CHAPTER MISSION STATEMENT:

"EAA Chapter 113's major focus is on the relationships with people who have diverse aviation interests, centered around their love of flight, fellowship, learning, and fun."

Chapter members have a passion for flying and are willing to share it with others.

Chapter 113 provides the opportunity for exchange of information, as well as the interaction that leads to friendships that last a lifetime."

BOARD OF DIRECTORS:

"The Board of Directors are to provide both advice and assistance to the chapter officers on an ongoing basis."

PRESIDENT'S *PODIUM*

Dave "Drano" Steiner (734) 645-1150
president@eaa113.org
June 2023

I began writing this from international waters in the Bay of Biscay aboard the cruise ship Le Champlain. Glad to not miss my column deadline even though I'm on the other side of the Atlantic. Hopefully, you had something aviation-related to send to Liz. The photo above is of a mockup of a Fairey III, the first aircraft to traverse the South Atlantic in 1922 from Lisbon to Brazil. Flight time was 62 hours and 26 minutes, but it took them 79 days. They used three different Fairey III planes due to mechanical issues. When visiting Mont-Saint-Michel, off the coast of France in the English Channel, we got "buzzed" by a couple of French Mirages. That was cool. I'm actually going to push the Send button from the Lake District in Ambleside, UK. No British Tornado's spotted whilst walking the beautiful hills here, but we did have to look down to observe a C-130 doing a low pass the length of Lake Windermere. So I'm getting my aviation fix during vacation well enough. Cheers!

Young Eagles Saturday May 13th was AWESOME!

What a great event it was! We had lots of new and returning Young Eagles, aircraft, and ground support. It was great to have the "old hands" there, PLUS some new people and different aircraft that participated in the event for the first time. There were almost more airplanes and pilots than ground support personnel. Many, many thanks to all who helped out. Thanks to Martin for being the official photographer. See pictures and story elsewhere in this edition. We expect to see a number of the Young Eagles and their families at the Pancake Breakfast. I'll be there too, and should be over jet lag by then.

Pancake Breakfast Father's Day June 18th

As you know, this is a maximum effort all-hands-on-deck event to make sure everything goes as smoothly as possible. Jim Brown will again head up the effort, and certainly will appreciate any help you can offer. Jim will find something for you to do if you haven't helped before. Assistance is also needed on Saturday for set up. Jim will be passing around a clipboard at the June 15th *Gathering*, or you can email him at: to sign up or ask any questions you may have. All proceeds go to the EAA 113 Scholarship Fund. This also one of our best ways to reach out to the public and let them know we are giving back to the community, and that the airport and EAA 113 are valuable assets to the community. Tickets are \$8/\$4 adults/kids, on sale at the door only.

Prop Wash Content – Keep that content coming! If I can "file" my column from the Bay of Biscay, you've got no excuse about getting something to Liz by June 1st. A few photos with captions and a short paragraph or two about ***your*** latest aviation adventure are all that we ask. Send to: newsletter@eaa113.org. Please do share your aviation escapades. Pilot or not. The deadline is always the first of the month. Submission format guidelines are in each edition.

EAA 113's BIGGEST EVENT

All Hands On Deck!!

The biggest event of the year for EAA 113 is upon us....

The Annual Father's Day Pancake Breakfast!

Set up will be on Saturday, June 17th from 9-11 a.m.

Breakfast will be on Sunday, June 18th from 7-11 a.m.

(The early shift starts at 5:30!)

We are asking that everyone do your part to volunteer for this big event. This is our chance to showcase aviation to the community and raise funds for our Scholarship Program.

The jobs are many and we have something to fit everyone's abilities! Reach out to Jim Brown, 313-570-6374, to let him know your preferred job or just show up and we will assign a task.

Together, we can make this a successful event!!

ALL POINTS BULLETIN!

Be on the lookout for “run-out”
aircraft engines & engine stands

To be used as a “hands on training aid” for adult and youth aviation education in the Zimmerman Workshop.

Would be great to have both a Rotax and Lycoming (or Continental) A/C engines

Specialty tools for pulling cylinders, adjusting valves etc... would be a real bonus!

Please contact Dan Jones or Dave Steiner – see newsletter cover pg. for contact details

The Zimmerman Shop is in need of 3 bench vices. Please contact Dan Jones or John Maxfield if you have a donation to make.

The EAA113 Workshop is available to EAA members for the construction or refurbishment of their aircraft. Contact Dan Jones or John Maxfield for details to see if your project is a good fit.

Father's Day Pancake Breakfast Help Needed!

Our annual Father's Day Pancake Breakfast is coming up fast. As always, we'll need a strong turnout of volunteers for the June 18th event as well as setup on the day before. Saturday's setup will start at 8 am and on Sunday we start at 6 am so that we are ready to serve pancakes at 7 am. You can sign up for a work assignment at this month's Chapter meeting. If you can't make the meeting, just drop a note to Jim Brown (jb.fly@att.net or 313-570-6374) to let him know how you would like to work and if there is a task that you have always done in the past that are willing to continue doing. We plan for up to 1,000 guests, so we need lots of help. Thanks in advance for pitching in!

Jim Brown: jbfly@att.net or 313-570-6374
