President's Corner - (continued)

- ★ The problem with the main gate appear to be solved. We had an estimate with TEM Systems for repairs but we never got a reply from them on concerning questions. Automatic Access was contacted and they found that the main circuit board was intermittent. Board was replaced and after 2 adjustments it is now working.
- ★ We had our 2nd Fort Pierce FFAST team meeting on Tues 6-14-22 at Aviator College with Rich Lanning presenting the seminar on IFR to VFR to IFR. Very interesting comparison on how VFR pilots perceive IFR radio phraseology. We will have him again, very good presenter.
- ★ This months presentation will be a webinar featuring Sea Plane safety by Sheena Hoover. Raul Salazar is now our lead rep for the FFAST team seminars. Raul and myself will be your contacts.
The next Ft Pierce FFAST team meeting July 19, 2022. 7:00 at :
Aviator College of Aeronautical Science & Technology
3800 St. Lucie Blvd.
Ft. Pierce, Fl. 3494
-
- ★ Our guest for this Saturdays meeting (7-16-22) will be Sgt Jeffery Pollock with the FL State Hwy Aviation unit stationed here in FPR. He called out last month so he will try to be with this Saturday.

Many thanks to those that contributed. Anyone with stories, news, trips, aircraft projects, bios of

Ed Fry and I flew to La Belle (X14) for breakfast. The airport has a new terminal building that houses the new restaurant. Short Cakes served us a very good and speedy breakfast.

100LL was \$7.43 !!! They were one of the cheapest around so it was a big surprise.

As we were leaving there was a father and son admiring Eds RV, this led to a conversation about flying and the son has plans to become a pilot. Ed gave him the grand tour of his plane. He was so excited and thankful, makes for a good day.

Around the Patch (Mike Ketchpaw)

Board of Directors Meetings: The Chapter's BOD meets on the first Tuesday of each month at 7:00 pm at the clubhouse, unless otherwise noted. **Next BOD meeting will be announced** **The use of the Chapter Hangar:** The procedure for scheduling use of the Chapter's hangar will be to call Mike Ketchpaw at (772) 770-9928 or 772-766-6957 in order to maintain coordinated use of the hangar. No other method is authorized.

Oshkosh is coming up. July 25th thru 31st.

Need 2 helps;

#1 Positively identify this strut. may be for a Piper Colt or Trip acer.

#2 Help to restore so we may sell it.
