our Air Adventure day will be well attended. A few of the parents have asked to participate. Possible future chapter members?

Steve Ashby has agreed to manage the publicity for our June 10th Air Fair. This is going to be our most ambitious activity so we will need to work with Steve to be sure to get maximum exposure and "bring out the crowd".

Some 690 members who went, reported that Sun & Fun again was a great event. Lots of interesting light planes and engines were seen. They will fill us in at our next meeting.

Next major event - Pancake Breakfast on May 13th at Stone Mt. Airport. All you Chiefs, go-fers, staff, etc. mark the date on your calendars. If this is well attended and successful we will consider doing a couple more before winter comes. Duane Huff is the manager for this and will be calling on us for help.

Don't forget set-up for Air Adventure. Also informal chapter meeting.
Time: 8:00pm, Friday April 28th
Place: Frank Wilcox aerodrome at Lenora

Harold Stalcup
